

SAME OLD PROBLEMS BEFORE CITY COUNCIL

Question of Paving the Wharf Debated and Deferred
—Committee on Pleasant Heights Railway
Extension Reports Encouragingly.

MANY STREET IMPROVEMENTS ARE ORDERED.

The city council was in session last evening, and although every member present wanted to finish the business before the body in as little time as possible, several subjects of minor importance were sprung, and the session steamed and sweat considerably longer than upon occasions when the weather was more clement.

Under the head of ordinances, that for the improvement of the public wharf was again discussed. Solicitor McGarry, in making his report on the question, stated that he and the city engineer had acted according to the order of council by going to Cleveland where they found in the recorder's office the exact location of the wharf. It extends from the west side of Broadway to the alley west of Thompson's pottery; from the line of lots laid out by Blakely & Smith down to low water mark.

The area of the wharf amounts to several hundred square feet and it being deemed necessary to pave that part which will be in constant use, the engineer made an estimate on 200 square feet, which, if paved, will extend 12 feet past each end of the wharf boat. To pave it with second hand brick would cost \$4,400, and to pave with cobble stone would cost \$5,280.

There being a technical point of law not understood in regard to making the assessment, the question was again turned over to the solicitor with instructions to report definitely and finally on the law pertaining to the case at the next meeting.

Wharfmaster Martindill was present at the meeting and made a few remarks concerning the revenue that is obtainable from the wharf. He said that East Liverpool was the only city between Pittsburgh and Cincinnati that allowed steamers to land at the wharf without paying a weekly sum for the privilege. It is customary to charge than a dollar per week. There were seven boats that land at this wharf at least 40 weeks in a year. If the assessment is made a revenue of \$280 will accrue to the city treasury every year. Council was surprised at the information, but received it with pleasure, and will take steps to have the revenue collected.

In behalf of the committee appointed by council to confer with Superintendent Healy and the Pleasant Heights committee regarding the street railway extension, Mr. McConnell, chairman of the committee, stated that very little of a material nature had been accomplished at the conference. The main point at issue, so far as the railway corporation was concerned, is the \$5,000 bonus offered by a land company for the laying of the line. Mr. Healy was very anxious that the money be assured him. He will have no trouble in getting the amount, it was stated, as it is in waiting for him immediately upon the completion of the line. Mr. McConnell expressed himself as being satisfied with the prospects of the extension being built by the East Liverpool company, and asked that the committee be continued. His request was granted.

At the last meeting of council the engineer was instructed to make an estimate on the cost of moving earth and laying of concrete walls on Trentvale street and Pennsylvania avenue. The cost of work and material for both sections on the former, consisting of 265 feet, would be \$774.02 and the cost for the latter would be \$152.40. Council thought the cost comparatively small, and wanted to make the improvement at once, but the solicitor stated that when work is done that exceeds a cost of \$500 it is necessary to advertise for bids. In accordance with the information a resolution was passed authorizing the clerk to prepare for bids for the construction of the work.

The committee appointed to investigate the claim made by John McBride, of Fourth street, reported that they found the sidewalk in front of his residence in a very poor and dangerous condition. He told the committee that if he was relieved of all assessments on the street work and if council would build him a wall he would lay the sidewalk. It seems he has the up-

per hand of council, as he never signed the petition circulated, and council feels that it will be compelled to do something in the matter. The committee was continued with instructions to negotiate a settlement.

A motion that the residents along the south side of Pleasant street begin at once to lay sidewalks was passed. All people who have been notified to lay new sidewalks and who do not comply with the order within the time prescribed by law will be compelled to allow the city to do the work, and have the cost charged against the property. The great majority of those who have received notification have done the work or commenced it, but there are a

Continued on 8th Page.

A DRUNKEN WATCHMAN

Now Thought to Have Been Responsible For Lisbon Tin Mill Fires.

Lisbon, July 9. — (Special) — The tin mill officials now have a new theory regarding the origin of the first fire at the mill last Saturday evening. They say that the watchman was intoxicated, and while they have no proof that he started the first fire, they are sure he dropped his torch in the grease house and caused the second fire. Had he been sober he would have known that the apparatus for which he was searching was not in the grease house nor in the store room where his torch started another small blaze. This latter fire was seen immediately and was extinguished. The watchman, Dan Griffith, has been discharged.

The material for the repairs in the machine shop, which was burned, have arrived, and the officials are being urged to get the mill in readiness to start as soon as possible. It will resume operations about the middle of next week.

CONCO FERRY CASE

Belief That Efforts to Stop the Steamer Running Will Be Futile.

The case of Watson Johnson against G. B. Goucher and others to restrain the steam ferry Emily from using the wharves at Congo and Wellsville was argued at the county court at New Cumberland, W. Va.

The judge took the case under advisement and will probably render his decision within a week. In case of an adverse decision Wellsville citizens, who subscribed a fund a few weeks ago for the purpose, will assist the owners of the ferry in fighting out the contention in a higher court. Messrs. Goucher, Griffith and Davis' attorneys believe that the Congo citizens' efforts to stop the steam ferry will be futile.

Government inspection of steam boats is made annually. William H. Clark, inspector of hulls, and Charles G. Thomas, inspector of boilers, have returned to Wheeling, after making a careful inspection of the Emily. They found the boat in a highly satisfactory condition.

A. O. U. W. OUTING

Great Crowd Expected at Rock Springs Park a Week From Today.

The annual outing of the Ancient Order of United Workmen, which will be held at Rock Springs park one week from tomorrow, promises to be among the largest picnics at the park this season. While the Pittsburgh organization has booked the date, like organizations from Allegheny, Steubenville, Wheeling, Akron and other labor towns have been asked to attend the outing.

It is expected that not less than 6,000 visitors will be in the city on that date, and the street railway company are making extraordinary arrangements to handle large crowds. The trains will be held until late in the evening, as all those that will attend the outing will be enabled to visit all points of interest about the city.

MAJOR GENERAL G. W. DAVIS.

MAJOR GENERAL JOHN C. BATES.

TWO NEW MAJOR GENERALS IN UNCLE SAM'S ARMY.

Major General Davis is a native of Connecticut and a veteran of the civil and Spanish wars. In 1899-1900 he was governor of Porto Rico. Major General Bates is a Missourian, a civil war veteran, an old Indian fighter, and saw service during the Santiago campaign.

RATIFIED ACTION OF CONFERENCE

Manufacturers' Association at Wellsville Clings Fondly to the Hope That It Will Be Located There.

A HARMONIOUS SESSION

The Agreement Made Between the Employing Potters and the N. B. of O. P. Talked Over And Its Terms Assented To.

A well attended meeting of the Western Manufacturers' association was held yesterday afternoon at the rooms of the Potters' club on Fifth street. The action of the conference committee in bringing about a settlement of the recent labor disputes in the jurisdiction of the association, was ratified. There was a large representation of local manufacturers present, and those from out of town were Mr. Force, of the Summit China company, Akron; Mr. Ingalls, of the Akron pottery; Mr. Mayer, of the Mayer Pottery company, Beaver Falls; Theodore Bradshaw, of the Niles pottery, and Will S. George, of the East Palestine pottery company.

No person was present at the meeting either from Wheeling or Sebring, for owners of potteries at these towns were members of the conference committee, or else attended meetings at which the settlement was discussed. The session was a most harmonious one, and the action of the conference committee is said to be all that was talked over at the meeting.

WIFE HAS LEFT HIM

And Harvey H. McVay, of East Liverpool, Enters Suit For Divorce.

Lisbon, July 9. — (Special) — Harvey H. McVay, of East Liverpool, has entered suit for divorce against Minnie McVay, of Lisbon. They were married in 1891 and have two children. He says that she has been wilfully absent for three years, and claims that in April, 1900, she was guilty of unfaithfulness.

He also claims he is not the father of her 18-months-old child, and asks for the custody of the other two children.

Appealed to Common Pleas.

Lisbon, July 9. — (Special) — Joseph Campbell sued John McGarvey in the court of Justice Daniel McIntosh, of Yellow Creek township, and recovered judgment for \$25 claimed to be due in payment for household property. McGarvey has appealed the case to common pleas court.

CINCINNATI-PITTSBURG TROLLEY LINE PROJECTED

A dispatch from Huntington, W. Va., imparts the information that an electric railway system is soon to be built along the Ohio river from Pittsburgh to Cincinnati. John Graham and Edmund McCadish, of Newville, Pa., and William North and John J. Henry, of Philadelphia, form a syndicate that has purchased the railway lines of the Camden Interstate railway, which extend from Huntington to Ironton. The consideration was \$2,000,000.

UNCLE SAM'S MEN SURVEY FOR DAM

Wellsville Clings Fondly to the Hope That It Will Be Located There.

NO INFORMATION IS GIVEN

Survey Made of Various Points in the Vicinity For the Location of the Great Work—Work Will Not Start Till Fall.

Four civil engineers in the employ of the government have concluded their labors after a four days' sojourn in Wellsville and vicinity and taken their departure. It is understood that they were obtaining data for the purpose of establishing the location of the dam that is to be constructed as provided for in an appropriation by the last congress.

Lines were made and stakes driven at Walker, Wellsville and at Baker's island, just below Wellsville. The line in Wellsville is just above the steamer landing, a few yards below Third street and on the West Virginia shore the stakes are almost at the Congo landing.

Captain James H. Brandon believes that the dam will be constructed at the latter point or at Baker's island. The surveyors refused to say much about their work. To an inquisitive talker they said that they were taking measurements for a company that proposed to build a bridge between Wellsville and Congo, but they were obliged to make frequent use of the ferry and told Captain Brandon that they were in the employ of the government and were taking measurements from which information the location of the dam will be decided.

Efforts have already been made by local citizens to have Congressmen Taylor and Gill and also the two senators to use their influence in getting the dam at Wellsville or Baker's island. There is scarcely any fall in the river between Wellsville and the head of Babb's island. Should the dam be constructed at Walker Wellsville would be left out of the navigable stage for packets during the low water.

Wellsville merchants also felt that it will be more to their profit if the large amount of money required for the building of the dam is disbursed at that point. Work on the improvement will probably not begin before September.

Probate Matters.

Lisbon, July 9. — (Special) — The will of Jacob J. Kountz, late of

Liverpool township, has been presented for probate.

Paul Chaffer, of Salem, has resigned from the administration of Jacob Hiltbrand, late of Perry township, and J. D. D. Huxley, of Salem, has been appointed to fill the place. He furnished his bond for \$9,000.

A HOODOOED TRAIN

The Same One Wrecked Here Sunday Figures in Another Accident.

The same drag No. 99 that had the big wreck in this city Sunday morning was pulling through Smith's Ferry last night about 2 o'clock when two of the cars in the middle of the train left the track caused by a piece of scrap being wedged in a frog of the switch near the bridge below the depot. Fortunately the train was not running rapidly and the cars were not mashed badly. The services of the Wellsville wreck train were required, however, and in the course of two hours the tracks were again clear and the cars again placed on the tracks.

No. 301 passenger train due here at 12:30 this morning was delayed over two hours by the accident, and did not arrive until about 3 o'clock this morning.

Engineer Thomas Croft and Conductor Willis Jordan had charge of the train. This crew are of the opinion that they have a hoodoo on them from such bad luck following in such close proximity. Conductor Jordan has just but lately assumed the conductorship on the drag, having been employed on one of the shifting crews in this city.

The damage resulting from the wreck last night will not be great.

THE SMALLPOX PATIENT

Still Reported Doing Well—Pest House to Be Placed in the Woods.

Guard McGraw, of the smallpox force, reports everything quiet on Mill run. Fitzpatrick is getting along all right, and no new cases are reported. A pest house is being erected on the Gardner place up Middle run.

Dr. F. P. Beaumont, of New Cumberland, and Dr. Lewis were in the smallpox district this morning inspecting the new shanty erected to which Fitzpatrick will soon be removed. It is in an isolated spot in the woods on the hill.

The widow Hart family will also be removed from its present quarters in the dwelling wherein Fitzpatrick was located on Middle run. Drs. Beaumont and Lewis did not find any new cases in their visit this morning to the infected district. The house occupied by Fitzpatrick and Mrs. Hart will be fumigated.

OVER A STEEP BANK

Went Horse And Grocery Wagon, But Driver Was Saved By Jumping.

A delivery wagon owned by Grocer Frank M. Foutts while being turned around on Cadmus street yesterday, opposite the residence of Charles Trainer, upset and fell over a steep embankment. The street is rather narrow at this point, and the driver, a young man named Williams, was compelled to make a short turn. This caused the vehicle to upset.

Williams jumped from the wagon as it started over the hill and escaped serious injury. The horse escaped in jury, and the wagon was but slightly damaged.

ARNSTEIN GOES WEST

Well Known Turner Instructor Will Return to His Old Home in Wisconsin.

Herbert Arnstein, who has been employed as Turner teacher at the Turner hall, has resigned his position and left for his home in Milwaukee. After remaining there for several weeks visiting relatives he will go to Oshkosh, Wis., where he will remain for several weeks for the benefit of his health. He has several flattering offers to take charge of gymnastic classes, but has not yet decided where he will locate. It was largely to his efforts that the recent turnfest held in this city was the success that it was.

Has a Freak Pig.

John Kountz, of the West End, is exhibiting with much pride a small pig which has 21 toes all told, and the freak is attracting unusual attention down in that section of the city, as the animal is quite a curiosity.

Licensed to Wed.

Lisbon, July 9. — (Special) — William E. Jackson and Minnie M. Beatty, East Liverpool, have been licensed to marry.

WORK BEGUN ON NEW BILL

Governor and Advisers Trying to Fix Municipal Code Law.

SENATOR HARDING A KICKER

Does Not Seem Grateful For Executive's Aid to the Legislators.

GOSSIP OF OHIO'S CAPITAL

Columbus, July 9. — (Special) — Word comes from Put-in-Bay that the governor and his advisers have begun work on the new municipal code bill. Over the same wire and at the same time almost comes word from Senator Harding, of Marion, that there has been enough "cutting and drying" in the legislature for some time, and decidedly discouraging the plan of fixing up something for the regularly elected lawmakers to do without consulting them in the matter.

The governor has already signified his intention of proposing something in the way of a compromise code bill. He will ask the extremists on all sides to yield to a compromise. A little will be given to one party and so much to another, and so on, until he will have satisfied all if it is possible to accomplish this result. Some of the best students of municipal government in the state are at Put-in-Bay and they are all bending every effort to provide Ohio cities with a government which will serve as a model to the cities of other states.

All the offices at the state building were closed yesterday in memoriam to the late Chief Justice Williams, whose funeral took place during the forenoon. A fitting memorial was prepared and adopted by the state officials before they repaired to the Williams residence on East Broad street. The members of the court accompanied the remains to Washington Court House, where they were buried. Rev. Dr. S. S. Palmer conducted the funeral ceremony. The local judges, members of the local bar and many other prominent attorneys and jurists over the state were present at the funeral services.

An ice famine seems to be threatened in Columbus. This fear is not due to any lack in the supply of this cooling commodity, but the trust and the independent companies are unable to secure help enough to supply the constantly increasing demand. On Tuesday, furniture vans, scavengers and express wagons could have been seen in the streets loaded with ice for the supply of the regular delivery wagons. Men as well as teams are hard to press into the service. Several new traction lines are just building into the city and these have "gobbled up" all the men and horses available at this time of the year. In addition to all this Director Philbrick, of the department of public safety, has asked for 25 more regular patrolmen. This, however, has very little influence upon labor interests, as there is no disposition upon the part of the city council to furnish the money with which to pay the extra men.

The clerk of the courts of Franklin county filed his annual report with the secretary of state yesterday. He showed that 935 cases of divorce have been before the court during the last year.

Although the official United States weather observatory thermometer registered only 99 in the shade Monday and Tuesday, there have been a number of heat prostrations. Several of these were at the penitentiary, some on the streets and not a few in the houses.

REDUCED IN VALUE

Is Columbiana County's Share of the C. & P. Property Appraisement.

Lisbon, July 9. — (Special) — At the meeting of the county auditors at Cleveland yesterday the valuation of the rolling stock of the C. & P. was reapportioned among the counties through which the road passes.

The new apportionment gives Columbiana county about \$80,000 less than formerly.

150 MILLIONS + !

The Glorious Fourth has passed. Every good American had a license to toot his horn and shoot off fire-crackers by the bunch. He celebrated the anniversary of American independence, the beginning of American freedom and American progress. From a colony under Great Britain in 1776, these United States have grown to be a Great Power, honored and respected by the nations of the earth, foremost among them all.

The New-York Life Is celebrating a momentous event, the 10th anniversary of the Declaration of Independence in life insurance—the NEW-YORK LIFE'S ACCUMULATION POLICY, the beginning of freedom from restrictions in policy contracts and of progress along all insurance lines, coupled with up-to-date methods.

From a comparatively small Company the NEW-YORK LIFE, under President McCall, has grown to be THE power in the world of insurance, honored and respected by competitors at home and abroad—foremost among them all.

That's a great thing to celebrate. But here's ANOTHER:—

EAST END

THE NEW PASTOR DULY INSTALLED

Impressive Services at the Second U. P. Church in the East End.

SOME ELOQUENT SERMONS

Given By Visiting Clergymen—A Happy Occasion for All Present—Outlook for the Future Regarded as Most Promising.

Rev. D. W. McQuiston has at last been installed as pastor of the Second U. P. church in St. George street, East End. This was done last evening, and the announcement that such a service would be held was the signal for fully 250 persons to assemble at the little church.

The service was most interesting, and quite a number of ministers from out of town were present. It was the intention of hold a business meeting of the presbytery yesterday afternoon, but this was deferred, and no pastor, of the work that was dependent. Promptly at 8 o'clock the service was commenced, with the usual devotional exercises. These were followed by the installation sermon, which was preached by Rev. Bruce Gillis, of the Chester U. P. church. Next came an address to the pastor by Rev. W. B. Campbell, of Calcutta U. P. church. In

this address the speaker charged the pastor, of the work that was dependent upon him and told of the vast amount of good that was to be accomplished by a hard working minister. The address to the congregation was by Rev. Clark, of Jefferson, O. He asked that the people of the church in accepting Rev. Mr. McQuiston as their pastor extend to him all the help that was possible, for without the help of the members of the church a pastor could not do good work. Pastor and people should work together and when this is done a church thrives, and its membership increases. This address was one of the most interesting of the evening. The service was then closed with prayer by Rev. Dr. Taggart, pastor of the First U. P. church of this city.

At the close of the service there was a general good time, in which pastor and people became better acquainted. The service was one that will be long remembered by the members of this church, for it was the first of the kind that has been held in the new church, and the first that was held for over seven years.

In taking active charge of this church Rev. Mr. McQuiston has the best wishes of the church people of the East End. The new pastor is a young man, and appears to have an unusually bright future in his work here.

GHOSTS AGAIN

Strike Terror to the Hearts of an East End Italian Merchant And His Father.

Again ghosts appeared at the fruit store of Frank Bonoti, in the East End last evening. These supposed creatures appeared in the mind's eye of the Italian about midnight last night, and both son and father became so frightened that they refused to remain in the store until morning. Both men have been badly frightened by having these pranks played upon them.

The Italians have been advised to shoot when they are again frightened in this manner, and it would not be surprising to see some one hurt.

MUST NOT REMOVE COATS

An Order That Seems Severe to the Employees of the Street Railway.

It seems that it is the desire of the management of the East Liverpool railway company to have employees

wilt during the warm weather. An order has been issued by the management prohibiting them from taking off their coats during the heated part of the day. Last summer the men had a little comfort while operating the company's cars, but not so this year. There was a time when the motormen were allowed to work with coats off, but probably in the eyes of some, the motormen do not look nice with their coats off. On the Rock Springs road the management permits all employees to be as comfortable as possible.

It is also said that an order has been issued to keep the front door closed on the small green cars, in order that they may be kept warmer. A protest will probably be made to the company about the orders.

Seriously Disarranged Things.

The gas explosion at the power house Monday evening caused a loss of about \$100, and it will be several days before the boiler is repaired. The explosion knocked the back wall out of the boiler and disarranged the gas connections in the front of the boiler, so much that all will have to be replaced. The explosion also disabled the water connections in the adjoining boiler, and this one will not be able to be fired for some time. Workmen are now engaged in making the necessary repairs to all the boilers.

Pewter Dimes Again.

Lead money has made its appearance in the East End again. Most of the would-be coins that have so far appeared are dimes bearing the date of 1891, and are quite hard to detect. It is believed that the money was left in the East End by the band of gypsies that recently went into camp up Dry Run, and who remained there for about a week. The street railway conductors have been heavy losers by having these coins passed on them.

Campers Enjoying Life.

J. McKinnon, of the East End, yesterday received a letter from his son, Nathaniel, who is with the Gilt Edge Camping club, located at Port Huron, Mich. The camp is located near the mouth of the St. Clair river. The letter states that all the members of the club are in the best of health, and that some of the boys have made several pleasure trips to Canada.

Garbage Wagon Busy.

The residents of the East End were agreeably surprised this morning to find the garbage wagon making col-

lections that have been deferred for several weeks. The wagon had not gone over two squares when it was loaded full, all of which proves that if the wagon made regular trips to this part of the city, it would be a paying investment.

Thieves Again Active.

Thieves have again caused no end of trouble to the East End shippers. Alex Chafin last evening had several dozen of lemons stolen from a crate that was placed in the so-called freight station by the local crew. Thefts of this sort are most frequent, and it is held that the railroad company should take some precautions to protect its patrons.

Special Services.

The regular communion service will be observed at the Second U. P. church next Sunday morning. There will be services at this church for three nights, commencing this evening, and these meetings will be in charge of Rev. Mr. Dean, of Salineville. He will also remain in the city until next Monday morning.

Pastor's Family Coming.

Rev. D. W. McQuiston will leave Monday morning for Monmouth, Ill., where he will meet his family who are now on their way from Iowa. The family will arrive in the East End later in the week, and will go direct to their new home on St. George street.

Injuries Not Serious.

Newton McAmeer, night fireman at the power house, who was burned by an explosion Monday evening, is able to be out, and his injuries are not so great as at first thought. It will be several weeks before he will be able to resume his employment.

EAST END AFFAIRS.

Frank D. White has returned from a business trip to Sharon, Pa.

A little daughter of J. F. Moates, of Erie street, who has been suffering from gastric fever for several weeks, is improving.

Peter Bell, who has been suffering with an abscess under his right arm, for the past five weeks, is recovering, and will resume his work within a few days.

Men's \$3.00 Tan Shoes at \$1.80; \$4.00 ones for \$2.00. Coolest for the feet; best to wear.

1614

RACES AT SALEM

Summary of Results on the Opening Day—A Good Attendance.

Salem, July 9.—The opening day of the Salem Driving Park association races witnessed a good attendance and six and seven starters respectively for the two races run, the third, a 2:35 pace, purse \$50, being postponed. Summary:

2:35 trot, purse \$250—Josh Billings, F. C. Gaston, Jackson, Tenn., won the third, fourth and fifth heats; Forward Chimes, C. Mertes, Ravenna, the first and second.

Best time, 2:29 1/4, by Josh Billings in third and Forward Chimes in first. Paul Kruger, Sonola, Estella Keys and Nellie Vincent also started.

2:19 pace, purse \$300—George Burton Ed Galvin, Youngstown, won first, fourth and fifth heats. The Serf, Fred Coburn, Rockport, O., second and third.

Best time, 2:19 1/4, by George Burton in first, Serf in second.

Other starters: Rena, Young, Executive; White Wings, Gilbert, Cleveland, Harry, Laird, Mansfield, and Dr. Hawker, Goeshell, East Liverpool.

AZELDA

Azelda, July 9.—Mr. and Mrs. Allen Willis, of Minerva, visited Elmer Willis and family four days of last week.

Mr. and Mrs. James Hall, of Salem, spent Sunday with Mrs. Hall's sister, Mrs. R. C. Wilson.

Mr. and Mrs. Lewis Bardo have returned to their home near Salem.

Mr. and Mrs. Ed Thomas, of Mt. Zion, visited the family of R. B. Tullis, recently.

Mrs. William Crawford is slightly improved at this writing.

Miss Bessie Hall has returned to her home in Salem after spending four weeks with her cousin, Bessie Wilson.

Boyd Kellogg and family, of East Carmel, entertained a number of people at Elmer Willis' Saturday night, with their graphophone.

Mrs. Mary Stanley, of Salem, visited her many friends here last week.

Mrs. Whipple, of Utah, visited the family of L. Cope, Friday.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. made me a perfectly well woman." Mrs. Charles Hutton, Burville, Mich.

TWO STATE SENATORS
ENDORSE PE-RU-NA.

HON. J. H. SAUER.

Hon. J. H. Sauer, State Senator from Douglas Co., to the Nebraska Legislature, writes from Frank's Hotel, Omaha, Neb., as follows:

"Having tried Peruna I can commend it to all as a great tonic and particularly good as a remedy for catarrh."

—J. H. SAUER.

Honorable Patrick Kennedy, Member of the Massachusetts Legislature, writes the following letter from the House of Representatives, Boston.

Dear Sir:—"I have no hesitation in saying that after having tried dozens of other remedies without relief, I owe my perfect health and clear voice of today to Peruna. I know it to be a cure for indigestion and its attendant affliction, nervous debility. For the six weeks that I was on the platform through the recent campaign I used Peruna regularly, and although I spoke two and three times each day my voice never failed me. I know that Peruna is a reliable cure for bronchial troubles."

—P. J. Kennedy.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

ELUDE THE VIGILANT PRESS.

Army and Navy Will Attempt to Do This, in the Coming Manoeuvres.

Washington, July 9.—Up to this time the war and navy department officials have considered but two factors in the coming joint army and navy manoeuvres on the Atlantic coast in September—the invading and retreating forces. Now, according to the plans of Secretary of the Navy Moody, there is to be a third factor—the press of the United States. The object of the manoeuvres is to simulate as closely as possible conditions of actual warfare, and the secretary believes that as the press plays such an important part in real war it should be seriously considered in connection with the coming manoeuvres.

Therefore he contemplates throwing the press correspondents of the country upon their own resources, meanwhile having both invaders and defenders regard the newsmen as a common "enemy" and endeavoring to mask the movements of their forces as much as possible from the public. It is not believed that under Secretary Moody's plan there will be anything to prevent news organizations from chartering vessels of their own and keeping up with the fleets at sea the best they may, for this was done in the late Spanish-American war. In the late war the great press organizations also had correspondents aboard the flagships of the fleet.

Secretary Moody points out that his plan will be valuable in bringing to light news "leaks," for which officers who are found responsible will be reprimanded, and in proving by practical test how thoroughly the forces can elude the vigilant correspondent, and guard against the escape of information which it might not be desirable to have spread abroad in time of actual warfare.

HOPE TO SETTLE STRIKE.

Conferences Were to Be Held in Chicago Today.

Chicago, July 9.—Through the efforts of Chairman Job, of the State Arbitration committee, a series of meetings had been arranged for 11 o'clock this morning, between the general managers of each of the roads and committees of five men each from the same lines.

Chairman Job said last night that he thought he had inserted the entering wedge for the settlement of the strike.

"The men have all along insisted," he said, "that they would not meet the managers unless they were received as members of the union. The managers have said they would confer with the men at any time, provided they came as employees of the road, with a grievance to be adjusted. Of course, I cannot tell what will come from the meetings, but the differences in the demands of the men and the concessions of the roads are so slight, that recognition of the union is practically the only point at issue. The men show a disposition to be less stiff in this respect, and I hope we have entered on the beginning of the end."

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

WORKERS FOR CHRIST.

Pennsylvania Christian Endeavor Convention Opened, at Pittsburg.

ORGANIZATION HAS PROSPERED.

About 500 New Societies Organized

Last Year—Lebanon and Allentown

After Next Convention—National

Field Secretary Eberman Present.

Pittsburg, July 9.—The first session of the Pennsylvania Christian Endeavor convention was held last night in the big auditorium tent that has been erected just back of the Bellefield school house, off Fifth avenue, on the Schenley farm.

Delegates arrived in the city in large numbers all day yesterday, and by evening the registration bureau, in the Bellefield Presbyterian church, showed the names of upward of 2,000 visitors, a delegation of about 400 coming from Philadelphia.

At noon today the leaders of the Endeavorer movement were to hold brief religious services at many of the mills and factories in this city. Meetings were to be held at the principal public places in Pittsburg and Allegheny.

The executive committee meeting yesterday was presided over by Rev. W. N. Yates, state president. The place for the next convention was discussed, Lebanon and Allentown bidding for it. L. C. Bean presented the claims of Lebanon, and Rev. Mr. Newcomer and Rev. Mr. Rohrbach told of the merits of Allentown.

State Secretary Harry W. Keller of Wilkesburg, succeeded in having a special committee named to consider lessening the work of his office.

About 500 new societies were organized last year.

May Amend Constitution.

Two amendments to the constitution were referred to a committee, which will report this afternoon. One relates to filling vacancies in the executive committee and the other with regard to holding the biennial state gathering in the years alternating with the national convention.

At 4 o'clock yesterday afternoon a prayer service was conducted in the Bellefield church by Rev. Dr. Henry T. McClelland, of this city.

The public meeting last night was presided over by State President Yates, and an interesting program, consisting of singing and brief speeches, was carried out. The song service was under the direction of Percy Foster, of Washington, and the devotional exercises were conducted by Rev. L. C. Barnes, of this city. The address of welcome was delivered by Rev. John Weidley, of this city.

The response was made by Rev. W. W. Williamson, of Altoona.

State Secretary Harry Keller's report showed that Endeavor has passed the critical stage in Pennsylvania, and its permanency is now assured. "Pastors," the secretary said, are now no longer opposed to it; all favor it. It has been well tried in all the churches and its success has been phenomenal.

The report showed an enrollment for the state of 4,605 societies, with a membership of 265,277. Allegheny county has 372 societies. There are 23 denominations represented in the Pennsylvania union. The contributions to benevolence for the year were upward of \$75,000.

Other addresses were delivered by Rev. J. H. Bomberger, of Cleveland, O., on "The Kingdom and This Convention," and by Rev. William N. Yates, of Philadelphia, on "The Kingdom and My Heart."

Welcome of Visitors.

Following the meeting there were denominational welcomes, held in the Bellefield church, First United Presbyterian and Oakland Methodist Episcopal churches.

Among the Endeavorers from outside of Pennsylvania are Clarence E. Eberman, of Boston, national field secretary, and H. Michalligan, of Boernemouth, England.

TRACY AGAIN ESCAPED.

Tied Anderson to Tree—Posse In Hot Pursuit.

Seattle, Wash., July 9.—Harry Tracy, the fugitive Oregon convict, who has killed six men and wounded several others since June 9, was being hotly pursued by men and dogs in the country southeast of Seattle, and the probability last night was that he would be surrounded or captured within a few hours. His pursuers, who had with them two fine bloodhounds, were only a short distance behind him.

Word was received at the sheriff's office that Tracy had been at the house of a Mrs. Gerald, near Renton, for five hours, yesterday afternoon. Fifty armed men at once hastened to the scene. On the arrival of Sheriff Cuddehe the posse closed in on the house, only to learn from Mrs. Gerald that Tracy had given them the slip. In the back yard of the Gerald home Anderson, the man whom Tracy had kept a prisoner from the time he left Port Madison, was found, tied to a tree. Tracy had tied Anderson while the posse was in full view of the case.

NEW BRAKE ON CARS

More of the Rock Springs Cars to Be Equipped With New Safety Device.

Horace S. Hart, an agent of the Standard Air Brake company, of Pittsburg, has been in the city for a few days superintending the applying of the brake to two cars now operating on the Rock Springs street railway. The company will soon equip six more cars with the appliance, and by spring the entire street railway lines of the city will have added this equipment.

The brake is an electro-magnetic one, and is operated from the motors. It applies whether the trolley is on or off, and is entirely independent of the line. It also works perfectly on a bad rail, and is not affected by ice and snow.

The brake is applied to the rail under a pressure of 2,000 pounds, and readily cuts the ice and snow, making a perfect and clean track for its operation. The brake is also operated by the same hand used in throwing on the power, giving the motorman still a free hand for other duties. A car by this appliance can be stopped within 35 feet, and cars weighing 42,000 pounds, having four motors, have been stopped within 70 feet.

Three hundred of the equipments are now in use on Pittsburg traction lines, and one has recently been adopted for trial on the Steubenville lines, for use on the steep Mingo divisions.

The brake appears being generally adopted by all traction companies throughout the country, as the sales last month amounted to 450 equipments.

A WORSE YEAR ONCE

Old Resident of Ravenna Recalls the Memorable Year 1816.

Ravenna, July 9.—William A. Holcomb, Ravenna's oldest resident, aged ninety-eight years, says that June in 1816 was a colder month than June of this year. That year there was frost every month of the year, and corn did not ripen in Massachusetts, where he then lived.

Meat was scarce, and only one farmer in the county had a fat hog for sale. This man had carried over some corn and managed to fatten one hog, which he sold for \$60. Everybody in those parts lived on codfish.

COUNTY AND NEIGHBORHOOD

Warren is raising \$30,000 for a Y. M. C. A. building.

Youngstown wants the next grand encampment of Odd Fellows.

Joseph Pitsch, aged 18, was instantly killed in the mines at Bridgeport, O., by a fall of slate.

Lightning struck and burned Charles Hartzell's barn, near Berlin Center, and killed six cows.

Joshua Whitacre's family driving horse was kicked to death by another horse at their farm north of Lisbon.

Robert McEldowney, who left his family at Salem several months ago, came back the other day and was arrested for non-support of his children.

M. E. Burris, a former resident of Jefferson county, and a son of the late Charles and Charity Burris, of Smithfield, was killed by a bolt of lightning at his home in Montana.

The big family driving horse belonging to J. A. Smith, of Lisbon, had the drums of his ears so injured by the shooting of firecrackers on the Fourth that he is almost entirely deaf.

The Steubenville Retail Grocers' association will hold its annual picnic at Stanton park on Wednesday, August 6. Grocers from East Liverpool, Wellsville, Toronto, Mingo and other towns will be invited.

Prof. DeCarmo, the hypnotized man who was buried at Martin's Ferry to stay dead a week, was taken out after two days, as the carnival managers got scared. When aroused the "professor" got hopping mad at the interruption to his quiet nap.

Archibald McGregor, the veteran editor and one of the most widely known men in Stark county, died at his home in Canton, aged 83 years, after a long illness. For more than 40 years he was editor of the Stark County Democrat.

WHITE THE PRESIDENT'S GUEST.

Beer Representative Lunched With the Roosevelts—Cuban Reciprocity Discussed.

Oyster Bay, N. Y., July 9.—Montagu White, who has been long in this country, principally in New York and Washington, as the representative of the Boer cause, and William E. Curtis, of Washington, were the guests yesterday of the president and Mrs. Roosevelt at luncheon. Mr. White will sail for Europe today. Only incidental reference was made to the late Boer war, but in the conversation during and subsequent to the lunch on the party discussed reciprocity, particularly with regard to Cuba. The president indicated that he felt concessions were due to Cuba from this country and expressed his conviction that eventually not only the people of the United States, but congress itself, would vindicate the advocacy of Cuban reciprocity. He believes that in some form reciprocal relations between the United States and Cuba will be established at the next session of congress.

A tremendous rain storm kept the president in his Sagamore Hill home early yesterday. During the morning hours he was busy in his library with Secretary Cortelyou, attending to a mass of official mail and disposing of some routine departmental matters which had been transmitted to him from Washington.

It is quite likely that in a week or 10 days a conference will be held with the president by Representative Littlefield, of Maine, with respect to the anti-trust bill which Mr. Littlefield is drafting. This interchange of views will be made the basis of the first draft of the measure.

While the executive offices in the town now are in possession of a corps of clerks the president has let it be understood that he will spend little time in them.

BRAKEMAN BODEL CENSURED.

Coroner's Jury Verdict on Sheraden Pa., Disaster.

Pittsburg, July 9.—Howard Bodel was censured yesterday by the coroner's jury in their inquest into the Sheraden disaster on May 12 last. Their verdict was as follows:

"We find that the 27 victims of the Sheraden disaster came to their deaths from burns received by the explosion of five cars of naphtha which were being drilled in the Sheraden yards of the P. C. & St. L. railway by engines No. 115 and 127, on Monday, May 12, 1902, about 4:20 o'clock p. m. The said five cars and several others were cut off from part of train by brakeman Howard Bodel the cars running into part of another train, breaking three of the naphtha cars, the same taking fire, causing the other two cars to explode about 6:10 p. m., throwing burning naphtha in all directions. And from the evidence the jury finds that the deaths were due to the above cause. We further censure Howard Bodel for cutting off the cars without orders, and recommend that no cars hauling in flammable or explosive matter shall be detached from the locomotive until properly placed."

Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Alvin H. Bulger.

LARKINS, THE DRUG MAN

NEURALGYLINE
FOR THE NERVES

relieves neuralgia and other nervous pains. It relieves them quickly. It is absolutely harmless. By quieting the nerves, it removes the cause of all nervous diseases. When your head feels as if it were on fire, when your back aches, when your arms and legs are numb, when you are tired of your very existence, when, in short, you are in the grasp of that fiendish disease, Neuralgia, buy a box of Neuralgyline.

Take this hint. Twenty minutes after you have taken it, your pains will have vanished as if by magic. You only have yourself to blame now if you continue to have Neuralgia, for Neuralgyline relieves pain permanently.

Neurologists—every rule of Neuralgyline finds a satisfied customer, who by telling of its merits, leads to new customers. M. F. Davis, Druggist, Canton, Ohio.

I recommend Neuralgyline as a permanent cure for Neuralgia and neuritic headache. W. SCOTT, M. D., Orlando, Florida.

They have been relieved of their suffering, so can you. Every first-class druggist in America has Neuralgyline. Price 25c a box. If you find that Neuralgyline is not as good as

sample money will be cheerfully refunded. Sample free on request.

A graduate school of agriculture, with about 70 students from 14 states, has opened at the Ohio state university, for the prosecution of a brief course of study and investigation, from which profitable results are expected. There is need of this school and others like it. This is a great agricultural nation. It not only feeds its own people, but sends its breadstuffs and meat products to all parts of the world. Yet we have as yet very little scientific agriculture! The time has passed or is fast passing when it is merely necessary to plow and sow and depend upon nature and a rich soil for bountiful harvests. Worn out and abandoned farms exist in great numbers. A trained European farmer, a Frenchman or a German, with a knowledge both of the theory and practice of agriculture, would laugh at the idea that any land that had once produced good crops could not be made to do so again. If suitable soil were lacking he would make a soil to suit. He would trust to his knowledge and not to haphazard methods. Innumerable instances show that such farmers succeed, where the old fashioned agriculturist, his neighbor, would receive but meager returns for much greater labor. Farming is a business that requires an educated brain, and this fact is becoming generally understood. There is a growing demand for scientific instruction in farming. The nation and the state are encouraging it. The "book farmers," who combine practice with theory, are no longer laughed at. They make the business pay. The agricultural schools merit all the encouragement they are receiving, so long as their graduates turn their attention to the work for which they are educated—the betterment of American agriculture.

The reported indignation of some of the Ohio legislators that Governor Nash should usurp their privileges and attempt to draft a code bill is rather amusing, in view of the failure of the legislators to draft measures that are constitutional. They ought to be glad of the substantial sort of aid the governor proposes to render, and the more sensible ones among them doubtless are. Besides, no legislative function is being usurped. Any citizen of Ohio has a perfect right to draft a bill and have it presented to the legislature for acceptance or rejection, and the governor, thoroughly familiar with the wants of the state, would be ex-

Difficult Digestion

That is dyspepsia.
It makes life miserable.
Its sufferers eat not because they want to, but simply because they must.
They know they are irritable and fretful; but they cannot be otherwise.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffiness, headache, heartburn and what not.
The effectual remedy, proved by permanent cures of thousands of severe cases, is

Hood's Sarsaparilla

Hood's Pills are the best cathartic.

posing himself to censure if he failed to do his part to help the lawmakers when they are so sorely in need of aid. It is his business to advise the legislature on public questions, and Governor Nash always attends faithfully to the duties devolving upon him.

The Panama Canal company should be reminded that it is expected to make good its promise to give the United States a clear title to its property and concessions without unnecessary delay.

The coronation of King Edward is expected to take place next month. It will probably not be as splendid an affair as was first planned, but it will be an occasion of rejoicing nevertheless.

For an outline of the policies President Roosevelt intends to pursue it is far safer to trust the president's messages and speeches than Democratic newspapers.

The Kaiser has conferred the order of the Red Eagle on two distinguished capitalists. Why was Pierpont Morgan overlooked? He is certainly a "bird."

Governor Nash will call the legislature together August 25, and there are prospects of a warm time in more senses than one.

The congressional campaign is fast developing a condition closely resembling that of the weather.

OBITUARY

James Franklin Birch.

James F. Birch, aged 23 years, died at his late home on Erie street, last evening at 10 o'clock, of consumption. He is the third of the same family to die of the same disease within a year. The funeral services will be held tomorrow afternoon at 2 o'clock, Rev. G. W. Orcutt officiating. Interment will be made at Riverview cemetery. The family came to the East End from Meigs county about a year ago.

NARROW ESCAPE

From Being Ground Under the Wheels of a Shifting Engine.

Conductor H. D. Wiley, of day shift No. 593, while engaged in shifting cars in the upper C. & P. yards, near the freight depot yesterday morning, and riding on a freight car, was thrown heavily to the ground by the handhold on the car giving away.
Fortunately he was thrown away from the wheels, but alighted on his face badly disfiguring his physiognomy and blacking both his eyes. He is congratulating himself that his injuries are not more serious.

SEVERED AN ARTERY

Serious Accident to Mrs. Thomas Watkins, of Railroad Street.

Mrs. Thomas Watkins, residing on Railroad street, in the rear of the power house, accidentally severed an artery in her right fore arm by a piece of broken glass about noon today.

Several physicians were summoned, and succeeded in stopping the flow of blood. For a time it was thought the accident would result seriously.

HIGHLY PRIZED FLAG

Has Figured as a Mourning Emblem Upon Many Memorable Occasions.

Miss Mary A. Hall, assistant librarian at the Carnegie public library, has a flag in her possession which she prizes highly. She is very proud of the national emblem, it having been conspicuous upon several occasions of national importance. It has been draped in mourning for three martyred presidents and also for General Grant and Queen Victoria.

Funeral of Mrs. Shay.

The funeral of Mrs. S. S. Shay took place from the home on Oak street this afternoon at 2 o'clock, Rev. J. G. Jordan, of the Presbyterian church, officiating. The interment took place in Riverview.

Years of suffering relieved in one night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

WITH THE WORKMEN IN THE CLAY PLANTS

(Special Correspondence.)

Wheeling, W. Va., July 9.—All the Wheeling potteries are still idle, but an early resumption is expected. Numerous repairs are being made at all the plants, and some of the shops expect to start not later than Monday next.

Many employees of the Wheeling potteries are spending their vacations away from the city. Many of the boys have organized hunting and fishing camps, and these clubs have gone down the river. Some expect to return to the city on Saturday evening. James Cannon, chief fireman at the Riverside pottery, has gone to East Liverpool where he will remain a few days visiting his brothers.

August Fegedron, a sticker-up at the LaBelle pottery, has resigned his position, and in a short time will leave for New Castle, where he has secured a position as presser in the sanitary plant. He has been employed in the Wheeling potteries for a long time.

The Gollner boys, Fritz, Frank and Pete, who have been visiting friends in this city, have returned to New Castle. They are well known pressers in the new sanitary shop recently started there.

Representatives of the Ancient Order of United Workmen in this city, recently placed an order with the D. E. McNicol pottery company for several thousand souvenirs to be disposed of at an annual outing of the organization at Rock Springs park on July 17, one week from tomorrow. These souvenirs have been completed and are very neat both in workmanship and design. The souvenirs consist of a plate, in the center of which is printed the emblem of the order, in various colors. Several thousand have been completed, and they are sure to meet with a ready sale.

The kilnmen at the D. E. McNicol pottery, resumed work this morning after a loaf of about 10 days. It will be but a short time until this shop is in full operation.

The work of demolishing the old end of the Knowles, Taylor & Knowles plant is progressing more rapidly than was at first anticipated. It only required a few days to tear down the old end, and it was thought that the work would require at least a week. However, the work has progressed so fast

that yesterday several stone masons commenced to build the foundations for the new addition. This work will require but a short time. The foundations will be 13 inches thick.

A number of workmen who have been employed at the old end of the Knowles, Taylor & Knowles pottery, while that building is being remodeled, will be given employment in the new end. One of these will be "Happy" Reerk, who for years has operated the cup jigger at the old end. Other workmen will also report for duty at the new end within a few days.

J. J. Ingalls, secretary and treasurer of the Akron China company, was in the city yesterday. Mr. Ingalls says his pottery has resumed in full since the conference, and will run right along. Everybody out that way is fully satisfied with the manner in which the differences were settled, and happy over future prospects.

The Taylor, Smith & Taylor pottery has postponed resumption of operations until Monday on account of not getting their new porcelain ware shape ready for today.

The Chelsea pottery at New Cumberland started up in full on Monday. The shipments for the past month amounted to 50,000 dozen of ware, or 600,000 pieces.

Barney Cooper, a dipper at Vodrey's, is moving to Second street today.

HIS WRIST FRACTURED

Harry Swanson Got an Ugly Fall While Getting off a Car.

While in the act of alighting from a street car last evening Harry Swanson, of lower Sixth street, met with a painful accident. In some way his foot became entangled with a rope on the end of the car and when he stepped off the rope clung to him, causing him to fall to the street. As a result his left wrist was fractured and the arm sprained.

A lot of ladies' \$2 and \$3 Tan Shoes for 68 cents a pair; coolest and best to wear.

When Quality

Can be the Only Argument.

When different makes of the same article sell for the same price, then quality is the only argument that can usually influence your trade.

The price of soda water, good, bad and indifferent is the same all over town, so that we can't talk about that, but we believe we have a most convincing argument when you consider quality. Our Grape Phosphate seems to be the most convincing convincer we have.

A Generous Goblet, 5c.

Chas. F. Craig,
DRUGGIST.

FRIENDS AND VISITORS

W. S. Fowler is a Lisbon visitor today.

Miss Florence Hall has returned from a visit with friends in Rochester.

Dr. Bailey, of East Market street, is spending the day with his mother at Leesburg.

Mrs. Charles Smith, of Coal street, will be a guest of Tiffin, O., friends or a month.

Miss Esther Brown, of Toronto, is the guest of Mr. and Mrs. Fred Furer, Fifth street.

Will Skullen, of Cleveland, is visiting his grandmother, Mrs. Ferrall, of Sixth street.

Miss Jane Rowe, of Washington street, is visiting Sebring friends for a few weeks.

Miss Teresa McNicol will leave next week for an extended visit with friends in California.

Bernard Rand, of Second street, returned last evening from a business trip to Cleveland.

Frank L. Bradley, clerk of circuit court in Hancock county, was in the city last evening.

A. G. Hoffman and wife have returned home from an extended visit to Conneautville, Pa.

Mrs. Patrick Michaels and nephew, Berland Haines, are guests of relatives and friends in Salem.

Mrs. Chas. Porter will spend a number of weeks at Los Angeles, Cal., leaving this morning.

Mrs. William Coles, of Toronto, is visiting her parents, Mr. and Mrs. John Agner, Fourth street.

Mrs. A. B. Taylor, of Jackson street, returned last evening from a week's visit with Toronto relatives.

Ambrose Willison, of Avondale street, returned last evening from a visit with Toronto relatives.

Miss Anna Carson left this morning for Steubenville where she will visit with relatives for a few days.

Mr. and Mrs. John Fisher returned yesterday from Cleveland, where they went to spend the Fourth with friends.

George Rowe, a well known jiggerman at Godwin's, leaves for Atlantic City tomorrow for an extensive outing.

F. F. Mackey, of Florence street, a decorator at the Taylor, Smith & Taylor pottery, is visiting Glencoe, O., friends.

E. H. Simms, who is interested in the jewelry business in this city, returned home to Bucyrus, O., via Mansfield, this morning.

W. H. Gass left last evening for Richmond, Ind., to bring his wife home. She was taken seriously sick while visiting friends in that city.

Mrs. J. J. Hatch, of Cleveland, are the guests of William Wells and family, of Washington street.

Harry Buxton, of Fifth street, a decorator at the Taylor, Smith & Taylor pottery, left this morning for a 10 days' outing at Atlantic City.

Word from William Burgess and wife and Joshua Poole and wife states that they landed safely at Liverpool, England, and that they had a pleasant voyage.

Harper Metsch and daughter returned to their home last evening at Elm more, after a few days' visit with the family of Christian Metsch, of Fourth street.

Mrs. Parks and children, Faust and Ruth, who have been visiting the former's daughter, Mrs. W. B. Reed, of Seventh street, left today for Sandy Lake, where they will spend the summer.

Mr. and Mrs. John Harvey and son George and wife, of Kossuth street, will spend a month in fishing and hunting at Bowmansville, Canada, where a sister of Mr. John Harvey resides. The town is located among a

myriad of small lakes and is an ideal outing spot.

Mrs. Rev. J. H. Mason, of the A. M. E. church, of this city, delegate to the Women's Mite Missionary conference, under the north Ohio conference, at London, O., and daughter, Miss Myrtle Mason, delegate from the junior band, left for London this morning to attend the sessions of the conference.

DOOR FELL ON HIM

Peter Hulse Badly Hurt And His Leg Probably Broken.

Peter Hulse, an employee of the C. C. Thompson pottery, was hurt this afternoon at the pottery by a door falling on his leg. He came to the Diamond and fell near Sixth and Market streets. The patrol wagon was called and he was taken to his home on Pleasant Heights. It is thought his limb is broken.

If your feet burn get a pair of those easy shoes or Oxfords. Sold by R. W. SAMPLE & CO.

A Difficult Case.

A young lady who refused to divulge her name made complaint to the mayor this morning that someone had stolen a valuable brooch from her. She was unable to state where she was at the time the jewelry was taken, and in consequence the officials have a hard case to investigate.

Those soft, easy-fitting Shoes. They don't hurt the feet, \$1.50 to \$3.00.

SNOWDEN HELD

MUST ANSWER TO GRAND JURY
FOR HIS CRIME.

Makes a Strong Point of Self-Defense
In Attack on
Burnard.

A preliminary hearing was given George Snowden yesterday afternoon, charged with shooting Blair Burnard the night of July 3. A number of witnesses were examined, who were spectators of the melee. The plea of self-defense was stoutly maintained, the prisoner being represented by Attorney W. F. Lones, of this city.

Stories of the almost tragic scene varied and the cause of the row was hard to obtain. There was nothing to substantiate a published statement that the men had been in a crap game at Ginger David's saloon. Patrons of the place on that night say that there were no games nor fighting in the saloon.

After the street row fighting continued, terminating in Butler's front street restaurant. Snowden testified that he was rushed to a corner by five men and emptied his revolver to save his life. The prisoner's assailants said that they rushed at Snowden to get the pistol from his hands.

When cross-examined they were asked by the defendant's counsel if they had made this intention known to Snowden and none of them admitted that they had. Had the hearing been a final one Snowden would have perhaps been discharged, but it was concluded to bind him over to the grand jury, his bond being fixed at \$500.

Burnard continues to improve and is thought to be out of danger. His wounds were dressed Tuesday.

THE WATER QUESTION

Surprise Expressed Over Action of
Council in Ordering an
Election.

That a third election for the issue of bonds to adopt the gravity system in obtaining water for the city is ordered by the council comes somewhat in the nature of a surprise. The petition that was sent to the council had also been presented to a meeting

of the water trustees a few days ago, who took no action, believing that the voters would again defeat the making of a special bond issue for the gravity system at this time.

It was argued by the councilmen that the measure had in the past been voted on at the general elections, many voters failing to register their sentiment on the water question. There will be a stiff fight put up by the champions and opponents of gravity during the two weeks that intervene before the election.

The present water plant is paying only a fraction of the running expenses, the trustees having been obliged to ask the council's permission to pay their own salaries from the general fund of \$60,000 that was by an act of the legislature permitted to be transferred from the specific use of improvement for general purposes.

The trustees said a month ago that experiments for obtaining clear, wholesome water from the river would, in their opinion, prove effective, but those experiments have not been made. Champions of the gravity system urge the belief that pure water can be obtained only from Little Yellow creek, and from a standpoint of economy it should be done.

For Board of Trade to Act On.

Mayor Fogo received a letter this morning from A. T. Dempsey, a capitalist from Pittsburg, stating that he would like to locate a pantaloons factory in this city and that he will do so if the city will donate him a lot 50x100 and a bonus of \$5,000. He agrees to employ 60 girls and spend \$100,000 in the erection and equipment of the factory. The mayor will lay the matter before the board of trade for consideration.

Swimming Club Formed.

A swimming club has been formed by several young people of Wellsville. The headquarters for aquatic pastime will be on the West Virginia shore, opposite seventh street. A large tent has been engaged and bathing suits of nobby style are being purchased. Several ladies will join the club. Included in the list of gentlemen are: Carl Cope, Walter Burnett, George Apple, Clyde Cummins, William Knox and Walter Moore.

Gave a House Warming.

A house warming was given at the home of William Bowers on Fourteenth street last evening. The hours were spent in dancing, and refresh-

ments were served. The family recently moved here from Wellsville.

Tennis Club.

The recently organized tennis club is getting its courts on the Eighth street commons in good condition. Enough members are in the club to permit of some pretty contests during the summer.

WELLSVILLE SHORT STORIES.

Miss Jane Lewis is visiting friends in Salem.

Councilman E. G. Whitacre went to Wheeling today.

W. H. Baldwin is spending a few days in Cleveland.

A daughter was born to W. G. Scott and wife yesterday.

Rev. W. L. Wells has returned to his home in West Lafayette.

Charles Starrett, of Main street, has returned from Steubenville.

Mrs. Alma Dugan is visiting relatives in Moundsville, W. Va.

Mrs. A. G. Mays, of Center street, is visiting in New Castle, Pa.

Frank Mason and family have moved from Commerce street to Center.

Edgar Allen has gone to Cleveland to take a position in the railroad shops.

The sheet steel mill today resumed activity after a shut down from July 3.

Councilman Howard Weaver and wife are visiting relatives in Sistersville.

Henry and Albert Goetz have returned from a visit of a few days in Pittsburg.

F. A. Morland has returned from an extended trip through the western states.

Christopher Kelch was summoned to Sistersville by the death of his father, yesterday.

Homer McCartney has returned to St. Louis, Mo., after a visit with C. C. McCartney.

Charles Holcomb has moved his family to Salineville. He is a C. & P. fireman.

Fred Thompson, of Sharon, Pa., is visiting his aunt, Mrs. Stella Smith, on Hill street.

W. A. Jack and wife have returned to Cleveland after a visit over Sunday with T. B. Jack.

A son was born to Mr. and Mrs. W. A. Vandersall at their home on Main street yesterday.

D. S. Lawson, of Front and Seventh streets, has returned from a few days' visit in Zanesville.

Misses Grace Parke, Elsie Goodwin, Charles Harris and Henry Goetz joined an East Liverpool party of picnickers

to Rock Springs last evening.

A large number of Wellsville people will take advantage of the excursion to Cleveland next Sunday.

A large crowd was entertained on the public square by a clever trick bicycle rider last evening.

Mrs. Sol Cohen has returned to Cleveland after spending a few days at the residence of Julius Goetz.

Mrs. Nellie Ritchie and daughter, Violet, of Moundsville, W. Va., are guests at the home of the former's uncle, S. M. Snediker.

It is reported that Amalgamated local No. 28 will surrender the charter, no regular meeting having been held for several weeks.

Allen Beck, of Alliance, has become a C. & P. fireman and has moved his family to Main street, between Thirtieth and Fourteenth.

Mrs. Julia Rosenthal and son, of Steubenville, and Miss Helen Alexander, of Canal Dover, arrived on the Queen City Tuesday, spending a few hours at the residence of Julius Goetz on Front street. They returned by the train.

CONVENTION TOMORROW

At Wheeling to Select a Candidate for
Dover's Place in
Congress.

The First congressional district convention will be held in Wheeling tomorrow, Squire Johnston is a delegate from Grant district, which is also entitled to another. The delegates in Hancock county, nine in number, will be for B. B. Dovener, of Wheeling, for congress, as they voted at the primaries to so instruct. This number was based on the last presidential vote. E. M. Showalter, of Fairmont, Marion county, is Dovener's closest opponent.

No resolutions will be offered to endorse any candidate for United States senator.

HEAT WAS INTENSE

One Man Prostrated at the Mill—Others Had to Quit.

Harry Householder, a roller on No. 5 mill, was prostrated and overcome by heat yesterday, and was compelled to lay off. Frank Oliver, who dropped down from intense heat Monday, is again able to be on duty.

The steel mill force had to quit between 2 and 4 o'clock yesterday afternoon on account of the heat.

Must Own Property.

The council of New Cumberland some time ago adopted the provision passed by the state legislature, a general law, that the recorder, councilmen and other officials should be property-holders to some extent.

O. U. A. M. Picnic.

The O. U. A. M. of Rochester, Pa., are picnicking at the park today, coming by way of the C. & P. on a special train. They are indulging in all kinds of sports and taking in the sights of the park and city.

Work on the Mill.

The excavating for Faulk Bros.' new flooring mill on the corner of Fifth and Carolina streets, will begin tomorrow. The contract for the building will be let by Mr. Faulk this afternoon.

Quits His Position.

James M. Porter has severed his

connection with the American Sewer Pipe company. He had charge of the sales department of the company and also looked after the Black Horse sewer pipe plant at New Cumberland. He will enter the brokerage business.

CHESTER NOTES.

S. M. Severs was at Kendall today buying stock.

The Chester M. E. Sunday school is picnicking in the Pusey orchard today. Jasper Bradley, councilman of New Cumberland, was in Chester today on business.

Miss Elizabeth Martindale is visiting her parents at Bidwell, Gallion county, O.

Rev. J. R. Hosick and family, of Hookstown, spent yesterday at Rock Springs park.

Mayor Shrader, J. E. McDonald and C. H. Smith are at Parkersburg on bridge business.

The Milligan Hardware company is opening a branch store in Chester on Virginia avenue.

The Edwin M. Knowles pottery resumed this morning. All departments will be on full this week.

The Southside water line is completed on Second street to the property of John Shrader on the hill.

Harvesting is in progress in Hancock and Beaver counties, and farmers report the wheat excellent.

Mrs. John Spivey, of First street, who has been confined to her bed for 18 weeks, is improving rapidly.

Mr. and Mrs. Thomas Croxall and children, of Carolina avenue, are visiting Avalon, Pa., friends this week.

C. Williams, a motorman on the Rock Springs street railway, is visiting friends at Bidwell, Gallion county, O.

Hunter & Funkhouser, the contractors, find it difficult to find men to lay rails and finish the grading on Carolina avenue.

The East Liverpool Gun club will have another tournament on the Chester grounds Friday afternoon. There will be ten events.

The Protected Home circle initiated six candidates at its last meeting. The circle will rent a hall for holding regular meetings hereafter.

Hugh E. McGuire, father of Jacob McGuire, one of the bosses on the street railway work, is dead at Rochester, Pa., and will be buried today.

Between 125 to 235 loads of sewer pipe and fire brick are going out over the New Cumberland branch per day. The shipments are one-half heavier than last summer.

CORDIAL WELCOME GIVEN TO SPEAKER

The Candidate For Congress Gets Pledges of Earnest Support.

FRIENDS IN EAST LIVERPOOL

As Well as His Home Town Recognize His Merits and Will Try to Secure Him the Nomination—Kindly Tribute From Youngstown.

Hon. Charles S. Speaker, of Lisbon, candidate for congress, spent yesterday in this city, and met a large number of prominent Republicans. He was received with enthusiastic welcome and pledged the warmest support from leaders and the rank and file of party workers.

Mr. Speaker is so well known in this city that there is no need for him to introduce himself or for his friends to point to his excellent record in and out of office. East Liverpool people will remember how earnestly Mr. Speaker espoused the cause of the street car men when he was prosecuting attorney, and brought the corporation with unlimited capital behind it to its knees and compelled it to observe the law. Mr. Speaker went after the street railway officials who were disregarding the law requiring closed vestibules to be placed on each car for the protection of the motormen from the blasts of winter. There was great excitement over the case at the time, and many predicted that the young lawyer would fight a losing battle. But with law and justice on his side, Mr. Speaker speedily won a victory that gained attention all over the state and hundreds of street railway employees have reason for thankfulness for his efforts in their behalf. The vestibule is on the winter car, and it is there to stay.

He told the railway officials that unless they forthwith complied with the law lines for each trip run without a vestibule and aggregating thousands of dollars would be assessed against them and collected and he meant it, too. They concluded it was best to comply.

This is only an instance of Mr. Speaker's thoroughness. When he espouses any cause he goes to the bottom of it. He never leaves his work unfinished; no half way measures or temporizing satisfies him. No one can converse with him even for a few minutes without becoming convinced of his earnestness. It is his distinguishing trait.

Mr. Speaker has entered the brief campaign for the congressional nomination with the same spirit that he enters upon any work. He will make the most thorough canvass that the time will permit, and his friends are confident that he will make an impression that will cause him to enter the convention backed by Columbiana county's 193 votes and at the head of the list.

He is honored abroad as well as at home. The following kindly editorial is from a Youngstown paper, and although Mahoning is exceedingly desirous of carrying off the congressional nomination, the article shows that Mr. Speaker's merit and strength as a congressional candidate is felt and recognized far beyond the borders of his home county:

"If the nomination is to go outside of Mahoning, it is gratifying to see that it may go to so worthy a man as Mr. C. S. Speaker, of Lisbon. Mr. Speaker is about 47 years of age, in the prime of his strength and powers. He is a man of highest character and abilities of a very high order. As a public speaker he is in many respects the superior of any man this district has had in many years—not excepting McKinley. If elected Mr. Speaker would be a painstaking member and would exert himself to the utmost to learn the wants of every part of his district, and he would do his utmost in every way to serve his constituents."

The following testimonial from Lisbon shows what prominent friends and neighbors think of Mr. Speaker. It is from the Lisbon lodge of the Amalgamated association of Iron, Steel and Tin Plate workers:

Lisbon, O., July 7, 1902.

To Whom it May Concern:
We, the undersigned, have personally known Hon. C. S. Speaker for years, and he has at every opportunity proved himself the friend of the working man and organized labor both from an official and private standpoint, and when a laboring man supports him for congress he certainly will make no mistake.

Fraternally Yours,
HARRY A. JOHNSON, Ex-president
M. L. PORTER, Recording Secretary.
ED EDWARDS, President.
RICH FROSSER, Treasurer.
F. E. WHITE, President-elect.
H. R. MITCHELL, Financial Secretary.

The miners of Lisbon have passed

the following resolution:

Lisbon, O., July 7, 1902.
We the miners of local union No. 1435, United Mine Workers of America, cordially endorse Hon. C. S. Speaker as a candidate for congress in the Eighteenth district. Having known him to be a friend of organized labor and of the working man, both as an official and private citizen, we earnestly request all organized labor to support C. S. Speaker for congress.
JOHN STEPHENS,
CLEM HAYS,
JOHN FROSSER,
DAVID ELLIS,
Committee.

Lisbon Typographical union furnishes the following tribute to Mr. Speaker:

Whereas, Hon. Charles S. Speaker has announced himself a candidate for congress to represent the Eighteenth district; and

Whereas, Hon. Charles S. Speaker has on all occasions and in every manner possible proved himself a friend to the cause of organized labor; and Whereas, We, the Typographical union No. 257, believe that his election would work for the advancement of the cause of union labor in the Eighteenth district and that he would continue to be an efficient and willing friend of the union laborer; therefore be it

Resolved, That we, the Typographical union No. 257, do heartily endorse the candidacy of Hon. Charles S. Speaker and do recommend him to all labor unions of whatsoever sort within the limits of the Eighteenth district as a proper candidate and as deserving of their unqualified endorsement and untiring support; and be it

Resolved, Further that copies of these resolutions be generally published and sent to all other typographical unions in the Eighteenth district.
JOHN LEE,
President.
J. J. BENNETT,
Corresponding Secretary.
Approved July 7, 1902.

LAWMAKERS TO MEET

Gov. Nash Decides to Call Special Session of Ohio Legislature.

AUGUST 25, IS THE DATE

Purpose is to Enact a Municipal Code Bill For the Several Cities of the State—Leaders of Both Parties to Aid in Framing It.

Friday, O., July 9.—Governor Nash has decided to call the legislature together in special session, August 25, to enact a municipal code bill for the several cities of the state.

Prominent Democratic and Republican leaders were here to aid in the framing of a bill, that will embody the needs of the various cities.

The State Bar association met here yesterday, but adjourned soon after convening, out of respect to the late Judge Williams, of Columbus.

UNCLAIMED LETTERS

List of Letters Awaiting Owners at the East Liverpool Postoffice.

Gentleman's list:—Edward N. Brown; C. L. Butler; Benton Coleman; Melvin Couch; G. G. Curtis; Mike Davis; A. J. Davis; R. I. Downard; Wm. Farmer; Jno. Jasoy; Gaetano Guard; Chas. Harsha; Charles Hamelton; Claud Hendricks; Charles Hugeson; Wm. Larkins; P. C. Lowery; Hence Marshall; Alac. Mays; John McDevitt; J. N. McFarland; Cash. McKinnon; Chas. J. McMillan; Richard Meadows; R. I. Miller; J. B. Morgan; Jno. Nicholson; Elsworth Parker; Palm Feh-teler & Co.; John Paszternak; John T. Powell; George Roberson; G. W. Runyon; A. D. Stanley; Frank Sellers; Michael Taylor; Frank Woodburn.

Ladies list:—Bessie Beagle, (2); Mrs. Eliza Canna; Mrs. Jane Cowan; Mrs. Andrew Cunningham; Mrs. John Elden; Miss Ida V. Eneix; Miss Annie Garvin; Miss Rosie Hill; Miss Mary Hunsberger; Mrs. Erd. Jones; Mrs. Mary Karr; Mrs. Orosie; Mrs. William Ruter; Miss Linnie Swan; Mrs. Katie Seifrage; Janie Smith; Mrs. George Thomas; Mrs. Jen. Watters; Mrs. Annie Wilson.

SALINEVILLE

Salineville, July 9.—Mrs. F. E. Dean, in her haste last Sunday, coming from church during an electrical storm, fell and sprained her wrist. It will not prove serious, but is painful.

H. A. Thompson has arrived home from Greenville, Pa., where he had been visiting his daughter, Mrs. F. B. Sawwell. Mrs. Thompson was unable to return on account of a fracture of an arm, sustained in a runaway last Saturday in that city, while visiting the cemetery. A strap on the neck-yoke was the cause of the attempted runaway.

Edgar Hunter, a former citizen of this town, now of Byesville, accompanied by his wife and child, spent the Fourth with his parents, Mr. and Mrs. J. W. Hunter.

Rev. R. E. Dean, pastor of the U. P. church, and H. A. Thompson went to East Liverpool Tuesday morning to attend the meeting of the Steubenville presbytery for the instalment of Rev. D. W. McQuiston, pastor of the Second U. P. church, East End.

William Humphrey, of Canton, spent a few days in this town with his aged mother and her family.

Harry Robbins, of Sheridan avenue, East Liverpool, returned home Tuesday after a 10 days' visit among friends.

James Connor, a prominent merchant of Cadiz, arrived here last Saturday evening via Pittsburg, for a short visit to the home of his parents on Main street, and returned to Cadiz Monday.

A number of the children and grandchildren of Mr. and Mrs. R. G. Thompson were entertained at the parental home on Independence day by a sumptuous dinner and supper.

Samuel Smith, an ex-soldier of Inverness, has been granted a pension of \$6 per month.

W. A. Thompson made a business trip to Carrollton last Saturday evening.

The new terra cotta store room of Miss Dot Baker on Main street is nearing completion. The glass fronts were placed in position last Monday. Miss Baker has resigned her position in Kurtz & Haines' dry goods store and Miss Emma Edwards will fill the vacancy.

On the glorious Fourth the only excitement in this town was the ball game with the Pittsburg team, which resulted in the morning for Salineville and in the afternoon in favor of Pittsburg, and the ominous crack of the torpedo and firecrackers in the hands of the small boy from early morning till the silent hours of the night.

Summer Comfort.

You can easily be comfortable in the hot weather if you provide yourself with an electric fan. It's a slight expense, but a great benefit. It gives you COMFORT.

ENJOYMENT, SATISFACTION.

If you can't go on a vacation you can bring the sea breeze to your home. Have it ready for a hot day.

FULL TREATY WANTED

State Department Will Press
For Complete Agreement
With Columbia.

THUS PREVENT REPUDIATION,

If Any Attempt Should be Made to
Break Terms Made—Won't Await
Adjustment of Title—Assurance of
Value From France.

Washington, July 9.—The state department has decided to press forward to completion the Colombian treaty looking to the acquisition of right of way for the isthmian canal. This is a slight change in the original program, which contemplated the complete adjustment of the question of title before concluding the treaty. So Secretary Hay, who already has accomplished the best portion of the work to be done in treaty making, and has it before him in the shape of a protocol, submitted to the last session of congress, has taken steps to give this form of a treaty and have it signed formally by accredited representatives of the government of Colombia and of the United States, so that the convention may be laid before the senate as soon as it convenes in December.

By adopting this course the state department will remove, it is expected, any chance of having the agreement already reached with Colombia disturbed by anything that may occur as a result of political changes, for it is the purpose to hold that such agreements, once duly entered upon, are not subject to repudiation, even in the event of a change of government. The protocol referred to was so definitely drawn that not many changes are required in order to adapt the instrument for use as a treaty. The senate, however, did find one or two points of objections, and while these are not material, in the opinion of the department officials, in accordance with their usual practice they will seek to secure such modifications as will meet these objections.

No difficulty is expected to result in securing an abatement of the old provision in the canal franchise requiring the use of French materials only in the construction of the canal and the state department already has received an assurance from the French government which it regards as meeting the objection that has been made on that score.

CRUEL VENEZUELAN.

Soldiers Shot Children and Were Not Punished.

(Correspondence.)
Carupano, July 1.—After the re-occupation of Carupano by the troops of Castro's government, they indulged in the most riotous excesses, robbing and pillaging and perpetrating acts of cruelty. In the presence of Dr. Hag enah, of the German man-of-war Gazelle, and several other Germans who were at this port, an appalling act of savagery occurred. A little negro child of 10 or 11 years of age, almost naked, was playing near a group of Venezuelan officers, and asked one of them for a cent. Having been refused, he set himself to mimic them when an Andine officer, furious with rage, drew his revolver and shot the child, and Dr. Hagenah endeavored to stanch the wound, but in vain. The man was not punished.

A gentleman who arrived from Barcelona narrated a similar incident which he witnessed a few days ago. Some Andine soldiers, in order to show their skill as marksmen, took aim at a crouching child and wounded him mortally. The soldiers were not punished.

TO RECEIVE PAUNCEFOTE'S BODY

Funeral Arrangements Made by British Navy.

London, July 9.—The admiralty has made final arrangements for the reception of Lord Pauncefote's body now on its way to this country on board the United States armored cruiser Brooklyn. The British armored cruiser Australia and the second class cruiser Apollo will meet the Brooklyn outside the Isle of Wight and escort her to Southampton, where the naval commander-in-chief, Admiral Sir Charles F. Hotham, awaits the American warship's arrival. A hundred marines, with a band, will form the funeral guard. British blue

jackets will act as bearers from the ship to the train.

At the beginning of the removal of the remains from the Brooklyn the ships will fire 20 minute guns. The body will be taken to the family home, Preston court, Gloucestershire. The internment will be private. Simultaneously a memorial service will be held in London. Yesterday it had only been arranged for Captain Richardson Clover, the United States naval attaché here, to meet the body at Southampton on behalf of the United States.

RUSH TO TAKE PROFITS.

It Threw Some Discredit Upon the Character of the Stock Market, Tuesday.

New York, July 9.—Something very like a scramble to take profits at the end of the day yesterday served to throw some discredit upon the character of the day's movement in stocks, which had reached considerable proportions and with a semblance of much more substantial character than anything in the recent course of the market. Spots of strength were more numerous and the well established dividend paying stocks were foremost in the trading. The orders from single commission houses and the individual blocks taken of some of the high grade railroad stocks fairly warranted an inference of investment buying, supposed to be re-investment of resources made available by the July disbursements on the part of inside controlling interests in some of the properties.

United States Steel fell nearly a point in the late dealings on the postponement of the decision of the appeal of the suit against the stock conversion plan and on the beginning of a new suit. This and the sharp break in Colorado Fuel aggravated the reaction, and the closing was easy. Business in bonds broadened out somewhat, but the market was irregular. Total sales, par value, \$3,635,600.

U. S. new 4s declined 1/4 on the last call.

AID FOR THE STRIKERS.

Mitchell Will Only Accept After Miners' Resources Are Exhausted.

Wilkesbarre, Pa., July 9.—A national defense fund, to which all organized labor and the public in general will be asked to contribute, is the latest proposition placed on foot to help the striking anthracite coal miners if they need assistance in their struggle for higher wages and shorter work day. Harry White, of New York, secretary of the National Garment Workers, and member of the conciliation committee of the Civic Federation, held a long conference with President Mitchell yesterday during which the plan was approved by the miners' chief, and Mr. White will at once begin preparations to carry out the plans. President Mitchell wants it understood, however, that the miners' union will accept no aid until their own resources are exhausted. Mr. White came here authorized by several labor organizations to place the proposition before President Mitchell. After the conference President Mitchell had nothing to say about the matter beyond the statement that he approved the plan.

A PREACHER SUSPENDED.

Thrashed by Girl's Father For Planning to Elope With Her.

Lancaster, Pa., July 9.—Upon the conclusion of the trial of Rev. C. C. Burt, of the Quarryville M. E. church yesterday, Presiding Elder A. G. Eynett issued the following state ment:

"The charges and specification, against Rev. O. C. Burt have been unanimously sustained and he stands suspended from the exercise of all ministerial functions until the next annual session of the Philadelphia conference."

Rev. Burt, who has a family at Quarryville, had planned to elope with Miss Anna Shank, a member of his congregation. Upon the discovery of the intended elopement he was thrashed by the girl's father.

Third Victim of Italian Dies.

Reading, Pa., July 9.—Edward Hartman, aged 25 years, the third victim of the shooting here on the night of July 4, died yesterday. The Italian street musician, who shot the three men, is in jail. The men teased the Italian and he drew a revolver and fired into the crowd of bystanders.

Coronation to Occur In August.
London, July 9.—The news that the coronation of King Edward was to be held before the middle of August was published in America before it was known here. But the London Times and other papers this morning confirm the Associated Press announcement. From the same excellent source the Associated Press learned yesterday that the pressing forward of the coronation was due to the personal insistence of the king.

WORK TO PROCEED

INJUNCTION AGAINST STREET RAILWAY DISSOLVED.

The Sebring Council Will Grant a Franchise And Construction Go On.

Some days ago a temporary injunction was granted to the Sebring Land company, of Sebring, restraining the Alliance-Sebring electric railway from constructing its road into the village of Sebring, for the reason assigned that the said railway was about to build its line upon the southside of the Ft. Wayne railway and would not build the Ohio avenue line. Upon the affidavit so made the injunction was granted.

On Monday the case came up before Judge Gilmer, of Warren, the courts at Youngstown being out of session, for a hearing. Hon. R. W. Taylor, W. S. Anderson and H. C. Ewing appeared as attorneys for the plaintiffs and D. E. Rogers, of Alliance, for the defendants. The legal battle was fought outside of the court room, and their agreement was made the journal story by the court and will stand.

On this part of the defense it was claimed that they had no other intention than to build the two lines in Sebring, but that they had no franchise for either, and that the council had utterly refused to give them such a franchise, as had been promised them. That their deal for lands on the south side of the Ft. Wayne railway was absolute and without reserve, and hence they had a right to construct their line over such land as was conveyed to them by the Sebring Land company. Two members of the Sebring council and E. H. and C. A. Sebring, of the land company, were present. By the agreement the village council of Sebring are to grant to the electric railway a franchise the same as granted by the Alliance council to said railway. This has been all that Mr. Morley has contended for. On the one hand the Sebring Land company claim to have gained a point in this, that both lines must be built, and the electric railway line claims to have gained all points when the injunction was dissolved. Inasmuch as the latter was the only point at issue and was dissolved it looks like the victory was for Mr. Morley and Mr. Rogers.

\$4.00 Tan Welt Shoes selling for \$2 R. W. SAMPLE & CO.

VILLAGE CROWDING

Much Progress at Amsterdam, the Coal Town on the L. E. A. & W. Road.

The village of Amsterdam on the Lake Erie, Alliance & Wheeling railroad promises to become quite a business place. The Ohio & Pennsylvania Coal company has leased a big tract of coal land and is now putting out large quantities of coal. They will also erect about a dozen double dwelling houses for their employees.

Since July 4 all regular trains on the L. E. A. & W. run through to Amsterdam. This now opens a section of the country heretofore practically cut off from the outside world. The station agent has been kept very busy since assuming his duties.

The widest possible publicity should be given to the fact that summer diarrhoea in children and cholera infantum can always be cured by the judicious use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails. When reduced with cold water and sweetened it is pleasant to take, which is very important when a medicine must be given to small children. For sale by Alvin H. Bulger.

Sorosis Tan Shoes, worth \$2.50 for ladies. Selling while they last at \$1.48. R. W. SAMPLE & CO.

1614

Government Investigated Strike.

Wilkesbarre, Pa., July 9.—The Associated Press is able to announce that the National Civic Federation which tried so hard to prevent the anthracite coal miners' strike, has not exhausted all its means in an effort to bring about peace in the anthracite coal fields. The investigation which was started soon after the miners laid down their picks is still in progress and it is understood that the federal government, through the department of labor, is assisting in this work. Government representatives investigated the situation.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaints: dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

MISS MONIE BOWEY,

No. 38 Perry Street,

DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowe.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cures Miss Bowe. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowe's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Burned Her Hand—While carrying a pan of hot starch from the kitchen to the laundry, Miss Nellie Willison, of Avondale street, had one of her hands badly burned this morning.

Tombstones' Victory—The Tombstones defeated the Never Sweats with great ease at Oak Grove camp grounds last evening. The score stood 18 to 3, and the former state that they could just as easily have made it 49.

Bad Boys Complained Of—Complaint is made that West End youngsters are becoming rather sacrilegious, by playing cards in the rear of the West End chapel and pursuing other similar practices. Officer Aufferdeide was watching for the urchins last night to land some of them.

Still Working at the Wreck—It will take two days yet to clean up the wreckage between Washington and Market streets, the scene of the late wreck. The broken cars are loaded on flat cars and taken to Wellsville. The Wellsville work train has a large force engaged in the work.

Her Eye Endangered—Mr. and Mrs. W. E. Warner have gone to Pittsburg to consult a specialist in regard to the

injuries received by their little daughter Pauline on the Fourth of July. A firecracker exploded in the child's face, severely burning one eye, and it was necessary to consult a specialist in order to save it.

Picnic at Thompson Park—The annual Sunday school and congregational picnic of St. Stephen's Episcopal church is being held this afternoon and evening at Thompson park. The children met at the parish house at 9:30 this morning and marched to the church, where the day was begun by devotional services, which lasted about 15 minutes. The children then proceeded to the Diamond, where they took special cars for the park. It is estimated that about 200 children attended the picnic, and together with their elders enjoyed all sorts of games. This is the first public picnic ever given at Thompson park.

HATS AND TROUSERS

On a Team of Draft Horses Attracted Much Attention.

An East Liverpool teamster arrayed his team of draft horses with overalls this morning and attracted a great deal of attention by adopting this method of keeping off the flies from the animals' legs. They appeared quite respectable in straw hats and trousers, and will probably feed at a first class horse restaurant.

Men's \$4.00 dark or light Tan Shoes at \$2.00 a pair; guaranteed exactly as represented.

LOCALS SHUT OUT

JOHNSTOWN DEFEATED EAST LIVERPOOL BALL TEAM.

Score stood 3 to 0 at the Close of a Most Interesting Game.

East Liverpool was unable to get in any effective work with the stick in the game at Johnstown yesterday, and in consequence suffered the first shut-out of the season. The boys from the flooded town only secured five hits, and that they won the game is credited to several timely bunts. 40th pitchers had excellent control, and the game throughout was watched with unabated interest. Writers carried away the batting honors, making two hits, while Berry and Ferrell came in close seconds. The score:

JOHNSTOWN.	R.	H.	P.	A.	E.

Stolen bases—Dowling, Grove, Heckathorn, 2.

Double plays—Heckathorn, Maag, Davis.

Bases on balls—Miles, Grove, Williams, 2; Berry, Davis.

Hit by pitched ball—Dowling, Goff, Maag, 2.

Struck out—Hardy, Reark, Webb, Patterson.

Wild pitch—Winters.

Time—1:17.

Umpire—Carroll.

John Godwin left this morning for Johnstown, Pa., to join the East Liverpool team. He will play at second base for them in this evening's game. Webb will be placed in his old position and Patterson will pitch the game.

Y. M. C. A. ATHLETIC PARK

Work on the Grounds Nearly Completed at a Cost of \$4,000.

Hunter & Funkhouser, of Rochester, Pa., are completing the new athletic grounds near the gun club grounds at Chester for the Y. M. C. A. of East Liverpool. They have removed and graded between 4,000 and 5,000 yards of earth and have made a perfectly level field and fine ball park.

The field will also be used for other athletic sports, and baths and other paraphernalia added. Officers of the Y. M. C. A. have been overseeing the work. The grounds when fully completed will cost in the neighborhood of \$1,000.

GAS CONSTRUCTION

Inspected By Directors Who Are Encouraged at the Outlook.

A number of the directors of the Gas Apparatus Construction company visited the plant last night. They inspected the plant and adjourned to East Liverpool, where they held a business meeting. The apparatus is still being dried out and when this is complete will begin operations. The working will then be thoroughly demonstrated.

The party was well pleased with the work thus far accomplished, and hopeful that the plant will be a great success. Prof. Rayman, who is well posted in chemistry, is especially so.

Got a Fine of \$6.60.

Charles McLane, one of the young men arrested on the evening of July 6 by Officer Fisher in the East End for being drunk and disorderly appeared before the mayor this morning and pleaded guilty to the charge. He was assessed \$6.60.

STRONG TEAM SECURED

To Play Against East Liverpool July 17, 18 And 19—Pittsburg Junction Coming.

Corresponding Secretary Travis received word this morning that the Wellsburg ball team had disbanded. The local team having three games scheduled with it to be played on the 17th, 18th and 19th. Mr. Travis has made arrangements to have the Pittsburg Junctions here on those dates.

This team is said to be the strongest in the vicinity of Pittsburg, and they will undoubtedly put up a good game. They have defeated Homestead, Johnstown and numerous other teams this season.

A SERIOUS FALL

A Lady Who Tumbled From Merry-go-round Rendered Unconscious.

A lady who accompanied the U. P. excursion from Allegheny yesterday, fell from the merry-go-round at the park at noon, striking her head on the floor and falling unconscious. She remained in that state from 12 o'clock until 5 in the evening. Dr. Lewis, of Chester, was called and finally brought her back to consciousness, and she was able to take the train which left at 6:30 last evening home. She was in a very delicate condition also.

VOTES IN PIANO CONTEST

The following number of votes were cast up to last Saturday evening in the contest for the Thompson piano, which will be awarded October 1 to the society or order receiving the largest number of votes. The votes are counted each week by Mayor Davidson or Chief Thompson:

Local No. 4, 53; Pocahontas, 2; Women of the World, 5; Maecabees, 5; Hod Carriers' union, 2; Firemen, 1232; Royal Arcanum, 232; N. B. of O. P., 53; Knights of Columbus, 882; Masons, 28; I. O. O. F., 43; K. of P., 89; Local No. 53, 1; Local No. 62, 16; Home Guards of America, 8; Y. P. T. S., 5; Jr. O. U. A. M., 11; Knights of the Golden Eagle, 7; Protected Home Circle, 12; B. P. O. E., 64; Local No. 12, 1; Ben Hur, 4; Butchers' association, 2; carpenters, 12; Kilndrawers, 1; Red Men, 7; Sons of St. George, 56; C. M. B. A., 5; Daughters of Liberty, 15; Y. M. C. A., 11; Turners, 29; Daughters of St. George, 6.

RIVER ITEMS.

The river is stationary.

The Ben Hur came up today with a big list of passengers and freight.

The Queen City came down today with the biggest trip of the season. She had 135 passengers registered from Pittsburg alone, besides quite a list from this city.

The government boat E. A. Woodruff passed up this morning for Pittsburg.

Coal tows are again going south.

SAME OLD PROBLEMS

(Continued from First Page.)

few who have been delinquent and the resolution was passed for their benefit.

Street Commissioner Dickey's salary was at last raised from \$50 per month to \$75. Much argument as usual prevailed when the question came up, and it looked for a while like the salary would remain unchanged, but when it was learned that Mr. Dickey had not yet been qualified, and that raising the salary would be perfectly legal under the circumstances, the increase was passed unanimously. However, it does not hold good for the preceding month, only being good for the present month and to the end of his term.

The city clerk was ordered to collect all of the assessments due from the property owners on Calcutta street, the collection to be 25 per cent of the valuation made in 1899. He was also ordered to certify the names of those who do not pay in full by September 1 to the county auditor. On this street the assessment amounts to over \$10,000.

A resolution declaring it necessary to improve Sugar alley from Robinson street to Kossuth street by paving, was passed upon a motion by Mr. Bullock.

The rules were suspended, and the following ordinances were placed on their third and final reading: Ordinance to improve Summit lane from the east line of lot No. 397 to Jackson street; ordinance to improve College street from south curb line of Robinson street to the south curb line of Forest street; ordinance to improve Baldwin alley and Drury lane.

Upon motion of Mr. Bullock the clerk was instructed to advertise for bids for all this work.

The engineer was instructed to draw an ordinance for the improvement of Sugar alley from Robinson street to Kossuth street. A petition signed by all the property owners except one along Green lane, from Basil avenue to Tip Top alley, asking that they be allowed to pave the lane, was accepted and the engineer was ordered to superintend the work.

To the light committee was referred the petition asking that a small light be placed at the intersection of Persimmon alley and Church alley.

Mr. McConnell stated that several of the residents of Pleasant street desired to improve their property by the erection of a stone wall at Middle alley. The engineer was instructed to furnish the grade on the alley.

Because the Bell Telephone company has an extra pole at the corner of Forest street and Thompson avenue, the company will be notified to have it removed. Mr. Johnston said that it obstructed travel.

Mr. Barlow made things warm when he began to orate on the condition of Grant street. He said that the street was at least two feet higher than the curb and that he positively wanted it repaired. The blame for this condition was at first thrown on the contractor who improved the street, but the engineer stated that he had done the work in accordance with the plans, and then the blame shifted to the property owners, it being alleged that they dumped dirt there. After a long discussion the street commissioner was ordered to make the necessary repairs.

Owing to the possibility of litigation being the result of giving Abner Martin credit for removing 50 yards of dirt from the street in front of his residence, Mr. Bullock moved the motion to pay it be rescinded. The motion was carried.

The following bills that were left over by the claims committee, were ordered paid: M. Brozka, \$10.55; J. W. Albright, \$2.50; Millican Hardware, \$17.71; Patterson Foundry company, \$63.21; Arlathnot & Bro., \$4.90; Robt. Hall, \$2.10; Frank Dickey, \$23.33; Potters' Co-operative company, \$5.08.

The regular monthly payroll was passed and notes amounting to \$37,719.92 were ordered renewed.

SAME OLD PROBLEMS BEFORE CITY COUNCIL

Question of Paving the Wharf Debated and Deferred
—Committee on Pleasant Heights Railway
Extension Reports Encouragingly.

MANY STREET IMPROVEMENTS ARE ORDERED.

The city council was in session last evening, and although every member present wanted to finish the business before the body in as little time as possible, several subjects of minor importance were sprung, and the session steamed and sweat considerably longer than upon occasions when the weather was more clement.

Under the head of ordinances, that for the improvement of the public wharf was again discussed. Solicitor McGarry, in making his report on the question, stated that he and the city engineer had acted according to the order of council by going to Cleveland where they found in the recorder's office the exact location of the wharf. It extends from the west side of Broadway to the alley west of Thompson's pottery; from the line of lots laid out by Blakely & Smith down to low water mark.

The area of the wharf amounts to several hundred square feet and it being deemed necessary to pave that part which will be in constant use, the engineer made an estimate on 200 square feet, which, if paved, will extend 12 feet past each end of the wharf boat. To pave it with second hand brick would cost \$4,400, and to pave with cobble stone would cost \$5,280.

There being a technical point of law not understood in regard to making the assessment, the question was again turned over to the solicitor with instructions to report definitely and finally on the law pertaining to the case at the next meeting.

Wharfmaster Martindill was present at the meeting and made a few remarks concerning the revenue that is obtainable from the wharf. He said that East Liverpool was the only city between Pittsburg and Cincinnati that allowed steamers to land at the wharf without paying a weekly sum for the privilege. It is customary to charge than a dollar per week. There were seven boats that land at this wharf at least 40 weeks in a year. If the assessment is made a revenue of \$280 will accrue to the city treasury every year. Council was surprised at the information, but received it with pleasure, and will take steps to have the revenue collected.

In behalf of the committee appointed by council to confer with Superintendent Healy and the Pleasant Heights committee regarding the street railway extension, Mr. McConnell, chairman of the committee, stated that very little of a material nature had been accomplished at the conference. The main point at issue, so far as the railway corporation was concerned, is the \$5,000 bonus offered by a land company for the laying of the line. Mr. Healy was very anxious that the money be assured him. He will have no trouble in getting the amount, it was stated, as it is in waiting for him immediately upon the completion of the line. Mr. McConnell expressed himself as being satisfied with the prospects of the extension being built by the East Liverpool company, and asked that the committee be continued. His request was granted.

At the last meeting of council the engineer was instructed to make an estimate on the cost of moving earth and laying of concrete walls on Trentvale street and Pennsylvania avenue. The cost of work and material for both sections on the former, consisting of 265 feet, would be \$774.02 and the cost for the latter would be \$152.40. Council thought the cost comparatively small, and wanted to make the improvement at once, but the solicitor stated that when work is done that exceeds a cost of \$500 it is necessary to advertise for bids. In accordance with the information a resolution was passed authorizing the clerk to advertise for bids for the construction of the work.

The committee appointed to investigate the claim made by John McBride, of Fourth street, reported that they found the sidewalk in front of his residence in a very poor and dangerous condition. He told the committee that if he was relieved of all assessments on the street work and if council would build him a wall he would lay the sidewalk. It seems he has the up-

per hand of council, as he never signed the petition circulated, and council feels that it will be compelled to do something in the matter. The committee was continued with instructions to negotiate a settlement.

A motion that the residents along the south side of Pleasant street begin at once to lay sidewalks was passed. All people who have been notified to lay new sidewalks and who do not comply with the order within the time prescribed by law will be compelled to allow the city to do the work, and have the cost charged against the property. The great majority of those who have received notification have done the work or commenced it, but there are a

Continued on 8th Page.

A DRUNKEN WATCHMAN

Now Thought to Have Been Responsible For Lisbon Tin Mill Fires.

Lisbon, July 9.—(Special)—The tin mill officials now have a new theory regarding the origin of the first fire at the mill last Saturday evening. They say that the watchman was intoxicated, and while they have no proof that he started the first fire, they are sure he dropped his torch in the grease house and caused the second fire. Had he been sober he would have known that the apparatus for which he was searching was not in the grease house nor in the store room where his torch started another small blaze. This latter fire was seen immediately and was extinguished. The watchman, Dan Griffith, has been discharged.

The material for the repairs in the machine shop, which was burned, have arrived, and the officials are being urged to get the mill in readiness to start as soon as possible. It will resume operations about the middle of next week.

CONCO FERRY CASE

Belief That Efforts to Stop the Steamer Running Will Be Futile.

The case of Watson Johnson against G. B. Goucher and others to restrain the steam ferry Emily from using the wharves at Conco and Wellsville was argued at the county court at New Cumberland, W. Va.

The judge took the case under advisement and will probably render his decision within a week. In case of an adverse decision Wellsville citizens, who subscribed a fund a few weeks ago for the purpose, will assist the owners of the ferry in fighting out the contention in a higher court. Messrs. Goucher, Griffith and Davis' attorneys believe that the Conco citizens' efforts to stop the steam ferry will be futile.

Government inspection of steam boats is made annually. William H. Clark, inspector of hulls, and Charles G. Thomas, inspector of boilers, have returned to Wheeling, after making a careful inspection of the Emily. They found the boat in a highly satisfactory condition.

A. O. U. W. OUTING

Great Crowd Expected at Rock Springs Park a Week From Today.

The annual outing of the Ancient Order of United Workmen, which will be held at Rock Springs park one week from tomorrow, promises to be among the largest picnics at the park this season. While the Pittsburg organization has booked the date, like organizations from Allegheny, Steubenville, Wheeling, Akron and other labor towns have been asked to attend the outing.

It is expected that not less than 6,000 visitors will be in the city on that date, and the street railway company are making extraordinary arrangements to handle large crowds. The trains will be held until late in the evening, as all those that will attend the outing will be enabled to visit all points of interest about the city.

MAJOR GENERAL G. W. DAVIS.

MAJOR GENERAL JOHN C. BATES.

TWO NEW MAJOR GENERALS IN UNCLE SAM'S ARMY.

Major General Davis is a native of Connecticut and a veteran of the civil and Spanish wars. In 1890-1900 he was governor of Porto Rico. Major General Bates is a Missouri, a civil war veteran, an old Indian fighter, and saw service during the Santiago campaign.

RATIFIED ACTION OF CONFERENCE

Manufacturers' Association at Wellsville Attended Meeting Settles Scale Issue.

A HARMONIOUS SESSION

The Agreement Made Between the Employing Potters and the N. B. of O. P. Talked Over And Its Terms Assented To.

A well attended meeting of the Western Manufacturers' association was held yesterday afternoon at the rooms of the Potters' club on Fifth street. The action of the conference committee in bringing about a settlement of the recent labor disputes in the jurisdiction of the association, was ratified. There was a large representation of local manufacturers present, and those from out of town were Mr. Force, of the Summit China company, Akron; Mr. Ingalls, of the Akron pottery; Mr. Mayer, of the Mayer Pottery company, Beaver Falls; Theodore Bradshaw, of the Niles pottery, and Will S. George, of the East Palestine pottery company.

No person was present at the meeting either from Wheeling or Sebring, for owners of potteries at these towns were members of the conference committee, or else attended meetings at which the settlement was discussed. The session was a most harmonious one, and the action of the conference committee is said to be all that was talked over at the meeting.

WIFE HAS LEFT HIM

And Harvey H. McVay, of East Liverpool, Enters Suit For Divorce.

Lisbon, July 9.—(Special)—Harvey H. McVay, of East Liverpool, has entered suit for divorce against Minnie McVay, of Lisbon. They were married in 1891 and have two children. He says that she has been willfully absent for three years, and claims that in April, 1900, she was guilty of unfaithfulness.

He also claims he is not the father of her 18-months-old child, and asks for the custody of the other two children.

Appealed to Common Pleas.

Lisbon, July 9.—(Special)—Joseph Campbell sued John McGarvey in the court of Justice Daniel McIntosh, of Yellow Creek township, and recovered judgment for \$25 claimed to be due in payment for household property. McGarvey has appealed the case to common pleas court.

CINCINNATI-PITTSBURG TROLLEY LINE PROJECTED

A dispatch from Huntington, W. Va., imparts the information that an electric railway system is soon to be built along the Ohio river from Pittsburg to Cincinnati. John Graham and Edmund McCadish, of Newville, Pa., and William North and John J. Henry, of Philadelphia, form a syndicate that has purchased the railway lines of the Camden Interstate railway, which extend from Huntington to Ironton. The consideration was \$4,000,000.

John Graham has been elected president of the company and it is stated upon good authority that the company made the purchase for no other purpose than consolidating with the recent lessees of the Cincinnati street railways, and that the object is to have a continuous line in operation between the two great centers in as short a time as possible. Ex-Senator Camden, of West Virginia, is one of the largest stockholders of the company.

Liverpool township, has been presented for probate.

Paul Chaffer, of Salem, has resigned from the administratorship of Jacob Hiltbrand, late of Perry township, and J. D. D. Huxley, of Salem, has been appointed to fill the place. He furnished his bond for \$9,000.

A HOODOOED TRAIN

The Same One Wrecked Here Sunday Figures in Another Accident.

The same drag No. 99 that had the big wreck in this city Sunday morning was pulling through Smith's Ferry last night about 2 o'clock when two of the cars in the middle of the train left the track caused by a piece of scrap being wedged in a frog of the switch near the bridge below the depot. Fortunately the train was not running rapidly and the cars were not mashed badly. The services of the Wellsville wreck train were required, however, and in the course of two hours the tracks were again clear and the cars again placed on the tracks.

No. 301 passenger train due here at 12:30 this morning was delayed over two hours by the accident, and did not arrive until about 3 o'clock this morning.

Engineer Thomas Croft and Conductor Willis Jordan had charge of the train. This crew are of the opinion that they have a hoodoo on them from such bad luck following in such close proximity. Conductor Jordan has just but lately assumed the conductorship on the drag, having been employed on one of the shifting crews in this city.

The damage resulting from the wreck last night will not be great.

THE SMALLPOX PATIENT

Still Reported Doing Well—Pest House to Be Placed in the Woods.

Guard McGraw, of the smallpox force, reports everything quiet on Mill run. Fitzpatrick is getting along all right, and no new cases are reported. A pest house is being erected on the garden place up Middle run.

Dr. F. P. Beaumont, of New Cumberland, and Dr. Lewis were in the smallpox district this morning inspecting the new shanty erected to which Fitzpatrick will soon be removed. It is in an isolated spot in the woods on the hill.

The widow Hart family will also be removed from its present quarters in the dwelling wherein Fitzpatrick was located on Middle run. Drs. Beaumont and Lewis did not find any new cases in their visit this morning to the infected district. The house occupied by Fitzpatrick and Mrs. Hart will be fumigated.

OVER A STEEP BANK

Went Horse and Grocery Wagon, But Driver Was Saved By Jumping.

A delivery wagon owned by Grocer Frank M. Fouts while being turned around on Cadmus street yesterday, opposite the residence of Charles Trainer, upset and fell over a steep embankment. The street is rather narrow at this point, and the driver, a young man named Williams, was compelled to make a short turn. This caused the vehicle to upset.

Williams jumped from the wagon as it started over the hill and escaped serious injury. The horse escaped in jury, and the wagon was but slightly damaged.

ARNSTEIN GOES WEST

Well Known Turner Instructor Will Return to His Old Home in Wisconsin.

Herbert Arnstein, who has been employed as Turner teacher at the Turner hall, has resigned his position and left for his home in Milwaukee. After remaining there for several weeks visiting relatives he will go to Oshkosh, Wis., where he will remain for several weeks for the benefit of his health. He has several flattering offers to take charge of gymnastic classes, but has not yet decided where he will locate. It was largely to his efforts that the recent turnfest held in this city was the success that it was.

Has a Freak Pig.

John Kountz, of the West End, is exhibiting with much pride a small pig which has 21 toes all told, and the freak is attracting unusual attention down in that section of the city, as the animal is quite a curiosity.

Licensed to Wed.

Lisbon, July 9.—(Special)—William E. Jackson and Minnie M. Beatty, East Liverpool, have been licensed to marry.

WORK BEGUN ON NEW BILL

Governor and Advisers Trying to Fix Municipal Code Law.

SENATOR HARDING A KICKER

Does Not Seem Grateful For Executive's Aid to the Legislators.

GOSSIP OF OHIO'S CAPITAL

Columbus, July 9.—(Special)—Word comes from Put-in-Bay that the governor and his advisers have begun work on the new municipal code bill. Over the same wire and at the same time almost comes word from Senator Harding, of Marion, that there has been enough "cutting and drying" in the legislature for some time, and decidedly discouraging the plan of fixing up something for the regularly elected lawmakers to do without consulting them in the matter.

The governor has already signified his intention of proposing something in the way of a compromise code bill. He will ask the extremists on all sides to yield to a compromise. A little will be given to one party and so much to another, and so on, until he will have satisfied all if it is possible to accomplish this result. Some of the best students of municipal government in the state are at Put-in-Bay and they are all bending every effort to provide Ohio cities with a government which will serve as a model to the cities of other states.

All the offices at the state building were closed yesterday in memoriam to the late Chief Justice Williams, whose funeral took place during the forenoon. A fitting memorial was prepared and adopted by the state officials before they repaired to the Williams residence on East Broad street. The members of the court accompanied the remains to Washington Court House, where they were buried. Rev. Dr. S. S. Palmer conducted the funeral ceremony. The local judges, members of the local bar and many other prominent attorneys and jurists over the state were present at the funeral services.

An ice famine seems to be threatened in Columbus. This fear is not due to any lack in the supply of this cooling commodity, but the trust and the independent companies are unable to secure help enough to supply the constantly increasing demand. On Tuesday, furniture vans, scavengers and express wagons could have been seen in the streets loaded with ice for the supply of the regular delivery wagons. Men as well as teams are hard to press into the service. Several new traction lines are just building into the city and these have "gobbled up" all the men and horses available at this time of the year. In addition to all this Director Philbrick, of the department of public safety, has asked for 25 more regular patrolmen. This, however, has very little influence upon labor interests, as there is no disposition upon the part of the city council to furnish the money with which to pay the extra men.

The clerk of the courts of Franklin county filed his annual report with the secretary of state yesterday. He showed that 935 cases of divorce have been before the court during the last year.

Although the official United States weather observatory thermometer registered only 90 in the shade Monday and Tuesday, there have been a number of heat prostrations. Several of these were at the penitentiary, some on the streets and not a few in the houses.

REDUCED IN VALUE

Is Columbiana County's Share of the C. & P. Property Appraisement.

Lisbon, July 9.—(Special)—At the meeting of the county auditors at Cleveland yesterday the valuation of the rolling stock of the C. & P. was re-apportioned among the counties through which the road passes.

The new apportionment gives Columbiana county about \$80,000 less than formerly.

Get the news while it is now. Read the News Review.

150 MILLIONS — !

The Glorious Fourth has passed. Every good American had a license to toot his horn and shoot off fire-crackers by the bunch. He celebrated the anniversary of American independence, the beginning of American freedom and American progress. From a colony under Great Britain in 1776, these United States have grown to be a Great Power, honored and respected by the nations of the earth, foremost among them all.

The New-York Life Is celebrating a momentous event, the 10th anniversary of the Declaration of Independence in life insurance—the NEW-YORK LIFE'S ACCUMULATION POLICY, the beginning of freedom from restrictions in policy contracts and of progress along all insurance lines, coupled with up-to-date methods.

From a comparatively small Company the NEW-YORK LIFE, under President McCall, has grown to be THE power in the world of insurance, honored and respected by competitors at home and abroad—foremost among them all.

That's a great thing to celebrate. But here's ANOTHER:—

THE MARVELOUS VOLUME OF MORE THAN
150 MILLIONS OF NEW PAID BUSINESS

SECURED BY THE FIELD MEN OF THE NEW-YORK LIFE DURING THE FIRST SIX MONTHS OF 1902.

S. J. CRAWFORD, General Agent,
Exchange Building.

EAST END

THE NEW PASTOR DULY INSTALLED

Impressive Services at the Second U. P. Church in the East End.

SOME ELOQUENT SERMONS

Given By Visiting Clergymen—A Happy Occasion for All Present—Outlook for the Future Regarded as Most Promising.

Rev. D. W. McQuiston has at last been installed as pastor of the Second U. P. church in St. George street, East End. This was done last evening, and the announcement that such a service would be held was the signal for fully 250 persons to assemble at the little church.

The service was most interesting, and quite a number of ministers from out of town were present. It was the intention of hold a business meeting, of the presbytery yesterday afternoon, but this was deferred, and no pastor, of the work that was dependent. Promptly at 8 o'clock the service was commenced, with the usual devotional exercises. These were followed by the installation sermon, which was preached by Rev. Bruce Gillis, of the Chester U. P. church. Next came an address to the pastor by Rev. W. B. Campbell, of Calcutta U. P. church. In

Oh, Yes

You wish you had ordered a case of Beer, Ale or Porter for today, but you didn't. It isn't our fault; we had plenty of it ready to deliver at your order. Don't get caught napping again. A postal card or the phones do the work.

G. W. Meredith & Co.,
171 to 177 Market Street.

this address the speaker charged the pastor, of the work that was dependent upon him and told of the vast amount of good that was to be accomplished by a hard working minister. The address to the congregation was by Rev. Clark, of Jefferson, O. He asked that the people of the church in accepting Rev. Mr. McQuiston as their pastor extend to him all the help that was possible, for without the help of the members of the church a pastor could not do good work. Pastor and people should work together and when this is done a church thrives, and its membership increases. This address was one of the most interesting of the evening. The service was then closed with prayer by Rev. Dr. Taggart, pastor of the First U. P. church of this city.

At the close of the service there was a general good time, in which pastor and people became better acquainted. The service was one that will be long remembered by the members of this church, for it was the first of the kind that has been held in the new church, and the first that was held for over seven years.

In taking active charge of this church Rev. Mr. McQuiston has the best wishes of the church people of the East End. The new pastor is a young man, and appears to have an unusually bright future in his work here.

GHOSTS AGAIN

Strike Terror to the Hearts of an East End Italian Merchant And His Father.

Again ghosts appeared at the fruit store of Frank Bonoti, in the East End last evening. These supposed creatures appeared in the mind's eye of the Italian about midnight last night, and both son and father became so frightened that they refused to remain in the store until morning. Both men have been badly frightened by having these pranks played upon them.

The Italians have been advised to shoot when they are again frightened in this manner, and it would not be surprising to see some one hurt.

MUST NOT REMOVE COATS

An Order That Seems Severe to the Employees of the Street Railway.

It seems that it is the desire of the management of the East Liverpool railway company to have employees

wilt during the warm weather. An order has been issued by the management prohibiting them from taking off their coats during the heated part of the day. Last summer the men had a little comfort while operating the company's cars, but not so this year. There was a time when the motormen were allowed to work with coats off, but probably in the eyes of some, the motormen do not look nice with their coats off. On the Rock Springs road the management permits all employees to be as comfortable as possible.

It is also said that an order has been issued to keep the front door closed on the small green cars, in order that they may be kept warmer. A protest will probably be made to the company about the orders.

Seriously Disarranged Things.

The gas explosion at the power house Monday evening caused a loss of about \$100, and it will be several days before the boiler is repaired. The explosion knocked the back wall out of the boiler and disarranged the gas connections in the front of the boiler, so much that all will have to be replaced. The explosion also disabled the water connections in the adjoining boiler, and this one will not be able to be fired for some time. Workmen are now engaged in making the necessary repairs to all the boilers.

Pewter Dimes Again.

Lead money has made its appearance in the East End again. Most of the wouldbe coins that have so far appeared are dimes bearing the date of 1891, and are quite hard to detect. It is believed that the money was left in the East End by the band of gypsies that recently went into camp up Dry Run, and who remained there for about a week. The street railway conductors have been heavy losers by having these coins passed on them.

Campers Enjoying Life.

J. McKinnon, of the East End, yesterday received a letter from his son, Nathaniel, who is with the Gilt Edge Camping club, located at Port Huron, Mich. The camp is located near the mouth of the St. Clair river. The letter states that all the members of the club are in the best of health, and that some of the boys have made several pleasure trips to Canada.

Garbage Wagon Busy.

The residents of the East End were agreeably surprised this morning to find the garbage wagon making col-

lections that have been deferred for several weeks. The wagon had not gone over two squares when it was loaded full, all of which proves that if the wagon made regular trips to this part of the city, it would be a paying investment.

Thieves Again Active.

Thieves have again caused no end of trouble to the East End shippers. Alex Chafin last evening had several dozen of lemons stolen from a crate that was placed in the so-called freight station by the local crew. Thefts of this sort are most frequent, and it is held that the railroad company should take some precautions to protect its patrons.

Special Services.

The regular communion service will be observed at the Second U. P. church next Sunday morning. There will be services at this church for three nights, commencing this evening, and these meetings will be in charge of Rev. Mr. Dean, of Salineville. He will also remain in the city until next Monday morning.

Pastor's Family Coming.

Rev. D. W. McQuiston will leave Monday morning for Monmouth, Ill., where he will meet his family who are now on their way from Iowa. The family will arrive in the East End later in the week, and will go direct to their new home on St. George street.

Injuries Not Serious.

Newton McAmee, night fireman at the power house, who was burned by an explosion Monday evening, is able to be out, and his injuries are not so great as at first thought. It will be several weeks before he will be able to resume his employment.

EAST END AFFAIRS.

Frank D. White has returned from a business trip to Sharon, Pa.

A little daughter of J. F. Moates, of Erie street, who has been suffering from gastric fever for several weeks, is improving.

Peter Bell, who has been suffering with an abscess under his right arm, for the past five weeks, is recovering, and will resume his work within a few days.

Men's \$3.00 Tan Shoes at \$1.80; \$4.00 ones for \$2.00. Coolest for the feet; best to wear.

RACES AT SALEM

Summary of Results on the Opening Day—A Good Attendance.

Salem, July 9.—The opening day of the Salem Driving Park association races witnessed a good attendance and six and seven starters respectively for the two races run, the third, a 2:35 pace, purse \$50, being postponed. Summary:

2:35 trot, purse \$250—Josh Billings, F. C. Gaston, Jackson, Tenn., won the third, fourth and fifth heats; Forward Chimes, C. Mertes, Ravenna, the first and second.

Best time, 2:29 3/4, by Josh Billings in third and Forward Chimes in first. Paul Kruger, Sonola, Estella Keys and Nellie Vincent also started.

2:19 pace, purse \$300—George Burton Ed Galvin, Youngstown, won first, fourth and fifth heats. The Serf, Fred Coburn, Rockport, O., second and third.

Best time, 2:19 3/4, by George Burton in first, Serf in second.

Other starters: Rena, Young, Executive; White Wings, Gilbert, Cleveland, Harry, Laird, Mansfield, and Dr. Hawker, Goshell, East Liverpool.

AZELDA

Azelza, July 9.—Mr. and Mrs. Allen Willis, of Minerva, visited Elmer Willis and family four days of last week.

Mr. and Mrs. James Hall, of Salem, spent Sunday with Mrs. Hall's sister, Mrs. R. C. Wilson.

Mr. and Mrs. Lewis Bardo have returned to their home near Salem.

Mr. and Mrs. Ed Thomas, of Mt. Zion, visited the family of R. B. Tullis, recently.

Mrs. William Crawford is slightly improved at this writing.

Miss Bessie Hall has returned to her home in Salem after spending four weeks with her cousin, Bessie Wilson. Boyd Kellogg and family, of East Carmel, entertained a number of people at Elmer Willis' Saturday night, with their graphophone.

Mrs. Mary Stanley, of Salem, visited her many friends here last week.

Mrs. Whipple, of Utah, visited the family of L. Cope, Friday.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. made me a perfectly well woman." Mrs. Charles Hutton, Burville, Mich.

A graduate school of agriculture, with about 70 students from 14 states, has opened at the Ohio state university, for the prosecution of a brief course of study and investigation, from which profitable results are expected. There is need of this school and others like it. This is a great agricultural nation. It not only feeds its own people, but sends its breadstuffs and meat products to all parts of the world. Yet we have as yet very little scientific agriculture! The time has passed or is fast passing when it is merely necessary to plow and sow and depend upon nature and a rich soil for bountiful harvests. Worn out and abandoned farms exist in great numbers. A trained European farmer, a Frenchman or a German, with a knowledge both of the theory and practice of agriculture, would laugh at the idea that any land that had once produced good crops could not be made to do so again. If suitable soil were lacking he would make a soil to suit. He would trust to his knowledge and not to haphazard methods. Innumerable instances show that such farmers succeed, where the old fashioned agriculturist, his neighbor, would receive but meager returns for much greater labor. Farming is a business that requires an educated brain, and this fact is becoming generally understood. There is a growing demand for scientific instruction in farming. The nation and the state are encouraging it. The "book farmers," who combine practice with theory, are no longer laughed at. They make the business pay. The agricultural schools merit all the encouragement they are receiving, so long as their graduates turn their attention to the work for which they are educated—the betterment of American agriculture.

The reported indignation of some of the Ohio legislators that Governor Nash should usurp their privileges and attempt to draft a code bill is rather amusing, in view of the failure of the legislators to draft measures that are constitutional. They ought to be glad of the substantial sort of aid the governor proposes to render, and the more sensible ones among them doubtless are. Besides, no legislative function is being usurped. Any citizen of Ohio has a perfect right to draft a bill and have it presented to the legislature for acceptance or rejection, and the governor, thoroughly familiar with the wants of the state, would be ex-

Difficult Digestion

That is dyspepsia.
It makes life miserable.
Its sufferers eat not because they want to, but simply because they must.
They know they are irritable and fretful; but they cannot be otherwise.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffy fullness, headache, heartburn and what not.
The effectual remedy, proved by permanent cures of thousands of severe cases, is

Hood's Sarsaparilla

HOOD'S PILLS are the best cathartic.

posing himself to censure if he failed to do his part to help the lawmakers when they are so sorely in need of aid. It is his business to advise the legislature on public questions, and Governor Nash always attends faithfully to the duties devolving upon him.

The Panama Canal company should be reminded that it is expected to make good its promise to give the United States a clear title to its property and concessions without unnecessary delay.

The coronation of King Edward is expected to take place next month. It will probably not be as splendid an affair as was first planned, but it will be an occasion of rejoicing nevertheless.

For an outline of the policies President Roosevelt intends to pursue it is far safer to trust the president's messages and speeches than Democratic newspapers.

The Kaiser has conferred the order of the Red Eagle on two distinguished capitalists. Why was Pierpont Morgan overlooked? He is certainly a "bird."

Governor Nash will call the legislature together August 25, and there are prospects of a warm time in more senses than one.

The congressional campaign is fast developing a condition closely resembling that of the weather.

OBITUARY

James Franklin Birch.

James F. Birch, aged 23 years, died at his late home on Erie street, last evening at 10 o'clock, of consumption. He is the third of the same family to die of the same disease within a year. The funeral services will be held tomorrow afternoon at 2 o'clock, Rev. G. W. Orcutt officiating. Interment will be made at Riverview cemetery. The family came to the East End from Meigs county about a year ago.

NARROW ESCAPE

From Being Ground Under the Wheels of a Shifting Engine.

Conductor H. D. Wiley, of day shifter No. 593, while engaged in shifting cars in the upper C. & P. yards, near the freight depot yesterday morning, and riding on a freight car, was thrown heavily to the ground by the handhold on the car giving away.

Fortunately he was thrown away from the wheels, but alighted on his face badly disfiguring his physiognomy and blacking both his eyes. He is congratulating himself that his injuries are not more serious.

SEVERED AN ARTERY

Serious Accident to Mrs. Thomas Watkins, of Railroad Street.

Mrs. Thomas Watkins, residing on Railroad street, in the rear of the power house, accidentally severed an artery in her right fore arm by a piece of broken glass about noon today.

Several physicians were summoned, and succeeded in stopping the flow of blood. For a time it was thought the accident would result seriously.

HIGHLY PRIZED FLAG

Has Figured as a Mourning Emblem Upon Many Memorable Occasions.

Miss Mary A. Hall, assistant librarian at the Carnegie public library, has a flag in her possession which she prizes highly. She is very proud of the national emblem, it having been conspicuous upon several occasions of national importance. It has been draped in mourning for three martyred presidents and also for General Grant and Queen Victoria.

Funeral of Mrs. Shay.

The funeral of Mrs. S. S. Shay took place from the home on Oak street this afternoon at 2 o'clock, Rev. J. G. Jordan, of the Presbyterian church, officiating. The interment took place in Riverview.

Years of suffering relieved in one night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

WITH THE WORKMEN IN THE CLAY PLANTS

(Special Correspondence.)

Wheeling, W. Va., July 9.—All the Wheeling potteries are still idle, but an early resumption is expected. Numerous repairs are being made at all the plants, and some of the shops expect to start not later than Monday next.

Many employees of the Wheeling potteries are spending their vacations away from the city. Many of the boys have organized hunting and fishing camps, and these clubs have gone down the river. Some expect to return to the city on Saturday evening.

James Cannon, chief fireman at the Riverside pottery, has gone to East Liverpool where he will remain a few days visiting his brothers.

August Fegedron, a sticker-up at the LaBelle pottery, has resigned his position, and in a short time will leave for New Castle, where he has secured a position as presser in the sanitary plant. He has been employed in the Wheeling potteries for a long time.

The Gollner boys, Fritz, Frank and Pete, who have been visiting friends in this city, have returned to New Castle. They are well known pressers in the new sanitary shop recently started there.

Representatives of the Ancient Order of United Workmen in this city, recently placed an order with the D. E. McNicol pottery company for several thousand souvenirs to be disposed of at an annual outing of the organization at Rock Springs park on July 17, one week from tomorrow. These souvenirs have been completed and are very neat both in workmanship and design. The souvenirs consist of a plate, in the center of which is printed the emblem of the order, in various colors. Several thousand have been completed, and they are sure to meet with a ready sale.

The kilnmen at the D. E. McNicol pottery, resumed work this morning after a loaf of about 10 days. It will be but a short time until this shop is in full operation.

The work of demolishing the old end of the Knowles, Taylor & Knowles plant is progressing more rapidly than was at first anticipated. It only required a few days to tear down the old end, and it was thought that the work would require at least a week. However, the work has progressed so fast

that yesterday several stone masons commenced to build the foundations for the new addition. This work will require but a short time. The foundations will be 13 inches thick.

A number of workmen who have been employed at the old end of the Knowles, Taylor & Knowles pottery, while that building is being remodeled, will be given employment in the new end. One of these will be "Happy" Reark, who for years has operated the cup figger at the old end. Other workmen will also report for duty at the new end within a few days.

J. J. Ingalls, secretary and treasurer of the Akron China company, was in the city yesterday. Mr. Ingalls says his pottery has resumed in full since the conference, and will run right along. Everybody out that way is fully satisfied with the manner in which the differences were settled, and happy over future prospects.

The Taylor, Smith & Taylor pottery has postponed resumption of operations until Monday on account of not getting their new porcelain ware shape ready for today.

The Chelsea pottery at New Cumberland started up in full on Monday. The shipments for the past month amounted to 50,000 dozen of ware, or 600,000 pieces.

Barney Cooper, a dipper at Vodyrey's, is moving to Second street today.

HIS WRIST FRACTURED

Harry Swanson Got an Ugly Fall While Getting off a Car.

While in the act of alighting from a street car last evening Harry Swanson, of lower Sixth street, met with a painful accident. In some way his foot became entangled with a rope on the end of the car and when he stepped off the rope clung to him, causing him to fall to the street. As a result his left wrist was fractured and the arm sprained.

A lot of ladies' \$2 and \$3 Tan Shoes for 68 cents a pair; coolest and best to wear.

FRIENDS AND VISITORS

W. S. Fowler is a Lisbon visitor today.

Miss Florence Hall has returned from a visit with friends in Rochester.

Dr. Bailey, of East Market street, is spending the day with his mother at Leesburg.

Mrs. Charles Smith, of Coal street, will be a guest of Tiffin, O., friends or a month.

Miss Esther Brown, of Toronto, is the guest of Mr. and Mrs. Fred Furer, Fifth street.

Will Skullen, of Cleveland, is visiting his grandmother, Mrs. Ferrall, of Sixth street.

Miss Jane Rowe, of Washington street, is visiting Sebring friends for a few weeks.

Miss Teresa McNicol will leave next week for an extended visit with friends in California.

Bernard Rand, of Second street, returned last evening from a business trip to Cleveland.

Frank L. Bradley, clerk of circuit court in Hancock county, was in the city last evening.

A. G. Hoffman and wife have returned home from an extended visit to Conneautville, Pa.

Mrs. Patrick Michaels and nephew, Berland Haines, are guests of relatives and friends in Salem.

Mrs. Chas. Porter will spend a number of weeks at Los Angeles, Cal., leaving this morning.

Mrs. William Coles, of Toronto, is visiting her parents, Mr. and Mrs. John Agner, Fourth street.

Mrs. A. B. Taylor, of Jackson street, returned last evening from a week's visit with Toronto relatives.

Ambrose Willison, of Avondale street, returned last evening from a visit with Toronto relatives.

Miss Anna Carson left this morning for Steubenville where she will visit with relatives for a few days.

Mr. and Mrs. John Fisher returned yesterday from Cleveland, where they went to spend the Fourth with friends.

George Rowe, a well known jiggerman at Godwin's, leaves for Atlantic City tomorrow for an extensive outing.

F. F. Mackey, of Florence street, a decorator at the Taylor, Smith & Taylor pottery, is visiting Glencoe, O., friends.

E. H. Simms, who is interested in the jewelry business in this city, returned home to Bucyrus, O., via Mansfield, this morning.

W. H. Gass left last evening for Richmond, Ind., to bring his wife home. She was taken seriously sick while visiting friends in that city.

Mrs. (if it is) "xbgkqj mfwyp mfwlyu Miss Edna Hatch, of Cleveland, are the guests of William Wells and family, of Washington street.

Harry Buxton, of Fifth street, a decorator at the Taylor, Smith & Taylor pottery, left this morning for a 10 days' outing at Atlantic City.

Word from William Burgess and wife and Joshua Poole and wife states that they landed safely at Liverpool, England, and that they had a pleasant voyage.

Harper Metsch and daughter returned to their home last evening at Elm more, after a few days' visit with the family of Christian Metsch, of Fourth street.

Mrs. Parks and children, Faust and Ruth, who have been visiting the former's daughter, Mrs. W. B. Reed, of Seventh street, left today for Sandy Lake, where they will spend the summer.

Mr. and Mrs. John Harvey and son George and wife, of Kossuth street, will spend a month in fishing and hunting at Bowmansville, Canada, where a sister of Mr. John Harvey resides. The town is located among a

myriad of small lakes and is an ideal outing spot.

Mrs. Rev. J. H. Mason, of the A. M. E. church, of this city, delegate to the Women's Mite Missionary conference, under the north Ohio conference, at London, O., and daughter, Miss Myrtle Mason, delegate from the junior band, left for London this morning to attend the sessions of the conference.

DOOR FELL ON HIM

Peter Hulse Badly Hurt And His Leg Probably Broken.

Peter Hulse, an employee of the C. C. Thompson pottery, was hurt this afternoon at the pottery by a door falling on his leg. He came to the Diamond and fell near Sixth and Market streets. The patrol wagon was called and he was taken to his home on Pleasant Heights. It is thought his limb is broken.

SNOWDEN HELD

MUST ANSWER TO GRAND JURY
FOR HIS CRIME.

Makes a Strong Point of Self-Defense
In Attack on
Burchard.

A preliminary hearing was given George Snowden yesterday afternoon, charged with shooting Blair Burchard the night of July 3. A number of witnesses were examined, who were spectators of the melee. The plea of self-defense was stoutly maintained, the prisoner being represented by Attorney W. F. Lones, of this city.

Stories of the almost tragic scene varied and the cause of the row was hard to obtain. There was nothing to substantiate a published statement that the men had been in a crap game at Ginger David's saloon. Patrons of the place on that night say that there were no games nor fighting in the saloon.

After the street row fighting continued, terminating in Butler's front street restaurant. Snowden testified that he was rushed to a corner by five men and emptied his revolver to save his life. The prisoner's assailants said that they rushed at Snowden to get the pistol from his hands.

When cross-examined they were asked by the defendant's counsel if they had made this intention known to Snowden and none of them admitted that they had. Had the hearing been a final one Snowden would have perhaps been discharged, but it was concluded to bind him over to the grand jury, his bond being fixed at \$500.

Burchard continues to improve and is thought to be out of danger. His wounds were dressed Tuesday.

THE WATER QUESTION

Surprise Expressed Over Action of
Council in Ordering an
Election.

That a third election for the issue of bonds to adopt the gravity system in obtaining water for the city is ordered by the council comes somewhat in the nature of a surprise. The petition that was sent to the council had also been presented to a meeting

of the water trustees a few days ago, who took no action, believing that the voters would again defeat the making of a special bond issue for the gravity system at this time.

It was argued by the councilmen that the measure had in the past been voted on at the general elections, many voters failing to register their sentiment on the water question. There will be a stiff fight put up by the champions and opponents of gravity during the two weeks that intervene before the election.

The present water plant is paying only a fraction of the running expenses, the trustees having been obliged to ask the council's permission to pay their own salaries from the general fund of \$60,000 that was by an act of the legislature permitted to be transferred from the specific use of improvement for general purposes.

The trustees said a month ago that experiments for obtaining clear, wholesome water from the river would, in their opinion, prove effective, but those experiments have not been made. Champions of the gravity system urge the belief that pure water can be obtained only from Little Yellow creek, and from a standpoint of economy it should be done.

For Board of Trade to Act On.

Mayor Fogo received a letter this morning from A. T. Dempsey, a capitalist from Pittsburg, stating that he would like to locate a pantaloons factory in this city and that he will do so if the city will donate him a lot 50x100 and a bonus of \$5,000. He agrees to employ 60 girls and spend \$100,000 in the erection and equipment of the factory. The mayor will lay the matter before the board of trade for consideration.

Swimming Club Formed.

A swimming club has been formed by several young people of Wellsville. The headquarters for aquatic pastime will be on the West Virginia shore, opposite seventh street. A large tent has been engaged and bathing suits of nobby style are being purchased. Several ladies will join the club. Included in the list of gentlemen are: Carl Cope, Walter Burnett, George Apple, Clyde Cummins, William Knox and Walter Moore.

Gave a House Warming.

A house warming was given at the home of William Bowers on Fourteenth street, last evening. The hours were spent in dancing, and refresh-

ments were served. The family recently moved here from Wellsville.

Tennis Club.

The recently organized tennis club is getting its courts on the Eighth street commons in good condition. Enough members are in the club to permit of some pretty contests during the summer.

WELLSVILLE SHORT STORIES.

Miss Jane Lewis is visiting friends in Salem.

Councilman E. G. Whitacre went to Wheeling today.

W. H. Baldwin is spending a few days in Cleveland.

A daughter was born to W. G. Scott and wife yesterday.

Rev. W. L. Wells has returned to his home in West Lafayette.

Charles Starrett, of Main street, has returned from Steubenville.

Mrs. Alma Dugan is visiting relatives in Moundsville, W. Va.

Mrs. A. G. Mays, of Center street, is visiting in New Castle, Pa.

Frank Mason and family have moved from Commerce street to Center.

Edgar Allen has gone to Cleveland to take a position in the railroad shops.

The sheet steel mill today resumed activity after a shut down from July 3.

Councilman Howard Weaver and wife are visiting relatives in Sistersville.

Henry and Albert Goetz have returned from a visit of a few days in Pittsburg.

F. A. Morland has returned from an extended trip through the western states.

Christopher Kelch was summoned to Sistersville by the death of his father, yesterday.

Homer McCartney has returned to St. Louis, Mo., after a visit with C. C. McCartney.

Charles Holcomb has moved his family to Salineville. He is a C. & P. fireman.

Fred Thompson, of Sharon, Pa., is visiting his aunt, Mrs. Stella Smith, on Hill street.

W. A. Jack and wife have returned to Cleveland after a visit over Sunday with T. B. Jack.

A son was born to Mr. and Mrs. W. A. Vandersall at their home on Main street yesterday.

D. S. Lawson, of Front and Seventh streets, has returned from a few days' visit in Zanesville.

Misses Grace Parke, Elsie Goodwin, Charles Harris and Henry Goetz joined an East Liverpool party of picnickers

to Rock Springs last evening.

A large number of Wellsville people will take advantage of the excursion to Cleveland next Sunday.

A large crowd was entertained on the public square by a clever trick bicycle rider last evening.

Mrs. Sol Cohen has returned to Cleveland after spending a few days at the residence of Julius Goetz.

Mrs. Nellie Ritchie and daughter, Violet, of Moundsville, W. Va., are guests at the home of the former's uncle, S. M. Snediker.

It is reported that Amalgamated local No. 28 will surrender the charter, no regular meeting having been held for several weeks.

Allen Beck, of Alliance, has become a C. & P. fireman and has moved his family to Main street, between Thirteenth and Fourteenth.

Mrs. Julia Rosenthal and son, of Steubenville, and Miss Helen Alexander, of Canal Dover, arrived on the Queen City Tuesday, spending a few hours at the residence of Julius Goetz on Front street. They returned by the train.

SOUTH SIDE

CONVENTION TOMORROW

At Wheeling to Select a Candidate for
Dover's Place in
Congress.

The First congressional district convention will be held in Wheeling tomorrow, Squire Johnston is a delegate from Grant district, which is also entitled to another. The delegates in Hancock county, nine in number, will be for B. B. Dovener, of Wheeling, for congress, as they voted at the primaries to so instruct. This number was based on the last presidential vote. E. M. Showalter, of Fairmont, Marion county, is Dovener's closest opponent. No resolutions will be offered to endorse any candidate for United States senator.

HEAT WAS INTENSE

One Man Prostrated at the Mill—Others Had to
Quit.

Harry Householder, a roller on No. 5 mill, was prostrated and overcome by heat yesterday, and was compelled to lay off. Frank Oliver, who dropped down from intense heat Monday, is again able to be on duty.

The steel mill force had to quit between 2 and 4 o'clock yesterday afternoon on account of the heat.

Must Own Property.

The council of New Cumberland some time ago adopted the provision passed by the state legislature, a general law, that the recorder, councilmen and other officials should be property-holders to some extent.

O. U. A. M. Picnic.

The O. U. A. M. of Rochester, Pa., are picnicking at the park today, coming by way of the C. & P. on a special train. They are indulging in all kinds of sports and taking in the sights of the park and city.

Work on the Mill.

The excavating for Faulk Bros.' new flooring mill on the corner of Fifth and Carolina streets, will begin tomorrow. The contract for the building will be let by Mr. Faulk this afternoon.

Quits His Position.

James M. Porter has severed his

connection with the American Sewer Pipe company. He had charge of the sales department of the company and also looked after the Black Horse sewer pipe plant at New Cumberland. He will enter the brokerage business.

CHESTER NOTES.

S. M. Severs was at Kendall today buying stock.

The Chester M. E. Sunday school is picnicking in the Pusey orchard today. Jasper Bradley, councilman of New Cumberland, was in Chester today on business.

Miss Elizabeth Martindale is visiting her parents at Bidwell, Gallion county, O.

Rev. J. R. Hosick and family, of Hookstown, spent yesterday at Rock Springs park.

Mayor Shrader, J. E. McDonald and C. H. Smith are at Parkersburg on bridge business.

The Milligan Hardware company is opening a branch store in Chester on Virginia avenue.

The Edwin M. Knowles pottery resumed this morning. All departments will be on full this week.

The Southside water line is completed up Second street to the property of John Shrader on the hill.

Harvesting is in progress in Hancock and Beaver counties, and farmers report the wheat excellent.

Mrs. John Spivey, of First street, who has been confined to her bed for 18 weeks, is improving rapidly.

Mr. and Mrs. Thomas Croxall and children, of Carolina avenue, are visiting Avalon, Pa., friends this week.

C. Williams, a motorman on the Rock Springs street railway, is visiting friends at Bidwell, Gallion county, O.

Hunter & Funkhouser, the contractors, find it difficult to find men to lay rails and finish the grading on Carolina avenue.

The East Liverpool Gun club will have another tournament on the Chester grounds Friday afternoon. There will be ten events.

The Protected Home circle initiated six candidates at its last meeting. The circle will rent a hall for holding regular meetings hereafter.

Hugh E. McGuire, father of Jacob McGuire, one of the bosses on the street railway work, is dead at Rochester, Pa., and will be buried today.

Between 125 to 235 loads of sewer pipe and fire brick are going out over the New Cumberland branch per day. The shipments are one-half heavier than last summer.

JUST IN TIME

Down in Health and Strength—
Nervous, Irritable, Ache All
Over, a Depressed Con-
dition Rapidly
Changed.

Mr. B. L. Updegraff, of No. 159 Fifth street, East Liverpool, O., says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store. I was at the time feeling run down and nervous, not up to the mark in health, and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Company Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

CORDIAL WELCOME GIVEN TO SPEAKER

The Candidate For Congress Gets
Pledges of Earnest
Support.

FRIENDS IN EAST LIVERPOOL

As Well as His Home Town Recognize
His Merits and Will Try to Secure
Him the Nomination—Kindly Trib-
ute From Youngstown.

Hon. Charles S. Speaker, of Lisbon, candidate for congress, spent yesterday in this city, and met a large number of prominent Republicans. He was received with enthusiastic welcome and pledged the warmest support from leaders and the rank and file of party workers.

Mr. Speaker is so well known in this city that there is no need for him to introduce himself or for his friends to point to his excellent record in and out of office. East Liverpool people will remember how earnestly Mr. Speaker espoused the cause of the street car men when he was prosecuting attorney, and brought the corporation with unlimited capital behind it to its knees and compelled it to observe the law. Mr. Speaker went after the street railway officials who were disregarding the law requiring closed vestibules to be placed on each car for the protection of the motormen from the blasts of winter. There was great excitement over the case at the time, and many predicted that the young lawyer would fight a losing battle. But with law and justice on his side, Mr. Speaker speedily won a victory that gained attention all over the state and hundreds of street railway employes have reason for thankfulness for his efforts in their behalf. The vestibule is on the winter car, and it is there to stay.

He told the railway officials that unless they forthwith complied with the law lines for each trip run without a vestibule and aggregating thousands of dollars would be assessed against them and collected and he meant it, too. They concluded it was best to comply. This is only an instance of Mr. Speaker's thoroughness. When he espouses any cause he goes to the bottom of it. He never leaves his work unfinished; no half way measures or temporizing satisfies him. No one can converse with him even for a few minutes without becoming convinced of his earnestness. It is his distinguishing trait.

Mr. Speaker has entered the brief campaign for the congressional nomination with the same spirit that he enters upon any work. He will make the most thorough canvass that the time will permit, and his friends are confident that he will make an impression that will cause him to enter the convention backed by Columbiana county's 103 votes and at the head of the list.

He is honored abroad as well as at home. The following kindly editorial is from a Youngstown paper, and although Mahoning is exceedingly desirous of carrying off the congressional nomination, the article shows that Mr. Speaker's merit and strength as a congressional candidate is felt and recognized far beyond the borders of his home county:

"If the nomination is to go outside of Mahoning, it is gratifying to see that it may go to so worthy a man as Mr. C. S. Speaker, of Lisbon. Mr. Speaker is about 47 years of age, in the prime of his strength and powers. He is a man of highest character and abilities of a very high order. As a public speaker he is in many respects the superior of any man in this district has had in many years—not excepting McKinley. If elected Mr. Speaker would be a painstaking member and would exert himself to the utmost to learn the wants of every part of his district, and he would do his utmost in every way to serve his constituents."

The following testimonial from Lisbon shows what prominent friends and neighbors think of Mr. Speaker. It is from the Lisbon lodge of the Amalgamated association of Iron, Steel and Tin Plate workers:

Lisbon, O., July 7, 1902.

To Whom It May Concern:
We, the undersigned, have personally known Hon. C. S. Speaker for years, and he has at every opportunity proved himself the friend of the working man and organized labor both from an official and private standpoint, and when a laboring man supports him for congress he certainly will make no mistake.

Fraternally Yours,
HARRY A. JOHNSON, Ex-president
M. H. Committee, ex-chairman.
W. S. PORTER, Recording Secretary.
ED EDWARDS, President.
RICH FROSSER, Treasurer.
F. F. WHITE, President-elect.
H. R. MITCHELL, Financial Secretary.

The miners of Lisbon have passed

the following resolution:

Lisbon, O., July 7, 1902.
We the miners of local union No. 1435, United Mine Workers of America, cordially endorse Hon. C. S. Speaker as a candidate for congress in the Eighteenth district. Having known him to be a friend of organized labor and of the working man, both as an official and private citizen, we earnestly request all organized labor to support C. S. Speaker for congress.

JOHN STEPHENS,
CLEM HAYS,
JOHN FROSSER,
DAVID ELLIS,
Committee.

Lisbon Typographical union furnishes the following tribute to Mr. Speaker:

Whereas, Hon. Charles S. Speaker has announced himself a candidate for congress to represent the Eighteenth district; and

Whereas, Hon. Charles S. Speaker has on all occasions and in every manner possible proved himself a friend to the cause of organized labor; and

Whereas, We, the Typographical union No. 257, believe that his election would work for the advancement of the cause of union labor in the Eighteenth district and that he would continue to be an efficient and willing friend of the union laborer; therefore be it

Resolved, That we, the Typographical union No. 257, do heartily endorse the candidacy of Hon. Charles S. Speaker and do recommend him to all labor unions of whatsoever sort within the limits of the Eighteenth district as a proper candidate and as deserving of their unqualified endorsement and un-failing support; and be it

Resolved, Further that copies of these resolutions be generally published and sent to all other typographical unions in the Eighteenth district.
JOHN LEE,
President.

J. J. BENNETT,
Corresponding Secretary.

Approved July 7, 1902.

LAWMAKERS TO MEET

Gov. Nash Decides to Call
Special Session of Ohio
Legislature.

AUGUST 25, IS THE DATE

Purpose is to Enact a Municipal Code
Bill For the Several Cities of the
State—Leaders of Both Parties to
Aid in Framing It.

Put-in-Bay, O., July 9.—Governor Nash has decided to call the legislature together in special session, August 25, to enact a municipal code bill for the several cities of the state.

Prominent Democratic and Republican leaders were here to aid in the framing of a bill, that will embody the needs of the various cities. The State Bar association met here yesterday, but adjourned soon after convening, out of respect to the late Judge Williams, of Columbus.

UNCLAIMED LETTERS

List of Letters Awaiting Owners
at the East Liverpool
Postoffice.

Gentleman's list:—Edward N. Brown; C. L. Butler; Benton Coleman; Melvin Couch; G. G. Curtis; Mike Davis; A. J. Davis; R. I. Downard; Wm. Farmer; Jno. Jasoy; Gaetano Guard; Chas. Harsha; Charles Hanelton; Claud Hendricks; Charles Hudgeson; Wm. Larkins; P. C. Lowery; Hence Marshal; Alac. Mays; John McDevitt; J. N. McFarland; Cash McKinnon; Chas. J. McMillan; Richard Meadows; R. L. Miller; J. B. Morgan; Jno. Nicholson; Elsworth Parker; Palm Feh-teler & Co.; John Paszternak; John T. Powell; George Roberson; G. W. Runyon; A. D. Stanley; Frank Sellers; Michael Taylor; Frank Woodburn.

Ladies list:—Bessie Beegle, (2); Mrs. Eliza Canna; Mrs. Jane Cowan; Mrs. Andrew Cunningham; Mrs. John Elden; Miss Ida V. Eneix; Miss Annie Garvin; Miss Rosie Hill; Miss Mary Hunsbarger; Mrs. Erd. Jones; Mrs. Mary Karr; Mrs. Orosie; Mrs. William Ruter; Miss Linnie Swan; Mrs. Katie Seifrage; Janie Smith; Mrs. George Thomas; Mrs. Jen. Watters; Mrs. Annie Wilson.

SALINEVILLE

Salineville, July 9.—Mrs. F. E. Dean, in her haste last Sunday, coming from church during an electrical storm, fell and sprained her wrist. It will not prove serious, but is painful.

H. A. Thompson has arrived home from Greenville, Pa., where he had been visiting his daughter, Mrs. F. B. Sawvell. Mrs. Thompson was unable to return on account of a fracture of an arm, sustained in a runaway last Saturday in that city, while visiting the cemetery. A strap on the neck-yoke was the cause of the attempted runaway.

Edgar Hunter, a former citizen of this town, now of Byesville, accompanied by his wife and child, spent the Fourth with his parents, Mr. and Mrs. J. W. Hunter.

Rev. F. E. Dean, pastor of the U. P. church, and H. A. Thompson went to East Liverpool Tuesday morning to attend the meeting of the Steubenville presbytery for the instalment of Rev. D. W. McQuiston, pastor of the Second U. P. church, East End.

William Humphrey, of Canton, spent a few days in this town with his aged mother and her family.

Harry Robbins, of Sheridan avenue, East Liverpool, returned home Tuesday after a 10 days' visit among friends.

James Connor, a prominent merchant of Cadiz, arrived here last Saturday evening via Pittsburg, for a short visit to the home of his parents on Main street, and returned to Cadiz Monday.

A number of the children and grandchildren of Mr. and Mrs. R. G. Thompson were entertained at the parental home on Independence day by a sumptuous dinner and supper.

Samuel Smith, an ex-soldier of Inverness, has been granted a pension of \$6 per month.

W. A. Thompson made a business trip to Carrollton last Saturday evening.

The new terra cotta store room of Miss Dot Baker on Main street is nearing completion. The glass fronts were placed in position last Monday. Miss Baker has resigned her position in Kurtz & Haines' dry goods store and Miss Emma Edwards will fill the vacancy.

On the glorious Fourth the only excitement in this town was the ball game with the Pittsburg team, which resulted in the morning for Salineville and in the afternoon in favor of Pittsburg, and the ominous crack of the torpedo and firecrackers in the hands of the small boy from early morning till the silent hours of the night.

Summer Comfort.

You can easily be comfortable in the hot weather if you provide yourself with an electric fan. It's a slight expense, but a great benefit. It gives you COMFORT.

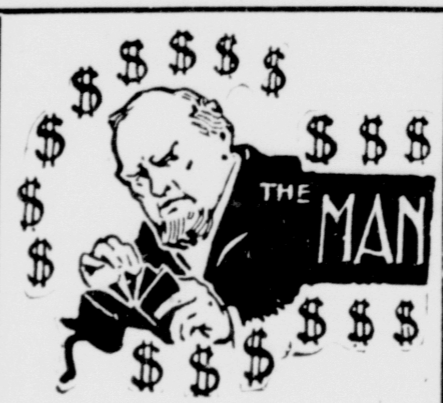

ENJOYMENT.

SATISFACTION.
If you can't go on a vacation you can bring the sea breeze to your home. Have it ready for a hot day.

FULL TREATY WANTED

State Department Will Press
For Complete Agreement
With Columbia.

THUS PREVENT REPUDIATION,

If Any Attempt Should be Made to
Break Terms Made—Won't Await
Adjustment of Title—Assurance of
Value From France.

Washington, July 9.—The state department has decided to press forward to completion the Colombian treaty looking to the acquisition of right of way for the isthmian canal. This is a slight change in the original program, which contemplated the complete adjustment of the question of title before concluding the treaty. So Secretary Hay, who already has accomplished the best portion of the work to be done in treaty making, and has it before him in the shape of a protocol, submitted to the last session of congress, has taken steps to give this form of a treaty and have it signed formally by accredited representatives of the government of Colombia and of the United States, so that the convention may be laid before the senate as soon as it convenes in December.

By adopting this course the state department will remove, it is expected, any chance of having the agreement already reached with Colombia disturbed by anything that may occur as a result of political changes, for it is the purpose to hold that such agreements, once duly entered upon, are not subject to repudiation, even in the event of a change of government. The protocol referred to was so definitely drawn that not many changes are required in order to recast the instrument for use as a treaty. The senate, however, did find one or two points of objections, and while these are not material, in the opinion of the department officials, in accordance with their usual practice they will seek to secure such modifications as will meet these objections. No difficulty is expected to result in securing an abatement of the old provision in the canal franchise requiring the use of French material only in the construction of the canal and the state department already has received an assurance from the French government which it regards as meeting the objection that has been made on that score.

CRUEL VENEZUELAN.

Soldiers Shot Children and Were Not Punished.

(Correspondence.)

Carupano, July 1.—After the re-occupation of Carupano by the troops of Castro's government, they indulged in the most riotous excesses, robbing and pillaging and perpetrating acts of cruelty. In the presence of Dr. Hag enah, of the German man-of-war Gazelle, and several other Germans who were at this port, an appalling act of savagery occurred. A little negro child of 10 or 11 years of age, almost naked, was playing near a group of Venezuelan officers, and asked one of them for a cent. Having been refused, he set himself to mimic them when an Andine officer, furious with rage, drew his revolver and shot the child, and Dr. Hag enah endeavored to stanch the wound, but in vain. The man was not punished.

A gentleman who arrived from Barcelona narrated a similar incident which he witnessed a few days ago. Some Andine soldiers, in order to show their skill as marksmen, took aim at a crouching child and wounded him mortally. The soldiers were not punished.

TO RECEIVE PAUNCEFOTE'S BODY

Funeral Arrangements Made by British Navy.

London, July 9.—The admiralty has made final arrangements for the reception of Lord Pouncefote's body now on its way to this country on board the United States armored cruiser Brooklyn. The British armored cruiser Australia and the second class cruiser Apollo will meet the Brooklyn outside the Isle of Wight and escort her to Southampton, where the naval commander-in-chief, Admiral Sir Charles F. Hotham, awaits the American warship's arrival. A hundred marines, with a band, will form the funeral guard. British blue

Karl's Clover Root Tea corrects the Stomach

Jackets will act as bearers from the ship to the train.

At the beginning of the removal of the remains from the Brooklyn the ships will fire 20 minute guns. The body will be taken to the family home, Preston court, Gloucestershire. The interment will be private. Simultaneously a memorial service will be held in London. Yesterday it had only been arranged for Captain Richardson Clover, the United States naval attaché here, to meet the body at Southampton on behalf of the United States.

RUSH TO TAKE PROFITS.

It Threw Some Discredit Upon the Character of the Stock Market, Tuesday.

New York, July 9.—Something very like a scramble to take profits at the end of the day yesterday served to throw some discredit upon the character of the day's movement in stocks, which had reached considerable proportions and with a semblance of much more substantial character than anything in the recent course of the market. Spots of strength were more numerous and the well established dividend paying stocks were foremost in the trading. The orders from single commission houses and the individual blocks taken of some of the high grade railroad stocks fairly warranted an inference of investment buying, supposed to be re-investment of resources made available by the July disbursements on the part of inside controlling interests in some of the properties.

United States Steel fell nearly a point in the late dealings on the postponement of the decision of the appeal of the suit against the stock conversion plan and on the beginning of a new suit. This and the sharp break in Colorado Fuel aggravated the reaction, and the closing was easy. Business in bonds broadened out somewhat, but the market was irregular. Total sales, par value, \$3,635,690.

U. S. new 4s declined 1/4 on the last call.

AID FOR THE STRIKERS.

Mitchell Will Only Accept After Miners' Resources Are Exhausted.

Wilkesbarre, Pa., July 9.—A national defense fund, to which all organized labor and the public in general will be asked to contribute, is the latest proposition placed on foot to help the striking anthracite coal miners if they need assistance in their struggle for higher wages and a shorter work day. Harry White, of New York, secretary of the National Garment Workers, and member of the conciliation committee of the Civil Federation, held a long conference with President Mitchell yesterday during which the plan was approved by the miners' chief, and Mr. White will at once begin preparations to carry out the plans. President Mitchell wants it understood, however, that the miners' union will accept no aid until their own resources are exhausted. Mr. White came here authorized by several labor organizations to place the proposition before President Mitchell. After the conference President Mitchell had nothing to say about the matter beyond the statement that he approved the plan.

A PREACHER SUSPENDED.

Thrashed by Girl's Father For Planning to Elope With Her.

Lancaster, Pa., July 9.—Upon the conclusion of the trial of Rev. C. C. Burt, of the Quarryville M. E. church yesterday, Presiding Elder A. G. Kynett issued the following statement:

"The charges and specification, against Rev. O. C. Burt have been unanimously sustained and he stands suspended from the exercises of all ministerial functions until the next annual session of the Philadelphia conference."

Rev. Burt, who has a family at Quarryville, had planned to elope with Miss Anna Shank, a member of his congregation. Upon the discovery of the intended elopement he was thrashed by the girl's father.

Third Victim of Italian Dies.

Reading, Pa., July 9.—Edward Hartman, aged 25 years, the third victim of the shooting here on the night of July 4, died yesterday. The Italian street musician, who shot the three men, is in jail. The men teased the Italian and he drew a revolver and fired into the crowd of bystanders.

Coronation to Occur in August.

London, July 9.—The news that the coronation of King Edward was to be held before the middle of August was published in America before it was known here. But the London Times and other papers this morning confirm the Associated Press announcement from the same excellent source. The Associated Press learned yesterday that the pressing forward of the coronation was due to the personal insistence of the king.

WORK TO PROCEED

INJUNCTION AGAINST STREET RAILWAY DISSOLVED.

The Sebring Council Will Grant a Franchise And Construction Go On.

Some days ago a temporary injunction was granted to the Sebring Land company, of Sebring, restraining the Alliance-Sebring electric railway from constructing its road into the village of Sebring, for the reason assigned that the said railway was about to build its line upon the southside of the Ft. Wayne railway and would not build the Ohio avenue line. Upon the affidavit so made the injunction was granted.

On Monday the case came up before Judge Gilmer, of Warren, the courts at Youngstown being out of session, for a hearing. Hon. R. W. Taylor, W. S. Anderson and H. C. Ewing appeared as attorneys for the plaintiffs and D. E. Rogers, of Alliance, for the defendants. The legal battle was fought outside of the court room, and their agreement was made the journal story by the court and will stand.

On the part of the defense it was claimed that they had no other intention than to build the two lines in Sebring, but that they had no franchise for either, and that the council had utterly refused to give them such a franchise as had been promised them. That their deal for lands on the south side of the Ft. Wayne railway was absolute and without reserve, and hence they had a right to construct their line over such land as was conveyed to them by the Sebring Land company. Two members of the Sebring council and E. H. and E. A. Sebring, of the land company, were present. By the agreement the village council of Sebring are to grant to the electric railway a franchise the same as granted by the Alliance council to said railway. This has been all that Mr. Morley has contended for. On the one hand the Sebring Land company claim to have gained a point in this, that both lines must be built, and the electric railway line claims to have gained all points when the injunction was dissolved. Inasmuch as the latter was the only point at issue and was dissolved it looks like the victory was for Mr. Morley and Mr. Rogers.

\$4.00 Tan Welt Shoes selling for \$2.
R. W. SAMPLE & CO.

VILLAGE CROWDING

Much Progress at Amsterdam, the Coal Town on the L. E. A. & W. Road.

The village of Amsterdam on the Lake Erie, Alliance & Wheeling railroad promises to become quite a business place. The Ohio & Pennsylvania Coal company has leased a big tract of coal land and is now putting out large quantities of coal. They will also erect about a dozen double dwelling houses for their employees.

Since July 4 all regular trains on the L. E. A. & W. run through to Amsterdam. This now opens a section of the country heretofore practically cut off from the outside world. The station agent has been kept very busy since assuming his duties.

The widest possible publicity should be given to the fact that summer diarrhoea in children and cholera infantum can always be cured by the judicious use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails. When reduced with cold water and sweetened it is pleasant to take, which is very important when a medicine must be given to small children. For sale by Alvin H. Bulger.

Sorosis Tan Shoes, worth \$3.50 for ladies. Selling while they last at \$1.48.
R. W. SAMPLE & CO.

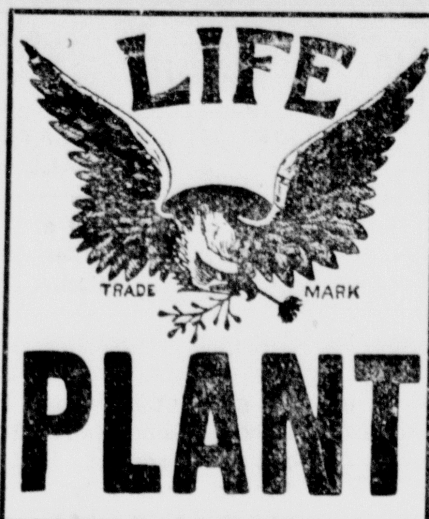

Government Investigated Strike.

Wilkesbarre, Pa., July 9.—The Associated Press is able to announce that the National Civic Federation, which tried so hard to prevent the anthracite coal miners' strike, has not exhausted all its means in an effort to bring about peace in the anthracite coal fields. The investigation which was started soon after the miners laid down their picks is still in progress and it is understood that the federal government, through the department of labor, is assisting in this work. Government representatives investigated the situation.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint; dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

West And Northwest.

THE LIFE PLANT COMPANY CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG AND W. L. WILSON.

MISS MONIE BOWEY,

No. 38 Perry Street,

DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Burned Her Hand—While carrying a pan of hot starch from the kitchen to the laundry, Miss Nellie Willison, of Avondale street, had one of her hands badly burned this morning.

Tombstones' Victory—The Tombstones defeated the Never Sweats with great ease at Oak Grove camp grounds last evening. The score stood 18 to 3, and the former state that they could just as easily have made it 40.

Bad Boys Complained Of—Complaint is made that West End youngsters are becoming rather sacrilegious, by playing cards in the rear of the West End chapel and pursuing other similar practices. Officer Auferheide was watching for the urchins last night to land some of them.

Still Working at the Wreck—It will take two days yet to clean up the wreckage between Washington and Market streets, the scene of the late wreck. The broken cars are loaded on flat cars and taken to Wellsville. The Wellsville work train has a large force engaged in the work.

Her Eye Endangered—Mr. and Mrs. W. E. Warner have gone to Pittsburgh to consult a specialist in regard to the

injuries received by their little daughter Pauline on the Fourth of July. A firecracker exploded in the child's face, severely burning one eye, and it was necessary to consult a specialist in order to save it.

Picnic at Thompson Park—The annual Sunday school and congregational picnic of St. Stephen's Episcopal church is being held this afternoon and evening at Thompson park. The children met at the parish house at 9:30 this morning and marched to the church, where the day was begun by devotional services, which lasted about 15 minutes. The children then proceeded to the Diamond, where they took special cars for the park. It is estimated that about 200 children attended the picnic, and together with their elders enjoyed all sorts of games. This is the first public picnic ever given at Thompson park.

HATS AND TROUSERS

On a Team of Draft Horses Attracted Much Attention.

An East Liverpool teamster arrayed his team of draft horses with overalls this morning and attracted a great deal of attention by adopting this method of keeping off the flies from the animals' legs. They appeared quite respectable in straw hats and trousers, and will probably feed at a first class horse restaurant.

Men's \$4.00 dark or light Tan Shoes at \$2.00 a pair; guaranteed exactly as represented.

LOCALS SHUT OUT

JOHNSTOWN DEFEATED EAST LIVERPOOL BALL TEAM.

Score stood 3 to 0 at the Close of a Most Interesting Game.

East Liverpool was unable to get in any effective work with the stick in the game at Johnstown yesterday, and in consequence suffered the first shut-out of the season. The boys from the flooded town only secured five hits, and that they won the game is credited to several timely bunts. Both pitchers had excellent control, and the game throughout was watched with unabated interest. Winters carried away the batting honors, making two hits, while Berry and Ferrell came in close seconds. The score:

JOHNSTOWN.	R.	H.	P.	A.	E.
Hill, rf.....	0	0	0	0	0
Dowling, lb.....	1	1	12	0	0
Miles, 2b.....	0	1	2	2	0

Score by innings:
E. Liverpool.....0 0 0 0 0 0 0 0 0—0
Johnstown.....0 2 1 0 0 0 0 0 0—3

Two base hits—Ganier.
Sacrifice hits—Grove, Berry.
Stolen bases—Dowling, Grove, Heckathorn, 2.
Double plays—Heckathorn, Maag, Davis.
Bases on balls—Miles, Grove, Williams, 2; Berry, Davis.
Hit by pitched ball—Dowling, Goff, Maag, 2.
Struck out—Hardy, Reark, Webb, Patterson.
Wild pitch—Winters.
Time—1:17.
Umpire—Carroll.

John Godwin left this morning for Johnstown, Pa., to join the East Liverpool team. He will play at second base for them in this evening's game. Webb will be placed in his old position and Patterson will pitch the game.

Y. M. C. A. ATHLETIC PARK

Work on the Grounds Nearly Completed at a Cost of \$4,000.

Hunter & Funkhouser, of Rochester, Pa., are completing the new athletic grounds near the gun club grounds at Chester for the Y. M. C. A., of East Liverpool. They have removed and graded between 4,000 and 5,000 yards of earth and have made a perfectly level field and fine ball park.

The field will also be used for other athletic sports, and baths and other paraphernalia added. Officers of the Y. M. C. A. have been overseeing the work. The grounds when fully completed will cost in the neighborhood of \$4,000.

CAS CONSTRUCTION

Inspected By Directors Who Are Encouraged at the Outlook.

A number of the directors of the Gas Apparatus Construction company visited the plant last night. They inspected the plant and adjourned to East Liverpool, where they held a business meeting. The apparatus is still being dried out and when this is complete will begin operations. The working will then be thoroughly demonstrated.

The party was well pleased with the work thus far accomplished, and hopeful that the plant will be a great success. Prof Rayman, who is well posted in chemistry, is especially so.

Got a Fine of \$6.60.

Charles McLane, one of the young men arrested on the evening of July 6 by Officer Fisher in the East End for being drunk and disorderly appeared before the mayor this morning and pleaded guilty to the charge. He was assessed \$6.60.

STRONG TEAM SECURED

To Play Against East Liverpool July 17, 18 And 19—Pittsburg Junction coming.

Corresponding Secretary Travis received word this morning that the Wellsburg ball team had disbanded. The local team having three games scheduled with it to be played on the 17th, 18th and 19th. Mr. Travis has made arrangements to have the Pittsburg Junctions here on those dates.

This team is said to be the strongest in the vicinity of Pittsburg, and they will undoubtedly put up a good game. They have defeated Homestead, Johnstown and numerous other teams this season.

A SERIOUS FALL

A Lady Who Tumbled From Merry-go-round Rendered Unconscious.

A lady who accompanied the U. P. excursion from Allegheny yesterday, fell from the merry-go-round at the park at noon, striking her head on the floor and falling unconscious. She remained in that state from 12 o'clock until 5 in the evening. Dr. Lewis, of Chester, was called and finally brought her back to consciousness, and she was able to take the train which left at 6:30 last evening home. She was in a very delicate condition also.

VOTES IN PIANO CONTEST

The following number of votes were cast up to last Saturday evening in the contest for the Thompson piano, which will be awarded October 1 to the society or order receiving the largest number of votes. The votes are counted each week by Mayor Davidson or Chief Thompson:

Local No. 4, 53; Pocahontas, 2; Woodmen of the World, 5; Maccabees, 5; Hod Carriers' union, 2; Firemen, 1232; Royal Arcanum, 232; N. B. of O. P., 59; Knights of Columbus, 882; Masons, 38; I. O. O. F., 43; K. of P., 89; Local No. 53, 1; Local No. 62, 16; Home Guards of America, 8; Y. P. T. S., 5; Jr. O. U. A. M., 11; Knights of the Golden Eagle, 7; Protected Home Circle, 12; B. P. O. E., 6; Local No. 12, 1; Ben Hur, 4; Butchers' association, 2; carpenters, 12; Kilndrawers, 1; Red Men, 7; Sons of St. George, 56; C. M. B. A., 5; Daughters of Liberty, 15; Y. M. C. A., 11; Turners, 29; Daughters of St. George, 6.

RIVER ITEMS.

The river is stationary.

The Ben Hur came up today with a big list of passengers and freight.

The Queen City came down today with the biggest trip of the season. She had 135 passengers registered from Pittsburg alone, besides quite a list from this city.

The government boat E. A. Woodruff passed up this morning for Pittsburg.

Coal tows are again going south.

Persons Leaving the City
During the summer can have The Evening News Review mailed to them. Terms, 10 cents per week.

If you are going from home for a week or more be sure to have The News Review sent you and thus keep posted on home events.

Change of address may be made as often as desired. When a change is ordered the old as well as the new address should be given.

SAME OLD PROBLEMS

(Continued from First Page.)

few who have been delinquent, and the resolution was passed for their benefit. Street Commissioner Dickey's salary was at last raised from \$50 per month to \$75. Much argument as usual prevailed when the question came up, and it looked for a while like the salary would remain unchanged, but when it was learned that Mr. Dickey had not yet been qualified, and that raising the salary would be perfectly legal under the circumstances, the increase was granted unanimously. However, it does not hold good for the preceding month, only being good for the present month and to the end of his term.

The city clerk was ordered to collect all of the assessments due from the property owners on Calcutta street, the collection to be 25 per cent of the valuation made in 1899. He was also ordered to certify the names of those who do not pay in full by September 1 to the county auditor. On this street the assessment amounts to over \$10,000.

A resolution declaring it necessary to improve Sugar alley from Robinson street to Kossuth street by paving, was passed upon a motion by Mr. Bullock.

The rules were suspended, and the following ordinances were placed on their third and final reading: Ordinance to improve Summit lane from the east line of lot No. 397 to Jackson street; ordinance to improve College street from south curb line of Robinson street to the south curb line of Forest street; ordinance to improve Baldwin alley and Drury lane.

Upon motion of Mr. Bullock the clerk was instructed to advertise for bids for all this work.

The engineer was instructed to draw an ordinance for the improvement of Sugar alley from Robinson street to Kossuth street. A petition signed by all the property owners except one along Green lane, from Basil avenue to Tip Top alley, asking that they be allowed to pave the lane, was accepted and the engineer was ordered to superintend the work.

To the light committee was referred the petition asking that a small light be placed at the intersection of Persimmon alley and Church alley.

Mr. McConnell stated that several of the residents of Pleasant street desired to improve their property by the erection of a stone wall at Middle alley. The engineer was instructed to furnish the grade on the alley.

Because the Bell Telephone company has an extra pole at the corner of Forest street and Thompson avenue, the company will be notified to have it removed. Mr. Johnston said that it obstructed travel.

Mr. Barlow made things warm when he began to orate on the condition of Grant street. He said that the street was at least two feet higher than the curb and that he positively wanted it repaved. The blame for this condition was at first thrown on the contractor who improved the street, but the engineer stated that he had done the work in accordance with the plans, and then the blame shifted to the property owners, it being alleged that they dumped dirt there. After a long discussion the street commissioner was ordered to make the necessary repairs.

Owing to the possibility of litigation being the result of giving Abner Martin credit for removing 50 yards of dirt from the street in front of his residence, Mr. Bullock moved the motion to pay it be rescinded. The motion was carried.

The following bills that were left over by the claims committee, were ordered paid: M. Brozka, \$10.65; J. W. Albright, \$2.50; Milligan Hardware, \$17.71; Patterson Foundry company, \$63.21; Arbuthnot & Bro., \$4.00; Robt. Hall, \$2.10; Frank Dickey, \$23.23; Pottery Co-operative company, \$5.08.

The regular monthly payroll was passed and notes amounting to \$37,719.93 were ordered renewed.

SAME OLD PROBLEMS BEFORE CITY COUNCIL

Question of Paving the Wharf Debated and Deferred
—Committee on Pleasant Heights Railway
Extension Reports Encouragingly.

MANY STREET IMPROVEMENTS ARE ORDERED.

The city council was in session last evening, and although every member present wanted to finish the business before the body in as little time as possible, several subjects of minor importance were sprung, and the solons steamed and sweat considerably longer than upon occasions when the weather was more clement.

Under the head of ordinances, that for the improvement of the public wharf was again discussed. Solicitor McGarry, in making his report on the question, stated that he and the city engineer had acted according to the order of council by going to Cleveland where they found in the recorder's office the exact location of the wharf. It extends from the west side of Broadway to the alley west of Thompson's pottery; from the line of lots laid out by Blakely & Smith down to low water mark.

The area of the wharf amounts to several hundred square feet and it being deemed necessary to pave that part which will be in constant use, the engineer made an estimate on 200 square feet, which, if paved, will extend 12 feet past each end of the wharf boat. To pave it with second hand brick would cost \$1,400, and to pave with cobble stone would cost \$5,280.

There being a technical point of law not understood in regard to making the assessment, the question was again turned over to the solicitor with instructions to report definitely and finally on the law pertaining to the case at the next meeting.

Wharfmaster Martindill was present at the meeting and made a few remarks concerning the revenue that is obtainable from the wharf. He said that East Liverpool was the only city between Pittsburgh and Cincinnati that allowed steamers to land at the wharf without paying a weekly sum for the privilege. It is customary to charge than a dollar per week. There were seven boats that land at this wharf at least 40 weeks in a year. If the assessment is made a revenue of \$280 will accrue to the city treasury every year. Council was surprised at the information, but received it with pleasure, and will take steps to have the revenue collected.

In behalf of the committee appointed by council to confer with Superintendent Healy and the Pleasant Heights committee regarding the street railway extension, Mr. McConnell, chairman of the committee, stated that very little of a material nature had been accomplished at the conference. The main point at issue, so far as the railway corporation was concerned, is the \$5,000 bonus offered by a land company for the laying of the line. Mr. Healy was very anxious that the money be assured him. He will have no trouble in getting the amount, it was stated, as it is in waiting for him immediately upon the completion of the line. Mr. McConnell expressed himself as being satisfied with the prospects of the extension being built by the East Liverpool company, and asked that the committee be continued. His request was granted.

At the last meeting of council the engineer was instructed to make an estimate on the cost of moving earth and laying of concrete walls on Trentvale street and Pennsylvania avenue. The cost of work and material for both sections on the former, consisting of 265 feet, would be \$774.02 and the cost for the latter would be \$152.40. Council thought the cost comparatively small, and wanted to make the improvement at once, but the solicitor stated that when work is done that exceeds a cost of \$500 it is necessary to advertise for bids. In accordance with the information a resolution was passed authorizing the clerk to advertise for bids for the construction of the work.

The committee appointed to investigate the claim made by John McBride, of Fourth street, reported that they found the sidewalk in front of his residence in a very poor and dangerous condition. He told the committee that if he was relieved of all assessments on the street work and if council would build him a wall he would lay the sidewalk. It seems he has the up-

per hand of council, as he never signed the petition circulated, and council feels that it will be compelled to do something in the matter. The committee was continued with instructions to negotiate a settlement.

A motion that the residents along the south side of Pleasant street begin at once to lay sidewalks was passed. All people who have been notified to lay new sidewalks and who do not comply with the order within the time prescribed by law will be compelled to allow the city to do the work, and have the cost charged against the property. The great majority of those who have received notification have done the work or commenced it, but there are a

Continued on 8th Page.

A DRUNKEN WATCHMAN

Now Thought to Have Been Responsible For Lisbon Tin Mill Fires.

Lisbon, July 9.—(Special)—The tin mill officials now have a new theory regarding the origin of the first fire at the mill last Saturday evening. They say that the watchman was intoxicated, and while they have no proof that he started the first fire, they are sure he dropped his torch in the grease house and caused the second fire. Had he been sober he would have known that the apparatus for which he was searching was not in the grease house nor in the store room where his torch started another small blaze. This latter fire was seen immediately and was extinguished. The watchman, Dan Griffith, has been discharged.

The material for the repairs in the machine shop, which was burned, have arrived, and the officials are being urged to get the mill in readiness to start as soon as possible. It will resume operations about the middle of next week.

CONGO FERRY CASE

Belief That Efforts to Stop the Steamer Running Will Be Futile.

The case of Watson Johnson against G. B. Goucher and others to restrain the steam ferry Emily from using the wharves at Congo and Wellsville was argued at the county court at New Cumberland, W. Va.

The judge took the case under advisement and will probably render his decision within a week. In case of an adverse decision Wellsville citizens, who subscribed a fund a few weeks ago for the purpose, will assist the owners of the ferry in fighting out the contention in a higher court. Messrs. Goucher, Griffith and Davis' attorneys believe that the Congo citizens' efforts to stop the steam ferry will be futile.

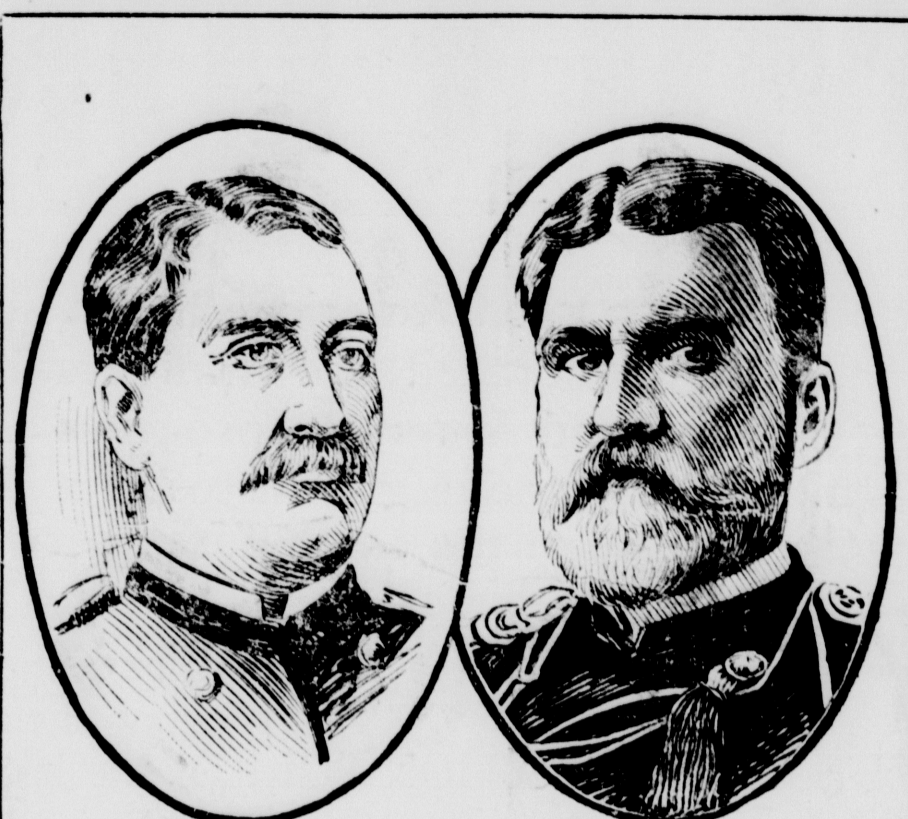

Government inspection of steam boats is made annually. William H. Clark, inspector of hulls, and Charles G. Thomas, inspector of boilers, have returned to Wheeling, after making a careful inspection of the Emily. They found the boat in a highly satisfactory condition.

A. O. U. W. OUTING

Great Crowd Expected at Rock Springs Park a Week From Today.

The annual outing of the Ancient Order of United Workmen, which will be held at Rock Springs park one week from tomorrow, promises to be among the largest picnics at the park this season. While the Pittsburgh organization has booked the date, like organizations from Allegheny, Steubenville, Wheeling, Akron and other labor towns have been asked to attend the outing.

It is expected that not less than 6,000 visitors will be in the city on that date, and the street railway company are making extraordinary arrangements to handle large crowds. The trains will be held until late in the evening, as all those that will attend the outing will be enabled to visit all points of interest about the city.

MAJOR GENERAL G. W. DAVIS.

MAJOR GENERAL JOHN C. BATES.

TWO NEW MAJOR GENERALS IN UNCLE SAM'S ARMY.
Major General Davis is a native of Connecticut and a veteran of the civil and Spanish wars. In 1899-1900 he was governor of Porto Rico. Major General Bates is a Missourian, a civil war veteran, an old Indian fighter, and saw service during the Santiago campaign.

RATIFIED ACTION OF CONFERENCE

Manufacturers' Association at Wellsville Attended Meeting Settles Scale Issue.

A HARMONIOUS SESSION

The Agreement Made Between the Employing Potters and the N. B. of O. P. Talked Over And Its Terms Assented To.

A well attended meeting of the Western Manufacturers' association was held yesterday afternoon at the rooms of the Potters' club on Fifth street. The action of the conference committee in bringing about a settlement of the recent labor disputes in the jurisdiction of the association, was ratified. There was a large representation of local manufacturers present, and those from out of town were Mr. Force, of the Summit China company, Akron; Mr. Ingalls, of the Akron pottery; Mr. Mayer, of the Mayer Pottery company, Beaver Falls; Theodore Bradshaw, of the Niles pottery, and Will S. George, of the East Palestine pottery company. No person was present at the meeting either from Wheeling or Sebring, for owners of potteries at these towns were members of the conference committee, or else attended meetings at which the settlement was discussed. The session was a most harmonious one, and the action of the conference committee is said to be all that was talked over at the meeting.

WIFE HAS LEFT HIM

And Harvey H. McVay, of East Liverpool, Enters Suit For Divorce.

Lisbon, July 9.—(Special)—Harvey H. McVay, of East Liverpool, has entered suit for divorce against Minnie McVay, of Lisbon. They were married in 1891 and have two children. He says that she has been wilfully absent for three years, and claims that in April, 1900, she was guilty of unfaithfulness.

He also claims he is not the father of her 18-months-old child, and asks for the custody of the other two children.

Appealed to Common Pleas.

Lisbon, July 9.—(Special)—Joseph Campbell sued John McGarvey in the court of Justice Daniel McIntosh, of Yellow Creek township, and recovered judgment for \$25 claimed to be due in payment for household property. McGarvey has appealed the case to common pleas court.

CINCINNATI-PITTSBURG TROLLEY LINE PROJECTED

A dispatch from Huntington, W. Va., imparts the information that an electric railway system is soon to be built along the Ohio river from Pittsburgh to Cincinnati. John Graham and Edmund McCadish, of Newville, Pa., and William North and John J. Henry, of Philadelphia, form a syndicate that has purchased the railway lines of the Camden Interstate railway, which extend from Huntington to Ironton. The consideration was \$2,500,000.

UNCLE SAM'S MEN SURVEY FOR DAM

Wellsville Clings Fondly to the Hope That It Will Be Located There.

NO INFORMATION IS GIVEN

Survey Made of Various Points in the Vicinity For the Location of the Great Work—Work Will Not Start Till Fall.

Four civil engineers in the employ of the government have concluded their labors after a four days' sojourn in Wellsville and vicinity and taken their departure. It is understood that they were obtaining data for the purpose of establishing the location of the dam that is to be constructed as provided for in an appropriation by the last congress.

Lines were made and stakes driven at Walker, Wellsville and at Baker's island, just below Wellsville. The line in Wellsville is just above the steamer landing, a few yards below Third street and on the West Virginia shore the stakes are almost at the Congo landing.

Captain James H. Brandon believes that the dam will be constructed at the latter point or at Baker's island. The surveyors refused to say much about their work. To an inquisitive talker they said that they were taking measurements for a company that proposed to build a bridge between Wellsville and Congo, but they were obliged to make frequent use of the ferry and told Captain Brandon that they were in the employ of the government and were taking measurements from which information the location of the dam will be decided.

Efforts have already been made by local citizens to have Congressmen Taylor and Gill and also the two senators to use their influence in getting the dam at Wellsville or Baker's island. There is scarcely any fall in the river between Wellsville and the head of Baker's island. Should the dam be constructed at Walker Wellsville would be left out of the navigable stage for packets during the low water.

Wellsville merchants also felt that it will be more to their profit if the large amount of money required for the building of the dam is disbursed at that point. Work on the improvement will probably not begin before September.

Estate Matters.

Lisbon, July 9.—(Special)—The will of Jacob J. Kountz, late of

Liverpool township, has been presented for probate.

Paul Chaffer, of Salem, has resigned from the administration of Jacob Hiltbrand, late of Perry township, and J. D. D. Huxley, of Salem, has been appointed to fill the place. He furnished his bond for \$9,000.

A HOODOOED TRAIN

The Same One Wrecked Here Sunday Figures in Another Accident.

The same drag No. 99 that had the big wreck in this city Sunday morning was pulling through Smith's Ferry last night about 2 o'clock when two of the cars in the middle of the train left the track caused by a piece of scrap being wedged in a frog of the switch near the bridge below the depot. Fortunately the train was not running rapidly and the cars were not mashed badly. The services of the Wellsville wreck train were required, however, and in the course of two hours the tracks were again clear and the cars again placed on the tracks.

No. 301 passenger train due here at 12:36 this morning was delayed over two hours by the accident, and did not arrive until about 3 o'clock this morning.

Engineer Thomas Croft and Conductor Willis Jordan had charge of the train. This crew are of the opinion that they have a hoodoo on them from such bad luck following in such close proximity. Conductor Jordan has just but lately assumed the conductorship on the drag, having been employed on one of the shifting crews in this city.

The damage resulting from the wreck last night will not be great.

THE SMALLPOX PATIENT

Still Reported Doing Well—Pest House to Be Placed in the Woods.

Guard McGraw, of the smallpox force, reports everything quiet on Mill run. Fitzpatrick is getting along all right, and no new cases are reported. A pest house is being erected on the Gardner place up Middle run.

Dr. F. P. Beaumont, of New Cumberland, and Dr. Lewis were in the smallpox district this morning inspecting the new shanty erected to which Fitzpatrick will soon be removed. It is in an isolated spot in the woods on the hill.

The widow Hart family will also be removed from its present quarters in the dwelling wherein Fitzpatrick was located on Middle run. Drs. Beaumont and Lewis did not find any new cases in their visit this morning to the infected district. The house occupied by Fitzpatrick and Mrs. Hart will be fumigated.

OVER A STEEP BANK

Went Horse and Grocery Wagon, But Driver Was Saved By Jumping.

A delivery wagon owned by Grocer Frank M. Fouts while being turned around on Cadmus street yesterday, opposite the residence of Charles Trainer, upset and fell over a steep embankment. The street is rather narrow at this point, and the driver, a young man named Williams, was compelled to make a short turn. This caused the vehicle to upset.

Williams jumped from the wagon as it started over the hill and escaped serious injury. The horse escaped in jury, and the wagon was but slightly damaged.

ARNSTEIN GOES WEST

Well Known Turner Instructor Will Return to His Old Home in Wisconsin.

Herbert Arnstein, who has been employed as Turner teacher at the Turner hall, has resigned his position and left for his home in Milwaukee. After remaining there for several weeks visiting relatives he will go to Oshkosh, Wis., where he will remain for several weeks for the benefit of his health. He has several flattering offers to take charge of gymnastic classes, but has not yet decided where he will locate. It was largely to his efforts that the recent turnfest held in this city was the success that it was.

Has a Freak Pig.

John Kountz, of the West End, is exhibiting with much pride a small pig which has 21 toes all told, and the freak is attracting unusual attention down in that section of the city, as the animal is quite a curiosity.

Licensed to Wed.

Lisbon, July 9.—(Special)—William E. Jackson and Minnie M. Beatty, East Liverpool, have been licensed to marry.

WORK BEGUN ON NEW BILL

Governor and Advisers Trying to Fix Municipal Code Law.

SENATOR HARDING A KICKER

Does Not Seem Grateful For Executive's Aid to the Legislators.

GOSSIP OF OHIO'S CAPITAL

Columbus, July 9.—(Special)—Word comes from Put-in-Bay that the governor and his advisers have begun work on the new municipal code bill. Over the same wire and at the same time almost comes word from Senator Harding, of Marion, that there has been enough "cutting and drying" in the legislature for some time, and decidedly discouraging the plan of fixing up something for the regularly elected lawmakers to do without consulting them in the matter.

The governor has already signified his intention of proposing something in the way of a compromise code bill. He will ask the extremists on all sides to yield to a compromise. A little will be given to one party and so much to another, and so on, until he will have satisfied all if it is possible to accomplish this result. Some of the best students of municipal government in the state are at Put-in-Bay and they are all bending every effort to provide Ohio cities with a government which will serve as a model to the cities of other states.

All the offices at the state building were closed yesterday in memoriam to the late Chief Justice Williams, whose funeral took place during the forenoon. A fitting memorial was prepared and adopted by the state officials before they repaired to the Williams residence on East Broad street. The members of the court accompanied the remains to Washington Court House, where they were buried. Rev. Dr. S. S. Palmer conducted the funeral ceremony. The local judges, members of the local bar and many other prominent attorneys and jurists over the state were present at the funeral services.

An ice famine seems to be threatened in Columbus. This fear is not due to any lack in the supply of this cooling commodity, but the trust and the independent companies are unable to secure help enough to supply the constantly increasing demand. On Tuesday, furniture vans, scavengers and express wagons could have been seen in the streets loaded with ice for the supply of the regular delivery wagons. Men as well as teams are hard to press into the service. Several new traction lines are just building into the city and these have "gobbled up" all the men and horses available at this time of the year. In addition to all this Director Philbrick, of the department of public safety, has asked for 25 more regular patrolmen. This, however, has very little influence upon labor interests, as there is no disposition upon the part of the city council to furnish the money with which to pay the extra men.

The clerk of the courts of Franklin county filed his annual report with the secretary of state yesterday. He showed that 935 cases of divorce have been before the court during the last year.

Although the official United States weather observatory thermometer registered only 90 in the shade Monday and Tuesday, there have been a number of heat prostrations. Several of these were at the penitentiary, some on the streets and not a few in laundries.

REDUCED IN VALUE

Is Columbiana County's Share of the C. & P. Property Appraisement.

Lisbon, July 9.—(Special)—At the meeting of the county auditors at Cleveland yesterday the valuation of the rolling stock of the C. & P. was re-apportioned among the counties through which the road passes.

The new apportionment gives Columbiana county about \$80,000 less than formerly.

Get the news while it is new. Read the News Review.

150 MILLIONS + !

The Glorious Fourth has passed. Every good American had a license to toot his horn and shoot off fire-crackers by the bunch. He celebrated the anniversary of American independence, the beginning of American freedom and American progress. From a colony under Great Britain in 1776, these United States have grown to be a Great Power, honored and respected by the nations of the earth, foremost among them all.

The New-York Life Is celebrating a momentous event, the 10th anniversary of the Declaration of Independence in life insurance—the NEW-YORK LIFE'S ACCUMULATION POLICY, the beginning of freedom from restrictions in policy contracts and of progress along all insurance lines, coupled with up-to-date methods.

From a comparatively small Company the NEW-YORK LIFE, under President McCall, has grown to be THE power in the world of insurance, honored and respected by competitors at home and abroad—foremost among them all.

That's a great thing to celebrate. But here's ANOTHER:—

THE MARVELOUS VOLUME OF MORE THAN
150 MILLIONS OF NEW PAID BUSINESS

SECURED BY THE FIELD MEN OF THE NEW-YORK LIFE DURING THE FIRST SIX MONTHS OF 1902.

S. J. CRAWFORD, General Agent,
Exchange Building.

EAST END

THE NEW PASTOR DULY INSTALLED

Impressive Services at the Second U. P. Church in the East End.

SOME ELOQUENT SERMONS

Given By Visiting Clergymen—A Happy Occasion for All Present—Outlook for the Future Regarded as Most Promising.

Rev. D. W. McQuiston has at last been installed as pastor of the Second U. P. church in St. George street, East End. This was done last evening, and the announcement that such a service would be held was the signal for fully 250 persons to assemble at the little church.

The service was most interesting, and quite a number of ministers from out of town were present. It was the intention of hold a business meeting, of the presbytery yesterday afternoon, but this was deferred, and no pastor, of the work that was dependent upon him and told of the vast amount of good that was to be accomplished by a hard working minister. The address to the congregation was by Rev. Clark, of Jefferson, O. He asked that the people of the church in accepting Rev. Mr. McQuiston as their pastor extend to him all the help that was possible, for without the help of the members of the church a pastor could not do good work. Pastor and people should work together and when this is done a church thrives, and its membership increases. This address was one of the most interesting of the evening. The service was then closed with prayer by Rev. Dr. Taggart, pastor of the First U. P. church in this city.

At the close of the service there was a general good time, in which pastor and people became better acquainted. The service was one that will be long remembered by the members of this church, for it was the first of the kind that has been held in the new church, and the first that was held for over seven years.

In taking active charge of this church Rev. Mr. McQuiston has the best wishes of the church people of the East End. The new pastor is a young man, and appears to have an unusually bright future in his work here.

GHOSTS AGAIN

Strike Terror to the Hearts of an East End Italian Merchant And His Father.

Again ghosts appeared at the fruit store of Frank Bonoti, in the East End last evening. These supposed creatures appeared in the mind's eye of the Italian about midnight last night, and both son and father became so frightened that they refused to remain in the store until morning. Both men have been badly frightened by having these pranks played upon them.

The Italians have been advised to shoot when they are again frightened in this manner, and it would not be surprising to see some one hurt.

MUST NOT REMOVE COATS

An Order That Seems Severe to the Employees of the Street Railway.

It seems that it is the desire of the management of the East Liverpool railway company to have employees

wilt during the warm weather. An order has been issued by the management prohibiting them from taking off their coats during the heated part of the day. Last summer the men had a little comfort while operating the company's cars, but not so this year. There was a time when the motormen were allowed to work with coats off, but probably in the eyes of some, the motormen do not look nice with their coats off. On the Rock Springs road the management permits all employees to be as comfortable as possible.

It is also said that an order has been issued to keep the front door closed on the small green cars, in order that they may be kept warmer. A protest will probably be made to the company about the orders.

Seriously Disarranged Things.

The gas explosion at the power house Monday evening caused a loss of about \$100, and it will be several days before the boiler is repaired. The explosion knocked the back wall out of the boiler and disarranged the gas connections in the front of the boiler, so much that all will have to be replaced. The explosion also disabled the water connections in the adjoining boiler, and this one will not be able to be fired for some time. Workmen are now engaged in making the necessary repairs to all the boilers.

Pewter Dimes Again.

Lead money has made its appearance in the East End again. Most of the wouldbe coins that have so far appeared are dimes bearing the date of 1891, and are quite hard to detect. It is believed that the money was left in the East End by the band of gypsies that recently went into camp up Dry Run, and who remained there for about a week. The street railway conductors have been heavy losers by having these coins passed on them.

Campers Enjoying Life.

J. McKinnon, of the East End, yesterday received a letter from his son, Nathaniel, who is with the Gilt Edge Camping club, located at Port Huron, Mich. The camp is located near the mouth of the St. Clair river. The letter states that all the members of the club are in the best of health, and that some of the boys have made several pleasure trips to Canada.

Garbage Wagon Busy.

The residents of the East End were agreeably surprised this morning to find the garbage wagon making col-

lections that have been deferred for several weeks. The wagon had not gone over two squares when it was loaded full, all of which proves that if the wagon made regular trips to this part of the city, it would be a paying investment.

Thieves Again Active.

Thieves have again caused no end of trouble to the East End shippers. Alex Chafin last evening had several dozen of lemons stolen from a crate that was placed in the so-called freight station by the local crew. Thefts of this sort are most frequent, and it is held that the railroad company should take some precautions to protect its patrons.

Special Services.

The regular communion service will be observed at the Second U. P. church next Sunday morning. There will be services at this church for three nights, commencing this evening, and these meetings will be in charge of Rev. Mr. Dean, of Sallineville. He will also remain in the city until next Monday morning.

Pastor's Family Coming.

Rev. D. W. McQuiston will leave Monday morning for Monmouth, Ill., where he will meet his family who are now on their way from Iowa. The family will arrive in the East End later in the week, and will go direct to their new home on St. George street.

Injuries Not Serious.

Newton McAmee, night fireman at the power house, who was burned by an explosion Monday evening, is able to be out, and his injuries are not so great as at first thought. It will be several weeks before he will be able to resume his employment.

EAST END AFFAIRS.

Frank D. White has returned from a business trip to Sharon, Pa.

A little daughter of J. F. Moates, of Erie street, who has been suffering from gastric fever for several weeks, is improving.

Peter Bell, who has been suffering with an abscess under his right arm, for the past five weeks, is recovering, and will resume his work within a few days.

Men's \$3.00 Tan Shoes at \$1.80; \$4.00 ones for \$2.00. Coolest for the feet; best to wear.

RACES AT SALEM

Summary of Results on the Opening Day—A Good Attendance.

Salem, July 9.—The opening day of the Salem Driving Park association races witnessed a good attendance and six and seven starters respectively for the two races run, the third, a 2:35 pace, purse \$50, being postponed. Summary:

2:35 trot, purse \$250—Josh Billings, F. C. Gaston, Jackson, Tenn., won the third, fourth and fifth heats; Forward Chimes, C. Mertes, Ravenna, the first and second.

Best time, 2:29 1/4, by Josh Billings in third and Forward Chimes in first. Paul Kruger, Sonola, Estella Keys and Nellie Vincent also started.

2:19 pace; purse \$300—George Burton Ed Galvin, Youngstown, won first, fourth and fifth heats. The Serf, Fred Coburn, Rockport, O., second and third.

Best time, 2:19 1/4, by George Burton in first, Serf in second.

Other starters: Rena, Young, Executive; White Wings, Gilbert, Cleveland, Harry, Laird, Mansfield, and Dr. Hawker, Goesell, East Liverpool.

AZELDA

Azelda, July 9.—Mr. and Mrs. Allen Willis, of Minerva, visited Elmer Willis and family four days of last week.

Mr. and Mrs. James Hall, of Salem, spent Sunday with Mrs. Hall's sister, Mrs. R. C. Wilson.

Mr. and Mrs. Lewis Bardo have returned to their home near Salem.

Mr. and Mrs. Ed Thomas, of Mt. Zion, visited the family of R. B. Tullis, recently.

Mrs. William Crawford is slightly improved at this writing.

Miss Bessie Hall has returned to her home in Salem after spending four weeks with her cousin, Bessie Wilson.

Boyd Kellogg and family, of East Carmel, entertained a number of people at Elmer Willis' Saturday night, with their graphophone.

Mrs. Mary Stanley, of Salem, visited her many friends here last week.

Mrs. Whipple, of Utah, visited the family of L. Cope, Friday.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. made me a perfectly well woman." Mrs. Charles Hutton, Burville, Mich.

TWO STATE SENATORS
ENDORSE PE-RU-NA.

HON. J. H. SAUER.

Hon. J. H. Sauer, State Senator from Douglas Co., to the Nebraska Legislature, writes from Frank's Hotel, Omaha, Neb., as follows:

"Having tried Peruna I can commend it to all as a great tonic and particularly good as a remedy for catarrh."

---J. H. SAUER.

Honorable Patrick Kennedy, Member of the Massachusetts Legislature, writes the following letter from the House of Representatives, Boston.

Doctor S. B. Hartman:

Dear Sir:—"I have no hesitation in saying that after having tried dozens of other remedies without relief, I owe my perfect health and clear voice of today to Peruna. I know it to be a cure for indigestion and its attendant affliction, nervous debility. For the six weeks that I was on the platform through the recent campaign I used Peruna regularly, and although I spoke two and three times each day my voice never failed me. I know that Peruna is a reliable cure for bronchial troubles."

J. Kennedy.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

ELUDE THE VIGILANT PRESS.

Army and Navy Will Attempt to Do This, in the Coming Manoeuvres.

Washington, July 9.—Up to this time the war and naval department of signals have considered but two factors in the coming joint army and naval manoeuvres on the Atlantic coast in September—the invading and defending forces. Now, according to the plans of Secretary of the Navy Moody, there is to be a third factor—the press of the United States. The subject of the manoeuvres is to simulate as closely as possible conditions of actual warfare, and the secretary believes that as the press plays such an important part in real war it should be seriously considered in connection with the coming manoeuvres.

Therefore he contemplates throwing the press correspondents of the country upon their own resources, meanwhile having both invaders and defenders regard the newsgatherers as a common "enemy" and endeavoring to mask the movements of their forces as much as possible from the public. It is not believed that under Secretary Moody's plan there will be anything to prevent news organizations from chartering vessels of their own and keeping up with the fleets at sea the best they may, for this was done in the late Spanish-American war. In the late war the great press organizations also had correspondents aboard the flagships of the fleet.

Secretary Moody points out that his plan will be valuable in bringing to light news "leaks," for which officers who are found responsible will be reprimanded, and in proving by practical test how thoroughly the forces can elude the vigilant correspondent, and guard against the escape of information which it might not be desirable to have spread abroad in time of actual warfare.

HOPE TO SETTLE STRIKE.

Conferences Were to Be Held in Chicago Today.

Chicago, July 9.—Through the efforts of Chairman Job, of the State Arbitration committee, a series of meetings had been arranged for 10 o'clock this morning, between the general managers of each of the roads and committees of five men each from the same lines.

Chairman Job said last night that he thought he had inserted the entering wedge for the settlement of the strike.

"The men have all along insisted," he said, "that they would not meet the managers unless they were received as members of the union. The managers have said they would confer with the men at any time, provided they came as employees of the road, with a grievance to be adjusted. Of course, I cannot tell what will come from the meetings, but the differences in the demands of the men and the concessions of the roads are so slight, that recognition of the union is practically the only point at issue. The men show a disposition to be less stiff in this respect, and I hope we have entered on the beginning of the end."

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

WORKERS FOR CHRIST.

Pennsylvania Christian Endeavor Convention Opened, at Pittsburg.

ORGANIZATION HAS PROSPERED.

About 500 New Societies Organized Last Year—Lebanon and Allentown After Next Convention—National Field Secretary Eberman Present.

Pittsburg, July 9.—The first session of the Pennsylvania Christian Endeavor convention was held last night on the big auditorium tent that has been erected just back of the Bellefield school house, off Fifth avenue, on the Schenley farm.

Delegates arrived in the city in large numbers all day yesterday, and by evening the registration bureau, in the Bellefield Presbyterian church, showed the names of upward of 2,000 visitors, a delegation of about 400 coming from Philadelphia.

At noon today the leaders of the Endeavorer movement were to hold brief religious services at many of the mills and factories in this city. Meetings were to be held at the principal public places in Pittsburg and Allegheny.

The executive committee meeting yesterday was presided over by Rev. W. N. Yates, state president. The place for the next convention was discussed, Lebanon and Allentown bidding for it. L. C. Bean presented the claims of Lebanon, and Rev. Mr. Newcomer and Rev. Mr. Rohrbach told of the merits of Allentown.

State Secretary Harry W. Keller of Wilkesburg, succeeded in having a special committee named to consider lessening the work of his office.

About 500 new societies were organized last year.

May Amend Constitution.

Two amendments to the constitution were referred to a committee, which will report this afternoon. One relates to filling vacancies in the executive committee and the other with regard to holding the biennial state gathering in the years alternating with the national convention.

At 4 o'clock yesterday afternoon a prayer service was conducted in the Bellefield church by Rev. Dr. Henry T. McClelland, of this city.

The public meeting last night was presided over by State President Yates, and an interesting program consisting of singing and brief speeches, was carried out. The song service was under the direction of Percy Foster, of Washington, and the devotional exercises were conducted by Rev. L. C. Barnes, of this city. The address of welcome was delivered by Rev. John Weidley, of this city. The response was made by Rev. W. Williamson, of Altoona.

State Secretary Harry Keller's report showed that Endeavor has passed the critical stage in Pennsylvania, and its permanency is now assured. "Pastors," the secretary said, are now no longer opposed to it; all favor it. It has been well tried in all the churches and its success has been phenomenal."

The report showed an enrollment for the state of 4,605 societies, with a membership of 205,277. Allegheny county has 372 societies. There are 23 denominations represented in the Pennsylvania union. The contributions to benevolence for the year were upward of \$75,000.

Other addresses were delivered by Rev. J. H. Bomberger, of Cleveland, O., on "The Kingdom and This Convention," and by Rev. William N. Yates, of Philadelphia, on "The Kingdom and My Heart."

Welcome of Visitors.

Following the meeting there were denominational welcomes, held in the Bellefield church, First United Presbyterian and Oakland Methodist Episcopal churches.

Among the Endeavorers from outside of Pennsylvania are Clarence E. Eberman, of Boston, national field secretary, and H. Michalligan, of Bozernmouth, England.

TRACY AGAIN ESCAPED.

Tied Anderson to Tree—Posse in Hot Pursuit.

Seattle, Wash., July 9.—Harry Tracy, the fugitive Oregon convict, who has killed six men and wounded several others since June 9, was being hotly pursued by men and dogs in the country southeast of Seattle, and the probability last night was that he would be surrounded or captured within a few hours. His pursuers, who had with them two fine bloodhounds, were only a short distance behind him.

Word was received at the sheriff's office that Tracy had been at the house of a Mrs. Gerald, near Renton, for five hours, yesterday afternoon. Fifty armed men at once hastened to the scene. On the arrival of Sheriff Cedibee the posse closed in on the house, only to learn from Mrs. Gerald that Tracy had given them the slip.

In the back yard of the Gerald home Anderson, the man whom Tracy had kept a prisoner from the time he left Port Madison, was found, tied to a tree. Tracy had tied Anderson while the posse was in full view of the case.

NEW BRAKE ON CARS

More of the Rock Springs Cars to Be Equipped With New Safety Device.

Horace S. Hart, an agent of the Standard Air Brake company, of Pittsburg, has been in the city for a few days superintending the applying of the brake to two cars now operating on the Rock Springs street railway. The company will soon equip six more cars with the appliance, and by spring the entire street railway lines of the city will have added this equipment.

The brake is an electro-magnetic one, and is operated from the motors. It applies whether the trolley is on or off, and is entirely independent of the line. It also works perfectly on a bad rail, and is not affected by ice and snow.

The brake is applied to the rail under a pressure of 2,000 pounds, and readily cuts the ice and snow, making a perfect and clean track for its operation. The brake is also operated by the same hand used in throwing on the power, giving the motorman still a free hand for other duties. A car by this appliance can be stopped within 35 feet, and cars weighing 42,000 pounds, having four motors, have been stopped within 70 feet.

Three hundred of the equipments are now in use on Pittsburg traction lines, and one has recently been adopted for trial on the Steubenville lines, for use on the steep Mingo divisions.

The brake appears being generally adopted by all traction companies throughout the country, as the sales last month amounted to 450 equipments.

A WORSE YEAR ONCE

Old Resident of Ravenna Recalls the Memorable Year 1816.

Ravenna, July 9.—William A. Holcomb, Ravenna's oldest resident, aged ninety-eight years, says that June 1816 was a colder month than June of this year. That year there was frost every month of the year, and corn did not ripen in Massachusetts, where he then lived.

Meat was scarce, and only one farmer in the county had a fat hog for sale. This man had carried over some corn and managed to fatten one hog, which he sold for \$60. Everybody in those parts lived on codfish.

COUNTY AND NEIGHBORHOOD

Warren is raising \$20,000 for a Y. M. M. C. A. building.

Youngstown wants the next grand encampment of Odd Fellows.

Joseph Pitsch, aged 18, was instantly killed in the mines at Bridgeport, O., by a fall of slate.

Lightning struck and burned Charles Hartzell's barn, near Berlin Center, and killed six cows.

Joshua Whitacre's family driving horse was kicked to death by another horse at their farm north of Lisbon.

Robert McEldowney, who left his family at Salem several months ago, came back the other day and was arrested for non-support of his children.

M. E. Burriss, a former resident of Jefferson county, and a son of the late Charles and Charity Burriss, of Smithfield, was killed by a bolt of lightning at his home in Montana.

The big family driving horse belonging to J. A. Smith, of Lisbon, had the drums of his ears so injured by the shooting of firecrackers on the Fourth that he is almost entirely deaf.

The Steubenville Retail Grocers' association will hold its annual picnic at Stanton park on Wednesday, August 6. Grocers from East Liverpool, Wellsville, Toronto, Mingo and other towns will be invited.

Prof. DeCarro, the hypnotized man who was buried at Martin's Ferry to stay dead a week, was taken out after two days, as the carnival managers got scared. When aroused the "professor" got hopping mad at the interruption to his quiet nap.

Archibald McGregor, the veteran editor and one of the most widely known men in Stark county, died at his home in Canton, aged 83 years, after a long illness. For more than 40 years he was editor of the Stark County Democrat.

WHITE THE PRESIDENT'S GUEST.

Boer Representative Lunched With the Roosevelts—Cuban Reciprocity Discussed.

Oyster Bay, N. Y., July 9.—Montagu White, who has been long in this country, principally in New York and Washington, as the representative of the Boer cause, and William E. Curtis, of Washington, were the guests yesterday of the president and Mrs. Roosevelt at luncheon. Mr. White will sail for Europe today. Only incidental reference was made to the late Boer war, but in the conversation during and subsequent to the luncheon the party discussed reciprocity, particularly with regard to Cuba. The president indicated that he felt concessions were due to Cuba from this country and expressed his conviction that eventually not only the people of the United States, but congress itself, would vindicate the advocacy of Cuban reciprocity. He believes that in some form reciprocal relations between the United States and Cuba will be established at the next session of congress.

A tremendous rain storm kept the president in his Sagamore Hill home early yesterday. During the morning hours he was busy in his library with Secretary Cortelyou, attending to a mass of official mail and disposing of some routine departmental matters which had been transmitted to him from Washington.

It is quite likely that in a week or 10 days a conference will be held with the president by Representative Littlefield, of Maine, with respect to the anti-trust bill which Mr. Littlefield is drafting. This interchange of views will be made the basis of the first draft of the measure.

While the executive offices in the town now are in possession of a corps of clerks the president has let it be understood that he will spend little time in them.

BRAKEMAN BODEL CENSURED.

Coroner's Jury Verdict on Sheraden Pa., Disaster.

Pittsburg, July 9.—Howard Bodel was censured yesterday by the coroner's jury in their inquest into the Sheraden disaster on May 12 last. Their verdict was as follows:

"We find that the 27 victims of the Sheraden disaster came to their deaths from burns received by the explosion of five cars of naphtha which were being drilled in the Sheraden yards of the P. C. C. & St. L. railway by engines No. 115 and 127, on Monday, May 12, 1902, about 4:20 o'clock p. m. The said five cars and several others were cut off from part of train by brakeman Howard Bodel the cars running into part of another train, breaking three of the naphtha cars, the same taking fire, causing the other two cars to explode about 6:10 p. m., throwing burning naphtha in all directions. And from the evidence the jury finds that the deaths were due to the above cause. We further find that the cars without orders, and recommend that no cars hauling inflammable or explosive matter shall be detached from the locomotive until properly placed."

Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Alvin H. Bulger.

LARKINS, THE DRUG MAN

NEURALGYLINE
FOR THE NERVES

relieves neuralgia and other nervous pains. It relieves them quickly. It is absolutely harmless. By quieting the nerves, it removes the cause of nervous diseases. When your head feels as if thousands of pins were sticking in it, when your night's rest is broken by those awful neuralgic pains, when on account of your awful suffering, you become morose and cross, when you are tired of your very existence, which is really a torment, you are in the grip of that terrible disease, Neuralgia, try a box of Neuralgyline.

Take one tablet twenty minutes after you have taken it, your pains will have vanished as if by magic. You only have yourself to blame now if you continue to have Neuralgia pain, for Neuralgyline relieves pain permanently.

"Neuralgyline" is a very safe of Neuralgyline. I received a satisfied customer, who by telling of its merits has won new customers. M. F. LILL, President, Canton, Ohio.

I recommend Neuralgyline as a permanent cure for Neuralgia and neuralgic headaches. W. SCOTT, M. P. Amherst, Ontario.

They have been relieved of their awful suffering, so can you. Every bottle does double duty. Buy a box of Neuralgyline. Price 25c a box. If you find that Neuralgyline is not as required, send money will be cheerfully refunded. Samples free on request.

A graduate school of agriculture,
with about 70 students from 14 states,
has opened at the Ohio state univer-
sity, for the prosecution of a brief
course of study and investigation,
from which profitable results are ex-
pected. There is need of this school
and others like it. This is a great ag-
ricultural nation. It not only feeds its
own people, but sends its breadstuffs
and meat products to all parts of the
world. Yet we have as yet very little
scientific agriculture. The time has
passed or is fast passing when it is
merely necessary to plow and sow and
depend upon nature and a rich soil for
bountiful harvests. Worn out and
abandoned farms exist in great num-
bers. A trained European farmer, a
Frenchman or a German, with a
knowledge both of the theory and
practice of agriculture, would laugh at
the idea that any land that had once
produced good crops could not be made
to do so again. If suitable soil were
lacking he would make a soil to suit.
He would trust to his knowledge and
not to haphazard methods. Innumera-
ble instances show that such farmers
succeed, where the old fashioned agri-
culturist, his neighbor, would receive
but meager returns for much greater
labor. Farming is a business that re-
quires an educated brain, and this
fact is becoming generally understood.
There is a growing demand for scienti-
fic instruction in farming. The nation
and the state are encouraging it. The
"book farmers," who combine prac-
tice with theory, are no longer laughed
at. They make the business pay. The
agricultural schools merit all the en-
couragement they are receiving, so
long as their graduates turn their at-
tention to the work for which they are
educated—the betterment of American
agriculture.

The reported indignation of some of
the Ohio legislators that Governor
Nash should usurp their privileges and
attempt to draft a code bill is rather
amusing, in view of the failure of the
legislators to draft measures that are
constitutional. They ought to be glad
of the substantial sort of aid the gov-
ernor proposes to render, and the
more sensible ones among them doubt-
less are. Besides, no legislative func-
tion is being usurped. Any citizen of
Ohio has a perfect right to draft a
bill and have it presented to the legis-
lature for acceptance or rejection, and
the governor, thoroughly familiar with
the wants of the state, would be ex-

Difficult Digestion

That is dyspepsia.
It makes life miserable.
Its sufferers eat not because they want to,
-but simply because they must.
They know they are irritable and fretful;
but they cannot be otherwise.

They complain of a bad taste in the
mouth, a tenderness at the pit of the stom-
ach, an uneasy feeling of puffiness, fullness,
headache, heartburn and what not.
The effectual remedy, proved by perma-
nent cures of thousands of severe cases, is

Hood's Sarsaparilla

Hood's Pills are the best cathartic.

posing himself to censure if he failed to
do his part to help the lawmakers
when they are so sorely in need of
aid. It is his business to advise the
legislature on public questions, and
Governor Nash always attends faith-
fully to the duties devolving upon him.

The Panama Canal company should
be reminded that it is expected to
make good its promise to give the
United States a clear title to its prop-
erty and concessions without unneces-
sary delay.

The coronation of King Edward is
expected to take place next month.
It will probably not be as splendid an
affair as was first planned, but it will
be an occasion of rejoicing neverthe-
less.

For an outline of the policies Presi-
dent Roosevelt intends to pursue it is
far safer to trust the president's mes-
sages and speeches than Democratic
newspapers.

The Kaiser has conferred the order
of the Red Eagle on two distinguished
capitalists. Why was Pierpont Morgan
overlooked? He is certainly a
"bird."

Governor Nash will call the legisla-
ture together August 25, and there are
prospects of a warm time in more
senses than one.

The congressional campaign is fast
developing a condition closely resem-
bling that of the weather.

OBITUARY

James Franklin Birch.

James F. Birch, aged 23 years, died
at his late home on Erie street, last
evening at 10 o'clock, of consumption.
He is the third of the same family
to die of the same disease within a
year. The funeral services will be
held tomorrow afternoon at 2 o'clock,
Rev. G. W. Orcutt officiating. Inter-
ment will be made at Riverview cem-
etery. The family came to the East End
from Meigs county about a year ago.

NARROW ESCAPE

From Being Ground Under the Wheels
of a Shifting
Engine.

Conductor H. D. Wiley, of day shift
No. 593, while engaged in shifting
cars in the upper C. & P. yards, near
the freight depot yesterday morning,
and riding on a freight car, was thrown
heavily to the ground by the handhold
on the car giving away.

Fortunately he was thrown away
from the wheels, but alighted on his
face badly disfiguring his physiognomy
and blacking both his eyes. He is con-
gratulating himself that his injuries
are not more serious.

SEVERED AN ARTERY

Serious Accident to Mrs. Thomas Wat-
kins, of Railroad
Street.

Mrs. Thomas Watkins, residing on
Railroad street, in the rear of the
power house, accidentally severed an
artery in her right fore arm by a
piece of broken glass about noon to-
day.

Several physicians were summoned,
and succeeded in stopping the flow of
blood. For a time it was thought the
accident would result seriously.

HIGHLY PRIZED FLAG

Has Figured as a Mourning Emblem,
Upon Many Memorable
Occasions.

Miss Mary A. Hall, assistant librar-
ian at the Carnegie public library, has
a flag in her possession which she
prizes highly. She is very proud of
the national emblem, it having been
conspicuous upon several occasions of
national importance. It has been
draped in mourning for three martyred
presidents and also for Generals
Grant and Queen Victoria.

Funeral of Mrs. Shay.

The funeral of Mrs. S. S. Shay took
place from the home on Oak street
this afternoon at 2 o'clock, Rev. J. G.
Jordan, of the Presbyterian church,
officiating. The interment took place
in Riverview.

Years of suffering relieved in one
night. Itching piles yield at once to
the curative properties of Doan's Oint-
ment. Never fails. At any drug store,
50 cents.

WITH THE WORKMEN IN THE CLAY PLANTS

(Special Correspondence.)

Wheeling, W. Va., July 9.—All the
Wheeling potteries are still idle, but an
early resumption is expected. Numer-
ous repairs are being made at all the
plants, and some of the shops ex-
pect to start not later than Monday
next.

Many employees of the Wheeling pot-
teries are spending their vacations
away from the city. Many of the boys
have organized hunting and fishing
camps, and these clubs have gone
down the river. Some expect to re-
turn to the city on Saturday evening.

James Cannon, chief fireman at the
Riverside pottery, has gone to East
Liverpool where he will remain a few
days visiting his brothers.

August Fegedron, a sticker-up at the
LaBelle pottery, has resigned his posi-
tion, and in a short time will leave for
New Castle, where he has secured a
position as presser in the sanitary
plant. He has been employed in the
Wheeling potteries for a long time.

The Gollner boys, Fritz, Frank and
Pete, who have been visiting friends in
this city, have returned to New Castle.
They are well known pressers in the
new sanitary shop recently started
there.

Representatives of the Ancient Or-
der of United Workmen in this city
recently placed an order with the D.
E. McNicol pottery company for sev-
eral thousand souvenirs to be disposed
of at an annual outing of the organi-
zation at Rock Springs park on July
17, one week from tomorrow. These
souvenirs have been completed and are
very neat both in workmanship and de-
sign. The souvenirs consist of a plate,
in the center of which is printed the
emblem of the order, in various colors.
Several thousand have been completed,
and they are sure to meet with a ready
sale.

The kilnmen at the D. E. McNicol
pottery, resumed work this morning
after a loaf of about 10 days. It will
be but a short time until this shop is
in full operation.

The work of demolishing the old end
of the Knowles, Taylor & Knowles
plant is progressing more rapidly than
was at first anticipated. It only re-
quired a few days to tear down the old
end, and it was thought that the work
would require at least a week. How-
ever, the work has progressed so fast

that yesterday several stone masons
commenced to build the foundations
for the new addition. This work will
require but a short time. The founda-
tions will be 13 inches thick.

A number of workmen who have
been employed at the old end of the
Knowles, Taylor & Knowles pottery,
while that building is being remodeled,
will be given employment in the new
end. One of these will be "Happy"
Reark, who for years has operated the
cup jigger at the old end. Other work-
men will also report for duty at the
new end within a few days.

J. J. Ingalls, secretary and treasurer
of the Akron China company, was in
the city yesterday. Mr. Ingalls says
his pottery has resumed in full since
the conference, and will run right
along. Everybody out that way is
fully satisfied with the manner in
which the differences were settled, and
happy over future prospects.

The Taylor, Smith & Taylor pottery
has postponed resumption of opera-
tions until Monday on account of not
getting their new porcelain ware shape
ready for today.

The Chelsea pottery at New Cum-
berland started up in full on Monday.
The shipments for the past month
amounted to 50,000 dozen of ware, or
600,000 pieces.

Barney Cooper, a dipper at Vodrey's,
is moving to Second street today.

HIS WRIST FRACTURED

Harry Swanson Got an Ugly Fall
While Getting off a
Car.

While in the act of alighting from
a street car last evening Harry Swan-
son, of lower Sixth street, met with a
painful accident. In some way his
foot became entangled with a rope on
the end of the car and when he
stepped off the rope clung to him, caus-
ing him to fall to the street. As a re-
sult his left wrist was fractured and
the arm sprained.

A lot of ladies' \$2 and \$3 Tan Shoes
for 68 cents a pair; coolest and best
to wear.

R. W. SAMPLE & CO.

161-1

When Quality Can be the Only Argument.

When different makes of the
same article sell for the same
price, then quality is the only
argument that can usually in-
fluence your trade.

The price of soda water, good,
bad and indifferent is the same
all over town, so that we can't
talk about that, but we believe
we have a most convincing ar-
gument when you consider qual-
ity. Our Grape Phosphate seems
to be the most convincing con-
vincer we have.

A Generous Goblet, 5c.

DRUGGIST.

FRIENDS AND VISITORS

W. S. Fowler is a Lisbon visitor to-
day.

Miss Florence Hall has returned
from a visit with friends in Roches-
ter.

Dr. Bailey, of East Market street, is
spending the day with his mother at
Leesburg.

Mrs. Charles Smith, of Coal street,
will be a guest of Tiffin, O., friends
or a month.

Miss Esther Brown, of Toronto, is
the guest of Mr. and Mrs. Fred Furee,
Fifth street.

Will Skullen, of Cleveland, is visit-
ing his grandmother, Mrs. Ferrall, of
Sixth street.

Miss Jane Rowe, of Washinton
street, is visiting Sebring friends for
a few weeks.

Miss Teresa McNicol will leave next
week for an extended visit with friends
in California.

Bernard Rand, of Second street, re-
turned last evening from a business
trip to Cleveland.

Frank L. Bradley, clerk of circuit
court in Hancock county, was in the
city last evening.

A. G. Hoffman and wife have re-
turned home from an extended visit to
Connellsville, Pa.

Mrs. Patrick Michaels and nephew,
Berland Haines, are guests of relatives
and friends in Salem.

Mrs. Chas. Porter will spend a num-
ber of weeks at Los Angeles, Cal.,
leaving this morning.

Mrs. William Coles, of Toronto, is
visiting her parents, Mr. and Mrs. John
Aguir, Fourth street.

Mrs. A. B. Taylor, of Jackson street,
returned last evening from a week's
visit with Toronto relatives.

Ambrose Willison, of Avondale
street, returned last evening from a
visit with Toronto relatives.

Miss Anna Carson left this morning
for Steubenville where she will visit
with relatives for a few days.

Mr. and Mrs. John Fisher returned
yesterday from Cleveland, where they
went to spend the Fourth with friends.

George Rowe, a well known jigger-
man at Godwin's, leaves for Atlantic
City tomorrow for an extensive out-
ing.

F. E. Mackey, of Florence street, a
decorator at the Taylor, Smith & Taylor
pottery, is visiting Glencoe, O.,
friends.

E. H. Simms, who is interested in
the jewelry business in this city, re-
turned home to Bucyrus, O., via Mans-
field, this morning.

W. H. Gass left last evening for
Richmond, Ind., to bring his wife home.
She was taken seriously sick while vis-
iting friends in that city.

Mrs. (J. J.) "Xbgkqj mfwyp mfwlyu
Miss Edna Hatch, of Cleveland, are
the guests of William Wells and fam-
ily, of Washington street.

Harry Buxton, of Fifth street, a de-
corator at the Taylor, Smith & Taylor
pottery, left this morning for a 10
days' outing at Atlantic City.

Word from William Burgess and wife
and Joshua Poole and wife states that
they landed safely at Liverpool, Eng-
land, and that they had a pleasant voy-
age.

Harper Metsch and daughter return-
ed to their home last evening at 121
more, after a few days' visit with the
family of Christian Metsch, of Fourth
street.

Mrs. Parks and children, Faust and
Ruth, who have been visiting the for-
mer's daughter, Mrs. W. B. Reed, of
Seventh street, left today for Sandy
Lake, where they will spend the sum-
mer.

Mr. and Mrs. John Harvey and son
George and wife, of Kossuth street,
will spend a month in fishing and
hunting at Bowmansville, Canada,
where a sister of Mr. John Harvey re-
sides. The town is located among a

myriad of small lakes and is an ideal
outing spot.

Mrs. Rev. J. H. Mason, of the A. M.
E. church, of this city, delegate to the
Women's Mite Missionary conference,
under the north Ohio conference, at
London, O., and daughter, Miss Myrtle
Mason, delegate from the junior band,
left for London this morning to attend
the sessions of the conference.

DOOR FELL ON HIM

Peter Hulse Badly Hurt And His Leg
Probably Broken.

Peter Hulse, an employee of the C. C.
Thompson pottery, was hurt this after-
noon at the pottery by a door falling
on his leg. He came to the Diamond
and fell near Sixth and Market streets.
The patrol wagon was called and he
was taken to his home on Pleasant
Heights. It is thought his limb is
broken.

SNOWDEN HELD

MUST ANSWER TO GRAND JURY FOR HIS CRIME.

Makes a Strong Point of Self-Defense In Attack on Burchard.

A preliminary hearing was given George Snowden yesterday afternoon, charged with shooting Blair Burchard the night of July 3. A number of witnesses were examined, who were spectators of the melee. The plea of self-defense was stoutly maintained, the prisoner being represented by Attorney W. F. Lones, of this city.

Stories of the almost tragic scene varied and the cause of the row was hard to obtain. There was nothing to substantiate a published statement that the men had been in a crap game at Ginger David's saloon. Patrons of the place on that night say that there were no games nor fighting in the saloon.

After the street row fighting continued, terminating in Butler's front street restaurant. Snowden testified that he was rushed to a corner by five men and emptied his revolver to save his life. The prisoner's assailants said that they rushed at Snowden to get the pistol from his hands.

When cross-examined they were asked by the defendant's counsel if they had made this intention known to Snowden and none of them admitted that they had. Had the hearing been a final one Snowden would have perhaps been discharged, but it was concluded to bind him over to the grand jury, his bond being fixed at \$500.

Burchard continues to improve and is thought to be out of danger. His wounds were dressed Tuesday.

THE WATER QUESTION

Surprise Expressed Over Action of Council in Ordering an Election.

That a third election for the issue of bonds to adopt the gravity system in obtaining water for the city is ordered by the council comes somewhat in the nature of a surprise. The petition that was sent to the council had also been presented to a meeting

of the water trustees a few days ago, who took no action, believing that the voters would again defeat the making of a special bond issue for the gravity system at this time.

It was argued by the councilmen that the measure had in the past been voted on at the general elections, many voters failing to register their sentiment on the water question. There will be a stiff fight put up by the champions and opponents of gravity during the two weeks that intervene before the election.

The present water plant is paying only a fraction of the running expenses, the trustees having been obliged to ask the council's permission to pay their own salaries from the general fund of \$60,000 that was by an act of the legislature permitted to be transferred from the specific use of improvement for general purposes.

The trustees said a month ago that experiments for obtaining clear, wholesome water from the river would, in their opinion, prove effective, but those experiments have not been made. Champions of the gravity system urge the belief that pure water can be obtained only from Little Yellow creek, and from a standpoint of economy it should be done.

For Board of Trade to Act On.

Mayor Fogo received a letter this morning from A. T. Dempsey, a capitalist from Pittsburg, stating that he would like to locate a pantaloons factory in this city and that he will do so if the city will donate him a lot 50x100 and a bonus of \$5,000. He agrees to employ 60 girls and spend \$100,000 in the erection and equipment of the factory. The mayor will lay the matter before the board of trade for consideration.

Swimming Club Formed.

A swimming club has been formed by several young people of Wellsville. The headquarters for aquatic pastime will be on the West Virginia shore, opposite seventh street. A large tent has been engaged and bathing suits of nobby style are being purchased. Several ladies will join the club. Included in the list of gentlemen are: Carl Cope, Walter Burnett, George Apple, Clyde Cummins, William Knox and Walter Moore.

Gave a House Warming.

A house warming was given at the home of William Bowers on Fourteenth street last evening. The hours were spent in dancing, and refresh-

ments were served. The family recently moved here from Wellsville.

Tennis Club.

The recently organized tennis club is getting its courts on the Eighth street commons in good condition. Enough members are in the club to permit of some pretty contests during the summer.

WELLSVILLE SHORT STORIES.

Miss Jane Lewis is visiting friends in Salem.

Councilman E. C. Whitacre went to Wheeling today.

W. H. Baldwin is spending a few days in Cleveland.

A daughter was born to W. G. Scott and wife yesterday.

Rev. W. L. Wells has returned to his home in West Lafayette.

Charles Starrett, of Main street, has returned from Steubenville.

Mrs. Alma Dugan is visiting relatives in Moundsville, W. Va.

Mrs. A. G. Mays, of Center street, is visiting in New Castle, Pa.

Frank Mason and family have moved from Commerce street to Center.

Edgar Allen has gone to Cleveland to take a position in the railroad shops.

The sheet steel mill today resumed activity after a shut down from July 3. Councilman Howard Weaver and wife are visiting relatives in Sistersville.

Henry and Albert Goetz have returned from a visit of a few days in Pittsburg.

F. A. Morland has returned from an extended trip through the western states.

Christopher Kelch was summoned to Sistersville by the death of his father, yesterday.

Homer McCartney has returned to St. Louis, Mo., after a visit with C. C. McCartney.

Charles Holcomb has moved his family to Salineville. He is a C. & P. fireman.

Fred Thompson, of Sharon, Pa., is visiting his aunt, Mrs. Stella Smith, on Hill street.

W. A. Jack and wife have returned to Cleveland after a visit over Sunday with T. B. Jack.

A son was born to Mr. and Mrs. W. A. Vandersall at their home on Main street yesterday.

D. S. Lawson, of Front and Seventh streets, has returned from a few days' visit in Zanesville.

Misses Grace Parke, Elsie Goodwin, Charles Harris and Henry Goetz joined an East Liverpool party of picnickers

to Rock Springs last evening.

A large number of Wellsville people will take advantage of the excursion to Cleveland next Sunday.

A large crowd was entertained on the public square by a clever trick bicycle rider last evening.

Mrs. Sol Cohen has returned to Cleveland after spending a few days at the residence of Julius Goetz.

Mrs. Nellie Ritchie and daughter, Violet, of Moundsville, W. Va., are guests at the home of the former's uncle, S. M. Snediker.

It is reported that Amalgamated local No. 28 will surrender the charter, no regular meeting having been held for several weeks.

Allen Beck, of Alliance, has become a C. & P. fireman and has moved his family to Main street, between Thirteenth and Fourteenth.

Mrs. Julia Rosenthal and son, of Steubenville, and Miss Helen Alexander, of Canal Dover, arrived on the Queen City Tuesday, spending a few hours at the residence of Julius Goetz on Front street. They returned by the train.

SOUTH SIDE

CONVENTION TOMORROW

At Wheeling to Select a Candidate for Dovener's Place in Congress.

The First congressional district convention will be held in Wheeling tomorrow. Squire Johnston is a delegate from Grant district, which is also entitled to another. The delegates in Hancock county, nine in number, will be for B. B. Dovener, of Wheeling, for congress, as they voted at the primaries to so instruct. This number was based on the last presidential vote. E. M. Showalter, of Fairmont, Marion county, is Dovener's closest opponent.

No resolutions will be offered to endorse any candidate for United States senator.

HEAT WAS INTENSE

One Man Prostrated at the Mill—Others Had to Quit.

Harry Housholder, a roller on No. 5 mill, was prostrated and overcome by heat yesterday, and was compelled to lay off. Frank Oliver, who dropped down from intense heat Monday, is again able to be on duty.

The steel mill force had to quit between 2 and 4 o'clock yesterday afternoon on account of the heat.

Must Own Property.

The council of New Cumberland some time ago adopted the provision passed by the state legislature, a general law, that the recorder, councilmen and other officials should be property-holders to some extent.

O. U. A. M. Picnic.

The O. U. A. M. of Rochester, Pa., are picnicking at the park today, coming by way of the C. & P. on a special train. They are indulging in all kinds of sports and taking in the sights of the park and city.

Work on the Mill.

The excavating for Faulk Bros.' new flooring mill on the corner of Fifth and Carolina streets, will begin tomorrow. The contract for the building will be let by Mr. Faulk this afternoon.

Quits His Position.

James M. Porter has severed his

connection with the American Sewer Pipe company. He had charge of the sales department of the company and also looked after the Black Horse sewer pipe plant at New Cumberland. He will enter the brokerage business.

CHESTER NOTES.

S. M. Severs was at Kendall today buying stock.

The Chester M. E. Sunday school is picnicking in the Pusey orchard today. Jasper Bradley, councilman of New Cumberland, was in Chester today on business.

Miss Elizabeth Martindale is visiting her parents at Bidwell, Galion county, O.

Rev. J. R. Hosick and family, of Hookstown, spent yesterday at Rock Springs park.

Mayor Shrader, J. E. McDonald and C. H. Smith are at Parkersburg on bridge business.

The Milligan Hardware company is opening a branch store in Chester on Virginia avenue.

The Edwin M. Knowles pottery resumed this morning. All departments will be on full this week.

The Southside water line is completed up Second street to the property of John Shrader on the hill.

Harvesting is in progress in Hancock and Beaver counties, and farmers report the wheat excellent.

Mrs. John Spivey, of First street, who has been confined to her bed for 18 weeks, is improving rapidly.

Mr. and Mrs. Thomas Croxall and children, of Carolina avenue, are visiting Avalon, Pa., friends this week.

C. Williams, a motorman on the Rock Springs street railway, is visiting friends at Bidwell, Galion county, O.

Hunter & Funkhouser, the contractors, find it difficult to find men to lay rails and finish the grading on Carolina avenue.

The East Liverpool Gun club will have another tournament on the Chester grounds Friday afternoon. There will be ten events.

The Protected Home circle initiated six candidates at its last meeting. The circle will rent a hall for holding regular meetings hereafter.

Hugh E. McGuire, father of Jacob McGuire, one of the bosses on the street railway work, is dead at Rochester, Pa., and will be buried today.

Between 125 to 235 loads of sewer pipe and fire brick are going out over the New Cumberland branch per day. The shipments are one-half heavier than last summer.

JUST IN TIME

Down in Health and Strength—Nervous, Irritable, Ache All Over, a Depressed Condition Rapidly Changed.

Mr. E. L. Updegraff, of No. 169 Fifth street, East Liverpool, O., says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store. I was at the time feeling rundown and nervous, not up to the mark in health, and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

CORDIAL WELCOME GIVEN TO SPEAKER

The Candidate For Congress Gets Pledges of Earnest Support.

FRIENDS IN EAST LIVERPOOL

As Well as His Home Town Recognize His Merits and Will Try to Secure Him the Nomination—Kindly Tribute From Youngstown.

Hon. Charles S. Speaker, of Lisbon, candidate for congress, spent yesterday in this city, and met a large number of prominent Republicans. He was received with enthusiastic welcome and pledged the warmest support from leaders and the rank and file of party workers.

Mr. Speaker is so well known in this city that there is no need for him to introduce himself or for his friends to point to his excellent record in and out of office. East Liverpool people will remember how earnestly Mr. Speaker espoused the cause of the street car men when he was prosecuting attorney, and brought the corporation with unlimited capital behind it to its knees and compelled it to observe the law. Mr. Speaker went after the street railway officials who were disregarding the law requiring closed vestibules to be placed on each car for the protection of the motormen from the blasts of winter. There was great excitement over the case at the time, and many predicted that the young lawyer would fight a losing battle. But with law and justice on his side, Mr. Speaker speedily won a victory that gained attention all over the state and hundreds of street railway employees have reason for thankfulness for his efforts in their behalf. The vestibule is on the winter car, and it is there to stay.

He told the railway officials that unless they forthwith complied with the law fines for each trip run without a vestibule and aggregating thousands of dollars would be assessed against them and collected and he meant it, too. They concluded it was best to comply. This is only an instance of Mr. Speaker's thoroughness. When he espouses any cause he goes to the bottom of it. He never leaves his work unfinished; no half way measures or temporizing satisfies him. No one can converse with him even for a few minutes without becoming convinced of his earnestness. It is his distinguishing trait.

Mr. Speaker has entered the brief campaign for the congressional nomination with the same spirit that he enters upon any work. He will make the most thorough canvass that the time will permit, and his friends are confident that he will make an impression that will cause him to enter the convention backed by Columbiana county's 103 votes and at the head of the list.

He is honored abroad as well as at home. The following kindly editorial is from a Youngstown paper, and although Mahoning is exceedingly desirous of carrying off the congressional nomination, the article shows that Mr. Speaker's merit and strength as a congressional candidate is felt and recognized far beyond the borders of his home county:

"If the nomination is to go outside of Mahoning, it is gratifying to see that it may go to so worthy a man as Mr. C. S. Speaker, of Lisbon. Mr. Speaker is about 47 years of age, in the prime of his strength and powers. He is a man of highest character and abilities of a very high order. As a public speaker he is in many respects the superior of any man this district has had in many years—not excepting McKinley. If elected Mr. Speaker would be a painstaking member and would exert himself to the utmost to learn the wants of every part of his district, and he would do his utmost in every way to serve his constituents."

The following testimonial from Lisbon shows what prominent friends and neighbors think of Mr. Speaker. It is from the Lisbon lodge of the Amalgamated association of Iron, Steel and Tin Plate workers:

Lisbon, O., July 7, 1902.

To Whom It May Concern:
We, the undersigned, have personally known Hon. C. S. Speaker for years, and he has at every opportunity proved himself the friend of the working man and organized labor both from an official and private standpoint, and when a laboring man supports him for congress he certainly will make no mistake.

Fraternally Yours,
HARRY A. JOHNSON, Ex-president
Mill Committee, ex-chairman.
W. S. PORTER, Recording Secretary.
ED EDWARDS, President.
RICH FROSSER, Treasurer.
F. F. WHITE, President elect.
H. R. MITCHELL, Financial Secretary.

The miners of Lisbon have passed

the following resolution:

Lisbon, O., July 7, 1902.
We the miners of local union No. 1435, United Mine Workers of America, cordially endorse Hon. C. S. Speaker as a candidate for congress in the Eighteenth district. Having known him to be a friend of organized labor and of the working man, both as an official and private citizen, we earnestly request all organized labor to support C. S. Speaker for congress.

JOHN STEPHENS,
CLEM HAYS,
JOHN FROSSER,
DAVID ELLIS,
Committee.

Lisbon Typographical union furnishes the following tribute to Mr. Speaker:

Whereas, Hon. Charles S. Speaker has announced himself a candidate for congress to represent the Eighteenth district; and
Whereas, Hon. Charles S. Speaker has on all occasions and in every manner possible proved himself a friend to the cause of organized labor; and
Whereas, We, the Typographical union No. 257, believe that his election would work for the advancement of the cause of union labor in the Eighteenth district and that he would continue to be an efficient and willing friend of the union laborer; therefore be it

Resolved, That we, the Typographical union No. 257, do heartily endorse the candidacy of Hon. Charles S. Speaker and do recommend him to all labor unions of whatsoever sort within the limits of the Eighteenth district as a proper candidate and as deserving of their unqualified endorsement and untailing support; and be it

Resolved, Further that copies of these resolutions be generally published and sent to all other typographical unions in the Eighteenth district.

JOHN LEE,
President.
J. J. BENNETT,
Corresponding Secretary.
Approved July 7, 1902.

REAL ESTATE DEALS

AS SHOWN BY TRANSFERS RECORDED AT LISBON.

Property in This City And Other Parts of the County Changes Hands.

Lisbon, July 9.—(Special).—Real estate transfers have been recorded as follows:

LAWMAKERS TO MEET

Gov. Nash Decides to Call Special Session of Ohio Legislature.

AUGUST 25, IS THE DATE

Purpose is to Enact a Municipal Code Bill For the Several Cities of the State—Leaders of Both Parties to Aid in Framing It.

Pat-in-Bay, O., July 9.—Governor Nash has decided to call the legislature together in special session, August 25, to enact a municipal code bill for the several cities of the state.

Prominent Democratic and Republican leaders were here to aid in the framing of a bill, that will embody the needs of the various cities.

The State bar association met here yesterday, but adjourned soon after convening, out of respect to the late Judge Williams, of Columbus.

UNCLAIMED LETTERS

List of Letters Awaiting Owners at the East Liverpool Postoffice.

Gentleman's list:—Edward N. Brown; C. L. Butler; Benton Coleman; Melvin Couch; G. G. Curtis; Mike Davis; A. J. Davis; R. L. Downard; Wm. Farmer; Jno. Jasoy; Gaetano Guard; Chas. Harsha; Charles Hamilton; Claud Hendricks; Charles Hudgeson; Wm. Larkins; P. C. Lowery; Hence Marshall; Alac. Mays; John McDevitt; J. N. McFarland; Cash McKinnon; Chas. J. McMillan; Richard Meadows; R. L. Miller; J. B. Morgan; Jno. Nicholson; Elsworth Parker; Palm Fichter & Co.; John Paszternak; John T. Powell; George Roberson; G. W. Ranyon; A. D. Stanley; Frank Sellers; Michael Taylor; Frank Woodburn.
Ladies list:—Bessie Beegle, (2); Mrs. Eliza Anna; Mrs. Jane Cowan; Mrs. Andrew Cunningham; Mrs. John Elden; Miss Ida V. Eneix; Miss Annie Garvin; Miss Rosie Hill; Miss Mary Hunsberger; Mrs. Erd. Jones; Mrs. Mary Karr; Mrs. Orosie; Mrs. William Ruter; Miss Linnie Swan; Mrs. Katie Seifrage; Janie Smith; Mrs. George Thomas; Mrs. Jen. Watters; Mrs. Annie Wilson.

SALINEVILLE

Salineville, July 9.—Mrs. F. E. Dean, in her haste last Sunday, coming from church during an electrical storm, fell and sprained her wrist. It will not prove serious, but is painful.

H. A. Thompson has arrived home from Greenville, Pa., where he had been visiting his daughter, Mrs. F. B. Sawvel. Mrs. Thompson was unable to return on account of a fracture of an arm, sustained in a runaway last Saturday in that city, while visiting the cemetery. A strap on the neck-yoke was the cause of the attempted runaway.

Edgar Hunter, a former citizen of this town, now of Byesville, accompanied by his wife and child, spent the Fourth with his parents, Mr. and Mrs. J. W. Hunter.

Rev. F. E. Dean, pastor of the U. P. church, and H. A. Thompson went to East Liverpool Tuesday morning to attend the meeting of the Steubenville presbytery for the instalment of Rev. D. W. McQuiston, pastor of the Second U. P. church, East End.

William Humphrey, of Canton, spent a few days in this town with his aged mother and her family.

Harry Robbins, of Sheridan avenue, East Liverpool, returned home Tuesday after a 10 days' visit among friends.

James Connor, a prominent merchant of Cadiz, arrived here last Saturday evening via Pittsburg, for a short visit to the home of his parents on Main street, and returned to Cadiz Monday.

A number of the children and grandchildren of Mr. and Mrs. R. G. Thompson were entertained at the parental home on Independence day by a sumptuous dinner and supper.

Samuel Smith, an ex-soldier of Inverness, has been granted a pension of \$6 per month.

W. A. Thompson made a business trip to Carrollton last Saturday evening.

The new terra cotta store room of Miss Dot Baker on Main street is nearing completion. The glass fronts were placed in position last Monday. Miss Baker has resigned her position in Kurtz & Haines' dry goods store and Miss Emma Edwards will fill the vacancy.

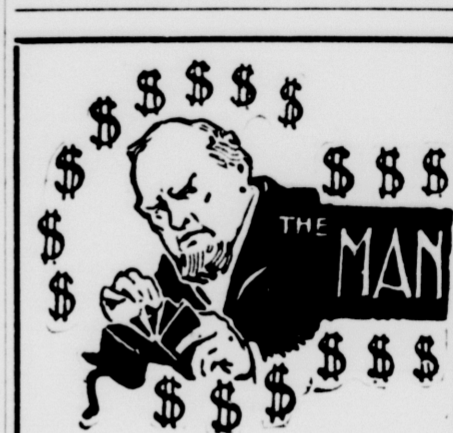

On the glorious Fourth the only excitement in this town was the ball game with the Pittsburg team, which resulted in the morning for Salineville and in the afternoon in favor of Pittsburg, and the ominous crack of the torpedo and firecrackers in the hands of the small boy from early morning till the silent hours of the night.

Summer Comfort.
You can easily be comfortable in the hot weather if you provide yourself with an electric fan. It's a slight expense, but a great benefit. It gives you COMFORT, ENJOYMENT, SATISFACTION.

If you can't go on a vacation you can bring the sea breeze to your home. Have it ready for a hot day.

FULL TREATY WANTED

State Department Will Press
For Complete Agreement
With Columbia.

THUS PREVENT REPUDIATION,

If Any Attempt Should be Made to

Break Terms Made—Won't Await

Adjustment of Title—Assurance of

Value From France.

Washington, July 9.—The state department has decided to press forward to completion the Colombian treaty looking to the acquisition of right of way for the isthmian canal. This is a slight change in the original program, which contemplated the complete adjustment of the question of title before concluding the treaty. Secretary Hay, who already has accomplished the best portion of the work to be done in treaty making, and has it before him in the shape of a protocol, submitted to the last session of congress, has taken steps to give this form of a treaty and have it signed formally by accredited representatives of the government of Colombia and of the United States, so that the convention may be laid before the senate as soon as it convenes in December.

By adopting this course the state department will remove, it is expected, any chance of having the agreement already reached with Colombia disturbed by anything that may occur as a result of political changes, for it is the purpose to hold that such agreements, once duly entered upon, are not subject to repudiation, even in the event of a change of government. The protocol referred to was so definitely drawn that not many changes are required in order to adapt the instrument for use as a treaty. The senate, however, did find one or two points of objections, and while these are not material, in the opinion of the department officials, in accordance with their usual practice they will seek to secure such modifications as will meet these objections.

No difficulty is expected to result in securing an abatement of the old provision in the canal franchise requiring the use of French material only in the construction of the canal and the state department already has received an assurance from the French government which it regards as meeting the objection that has been made on that score.

CRUEL VENEZUELAN.

Soldiers Shot Children and Were Not Punished.

(Correspondence.)

Carupano, July 8.—After the re-occupation of Carupano by the troops of Castro's government, they indulged in the most riotous excesses, robbing and pillaging and perpetrating acts of cruelty. In the presence of Dr. Hag-enah, of the German man-of-war Gazelle, and several other Germans who were at this port, an appalling act of savagery occurred. A little negro child of 10 or 11 years of age, almost naked, was playing near a group of Venezuelan officers, and asked one of them for a cent. Having been refused, he set himself to mimic them when an Argentine officer, furious with rage, drew his revolver and shot the child, and Dr. Hag-nah endeavored to stanch the wound, but in vain. The man was not punished.

A gentleman who arrived from Barcelona narrated a similar incident which he witnessed a few days ago. Some Argentine soldiers, in order to show their skill as marksmen, took aim at a crouching child and wounded him mortally. The soldiers were not punished.

TO RECEIVE PAUNCEFOTE'S BODY

Funeral Arrangements Made by British Navy.

London, July 9.—The admiralty has made final arrangements for the reception of Lord Pauncefote's body now on its way to this country on board the United States armored cruiser Brooklyn. The British armored cruiser Australia and the second class cruiser Apollo will meet the Brooklyn outside the Isle of Wight and escort her to Southampton, where the naval commander-in-chief, Admiral Sir Charles F. Hotham, awaits the American warship's arrival. A hundred marines, with a band, will form the funeral guard. British blue

Jackets will act as bearers from the ship to the train.

At the beginning of the removal of the remains from the Brooklyn the ships will fire 20 minute guns. The body will be taken to the family home, Preston court, Gloucestershire. The interment will be private. Simultaneously a memorial service will be held in London. Yesterday it had only been arranged for Captain Richardson Clover, the United States naval attaché here, to meet the body at Southampton on behalf of the United States.

RUSH TO TAKE PROFITS.

It Threw Some Discredit Upon the Character of the Stock Market, Tuesday.

New York, July 9.—Something very like a scramble to take profits at the end of the day yesterday served to throw some discredit upon the character of the day's movement in stocks, which had reached considerable proportions and with a semblance of much more substantial character than anything in the recent course of the market. Spots of strength were more numerous and the well established dividend paying stocks were foremost in the trading. The orders from single commission houses and the individual blocks taken of some of the high grade railroad stocks fairly warranted an inference of investment buying, supposed to be investment of resources made available by the July disbursements on the part of inside controlling interests in some of the properties.

United States Steel fell nearly a point in the late dealings on the postponement of the decision of the appeal of the suit against the stock conversion plan and on the beginning of a new suit. This and the sharp break in Colorado Fuel aggravated the reaction, and the closing was somewhat, but the market was irregular. Total sales, par value, \$3,635,600.

U. S. new 4s declined 1/4 on the last call.

AID FOR THE STRIKERS.

Mitchell Will Only Accept After Miners' Resources Are Exhausted.

Wilkesbarre, Pa., July 9.—A national defense fund, to which all organized labor and the public in general will be asked to contribute, is the latest proposition placed on foot to help the striking anthracite coal miners if they need assistance in their struggle for higher wages and shorter work day. Harry White, of New York, secretary of the National Garment Workers, and member of the conciliation committee of the Civic Federation, held a long conference with President Mitchell yesterday during which the plan was approved by the miners' chief, and Mr. White will at once begin preparations to carry out the plan. President Mitchell wants it understood, however, that the miners' union will accept no aid until their own resources are exhausted. Mr. White came here authorized by several labor organizations to place the proposition before President Mitchell. After the conference President Mitchell had nothing to say about the matter beyond the statement that he approved the plan.

A PREACHER SUSPENDED.

Thashed by Girl's Father For Planning to Elope With Her.

Lancaster, Pa., July 9.—Upon the conclusion of the trial of Rev. C. C. Burt, of the Quarryville M. E. church yesterday, Presiding Elder A. G. Eynett issued the following statement:

"The charges and specification against Rev. O. C. Burt have been unanimously sustained and he stands suspended from the exercises of all ministerial functions until the next annual session of the Philadelphia conference."

Rev. Burt, who has a family at Quarryville, had planned to elope with Miss Anna Shank, a member of his congregation. Upon the discovery of the intended elopement he was thrashed by the girl's father.

Third Victim of Italian Dies.

Reading, Pa., July 9.—Edward Hartman, aged 25 years, the third victim of the shooting here on the night of July 4, died yesterday. The Italian street musician, who shot the three men, is in jail. The men teased the Italian and he drew a revolver and fired into the crowd of bystanders.

Coronation to Occur in August.

London, July 9.—The news that the coronation of King Edward was to be held before the middle of August was published in America before it was known here. But the London Times and other papers this morning confirm the Associated Press announcement from the same excellent source that the pressing forward of the coronation was due to the personal insistence of the king.

WORK TO PROCEED

INJUNCTION AGAINST STREET RAILWAY DISSOLVED.

The Sebring Council Will Grant a Franchise And Construction Go On.

Some days ago a temporary injunction was granted to the Sebring Land company, of Sebring, restraining the Alliance Sebring electric railway from constructing its road into the village of Sebring, for the reason assigned that the said railway was about to build its line upon the southside of the Ft. Wayne railway and would not build the Ohio avenue line. Upon the affidavit so made the injunction was granted.

On Monday the case came up before Judge Gilmer, of Warren, the courts at Youngstown being out of session, for a hearing. Hon. R. W. Taylor, W. S. Anderson and H. C. Ewing appeared as attorneys for the plaintiffs and D. E. Rogers, of Alliance, for the defendants. The legal battle was fought outside of the court room, and their agreement was made the journal story by the court and will stand.

On the part of the defense it was claimed that they had no other intention than to build the two lines in Sebring, but that they had no franchise for either, and that the council had utterly refused to give them such a franchise, as had been promised them. That their deal for lands on the south side of the Ft. Wayne railway was absolute and without reserve, and hence they had a right to construct their line over such land as was conveyed to them by the Sebring Land company. Two members of the Sebring council and E. H. and E. A. Sebring, of the land company, were present. By the agreement the village council of Sebring are to grant to the electric railway a franchise the same as granted by the Alliance council to said railway. This has been all that Mr. Morley has contended for. On the one hand the Sebring Land company claim to have gained a point in this, that both lines must be built, and the electric railway line claims to have gained all points when the injunction was dissolved. Inasmuch as the latter was the only point at issue and was dissolved it looks like the victory was for Mr. Morley and Mr. Rogers.

\$4.00 Tan Welt Shoes selling for \$2. R. W. SAMPLE & CO.

VILLAGE CROWDING

Much Progress at Amsterdam, the Coal Town on the L. E. A. & W. Road.

The village of Amsterdam on the Lake Erie, Alliance & Wheeling railroad promises to become quite a business place. The Ohio & Pennsylvania Coal company has leased a big tract of coal land and is now putting out large quantities of coal. They will also erect about a dozen double dwelling houses for their employees.

Since July 4 all regular trains on the L. E. A. & W. run through to Amsterdam. This now opens a section of the country heretofore practically cut off from the outside world. The station agent has been kept very busy since assuming his duties.

The widest possible publicity should be given to the fact that summer diarrhoea in children and cholera infantum can always be cured by the judicious use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails. When reduced with cold water and sweetened it is pleasant to take, which is very important when a medicine must be given to small children. For sale by Alvin H. Bulger.

Sorosis Tan Shoes, worth \$3.50 for ladies. Selling while they last at \$1.48. R. W. SAMPLE & CO.

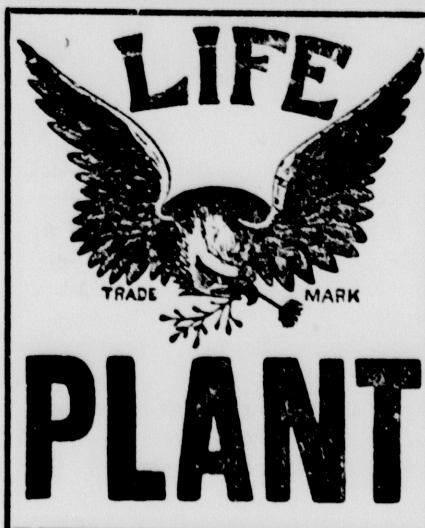

Government Investigated Strike.

Wilkesbarre, Pa., July 9.—The Associated Press is able to announce that the National Civic Federation which tried so hard to prevent the anthracite coal miners' strike, has not exhausted all its means in an effort to bring about peace in the anthracite coal fields. The investigation which was started soon after the miners laid down their picks is still in progress and it is understood that the federal government, through the department of labor, is assisting in this work. Government representatives investigated the situation.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint; dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

West And Northwest.

Round trip rates during the summer via the Union Pacific at one fare or less. Lowest rates made for years. Stop overs en route, long time limits. FOR SALE BY WILL REED, CHAS. CRAIG AND W. L. WILSON.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

A million suffering women have found relief in Wine of Cardui.

WINE of CARDUI

Office of the City Clerk, East Liverpool, Ohio.

Sealed proposals will be received at this office until 12 m., of

TUESDAY, JULY 15, 1902.

For the Grading and Paving of Church Alley from Market Street to Jackson Street, all work to be done in accordance with the plans and specifications now on file in the office of the City Engineer. The right is reserved to reject any and all bids.

By order of the City Council.

WILLIS DAVIDSON, Clerk.

Published in the Evening News Review June 30, July 1, 3, 7, 9, 11, 1902.

Notice to Sewer Contractors.

Sealed proposals will be received at the office of the Board of Sewer Commissioners, East Liverpool, Ohio, until 12 o'clock, noon, of

TUESDAY, JULY 15, 1902.

For constructing a six (6) inch sewer on Ravine street from the main sewer on Bradshaw avenue to connect with the sewer at the intersection of Ravine street and Thompson avenue; also a six (6) inch sewer on Thompson avenue from lot No. 4397 to Watson avenue; with necessary laterals, manholes and flush tanks.

Plans and specifications may be seen at the office of the city engineer, city hall, East Liverpool, Ohio.

Proposals must be made on the blank forms provided and each bid must be accompanied by a certified check for the sum of Fifty (\$50) dollars, drawn to the order of the city clerk of the said city as a guarantee that if the proposals are accepted a contract will be entered into within one week from the awarding of the said contract. The Board of Sewer Commissioners reserve the right to reject any and all bids.

F. H. CROXALL, Secretary Board of Sewer Commissioners.

East Liverpool, O., June 30, 1902. Published in the Evening News Review July 1, 3, 5, 7, 9, 11, 1902.

Fine Job Work

The News Review Job Rooms

Are the largest and best equipped in Eastern Ohio, and we are consequently prepared to turn out large quantities of work on short notice.

On or Before the 4th of July

DECLARE YOUR INDEPENDENCE OF RENT PAYING BY BUYING ONE OF THESE.

\$1675 Dwelling of four rooms, two down and two up. Water and gas. Front porch. House more substantially built than ordinary. Lot lies level and fronts 30 feet. Situated on Minerva street nearly one square east of Avondale street.

\$1000 Dwelling of five rooms, in good order and condition. Situated one-half square from street car line near Jethro bridge on Shady side avenue. Lot fronts 30 feet and is 100 feet deep.

\$2600 Dwelling of eight rooms and bath room. Hall up stairs and down. Large windows. Each room large and commodious. House well built and well arranged. Roof slated with best Pennsylvania slate. Large front porch. Nice frame slate roof barn, weather-boarded and as well finished exteriorly as the dwelling. Lot is 60 feet wide and 130 feet deep. The lawn is well supplied with shade trees and is green and grassy. Situated at the front of the house a fine view of the Ohio is obtained. It is a handsome and lovely place; situated in the West End park, of which its grounds form a part. Let us give you further information concerning it.

\$1450 Dwelling of six rooms; two stories; water, gas and bath room and good cellar. Commodious front porch and a convenient rear porch. Lot fronts 30 feet and lies level. Situated on Laura avenue within one half square of Bank street, (paved.)

\$1650 Two story dwelling of four rooms. This house has been erected within a year. Water and gas. The neighborhood is good. The house faces to the south which is always an advantage. Lot is 30x100. It is situated on Jennings avenue within one minute walk of street cars.

\$1850 Five room two story dwelling with slate roof. Cellar, front porch. Rooms conveniently arranged. Lot is 30 feet wide and fronts on Calcutta street and Avondale. The North Side cars pass this property.

\$1375 House of five rooms three down and two up; slate roof, newly painted and papered and in very nice condition. Porch on front and back. Situated between Second and Third streets, one-half square west of city hall on Hague alley. Sinks and closet connected with sanitary sewer. Gas throughout. Good residence district. Centrally located.

\$2500 Six room two story "L" shaped dwelling with front and side porches, good cellar; formerly used as a basement. Lot is 30 feet wide and runs through from Thompson avenue to Ravine street. High class residences in the neighborhood.

Inquire for Price. A seven room modern dwelling with bay window, halls, bath room, hot and cold water, sewer connections, gas throughout, electric light, furnace. Lot lies perfectly level and front 30 feet on grassy lawn to the front. This property is on the west end of Sixth street and one of the few down town residences for sale.

High Class Residences We have them in all parts of the city. They are generally occupied by their owners. For reasons that are obvious to all owners of fine properties they do not want general publicity made of the fact that their "home" property is for sale. These properties we are ever ready to tell you of on condition that you evince enough interest to make inquiry of us. You'll never get prices or particulars in our advertising columns of them. Don't think that we cannot suit you. Try us. Further, we'll save you money.

300 Dwellings For Sale. Have you ever seen our mammoth For Sale List? If not call and get one, or send us your address and we will mail you a copy. When you come to us you have a selection of properties to choose from representing three-fourths of all the properties on sale in the city. We make it profitable to do business through us. Give us 20 minutes of your time; if we don't interest you, we'll say no more about it. We make terms of purchase to suit you.

WE MAKE TERMS OF PURCHASE TO SUIT YOU.
HILL, REAL ESTATE DEALER,
Cor. 6th and Washington Street, 2nd Floor.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Burned Her Hand—While carrying a pan of hot starch from the kitchen to the laundry, Miss Nellie Wilson, of Avondale street, had one of her hands badly burned this morning.

Tombstones' Victory—The Tombstones defeated the Never Sweats with great ease at Oak Grove camp grounds last evening. The score stood 18 to 3, and the former state that they could just as easily have made it 49.

Bad Boys Complained Of—Complaint is made that West End youngsters are becoming rather sacrilegious, by playing cards in the rear of the West End chapel and pursuing other similar practices. Officer Aufderheide was watching for the urchins last night to land some of them.

Still Working at the Wreck—It will take two days yet to clean up the wreckage between Washington and Market streets, the scene of the late wreck. The broken cars are loaded on flat cars and taken to Wellsville. The Wellsville work train has a large force engaged in the work.

Her Eye Endangered—Mr. and Mrs. W. E. Warner have gone to Pittsburgh to consult a specialist in regard to the

injuries received by their little daughter Pauline on the Fourth of July. A firecracker exploded in the child's face, severely burning one eye, and it was necessary to consult a specialist in order to save it.

Picnic at Thompson Park—The annual Sunday school and congregation picnic of St. Stephen's Episcopal church is being held this afternoon and evening at Thompson park. The children met at the parish house at 9:30 this morning and marched to the church, where the day was begun by devotional services, which lasted about 15 minutes. The children then proceeded to the Diamond, where they took special cars for the park. It is estimated that about 200 children attended the picnic, and together with their elders enjoyed all sorts of games. This is the first public picnic ever given at Thompson park.

HATS AND TROUSERS

On a Team of Draft Horses Attracted Much Attention.

An East Liverpool teamster arrayed his team of draft horses with overalls this morning and attracted a great deal of attention by adopting this method of keeping off the flies from the animals' legs. They appeared quite respectable in straw hats and trousers, and will probably feed at a first class horse restaurant.

Men's \$4.00 dark or light Tan Shoes at \$2.00 a pair; guaranteed exactly as represented.

LOCALS SHUT OUT

JOHNSTOWN DEFEATED EAST LIVERPOOL BALL TEAM.

Score stood 3 to 0 at the Close of a Most Interesting Game.

East Liverpool was unable to get in any effective work with the stick in the game at Johnstown yesterday, and in consequence suffered the first shut-out of the season. The boys from the flooded town only secured five hits, and that they won the game is credited to several timely bunts. Both pitchers had excellent control, and the game throughout was watched with unabated interest. Winters carried away the batting honors, making two hits, while Berry and Ferrell came in close seconds. The score:

JOHNSTOWN.	R.	H.	P.	A.	E.
Hill, rf.....	0	0	0	0	0
Dowling, lb.....	1	1	12	0	6
Miles, 2b.....	0	1	2	2	0

Score by innings:

E. Liverpool.....0 0 0 0 0 0 0 0 0 0
Johnstown.....0 2 1 0 0 0 0 0 *

Two base hits—Gainer.
Sacrifice hits—Grove, Berry.
Stolen bases—Dowling, Grove, Heckathorn, 2.

Double plays—Heckathorn, Maag, Davis.

Bases on balls—Miles, Grove, Williams, 2; Berry, Davis.

Hit by pitched ball—Dowling, Goff, Maag, 2.

Struck out—Hardy, Reark, Webb, Patterson.

Wild pitch—Winters.

Time—1:17.

Umpire—Carroll.

John Godwin left this morning for Johnstown, Pa., to join the East Liverpool team. He will play at second base for them in this evening's game. Webb will be placed in his old position and Patterson will pitch the game.

Y. M. C. A. ATHLETIC PARK

Work on the Grounds Nearly Completed at a Cost of \$4,000.

Hunter & Funkhouser, of Rochester, Pa., are completing the new athletic grounds near the gun club grounds at Chester for the Y. M. C. A., of East Liverpool. They have removed and graded between 4,000 and 5,000 yards of earth and have made a perfectly level field and fine ball park.

The field will also be used for other athletic sports, and baths and other paraphernalia added. Officers of the Y. M. C. A. have been overseeing the work. The grounds when fully completed will cost in the neighborhood of \$1,000.

GAS CONSTRUCTION

Inspected By Directors Who Are Encouraged at the Outlook.

A number of the directors of the Gas Apparatus Construction company visited the plant last night. They inspected the plant and adjourned to East Liverpool, where they held a business meeting. The apparatus is still being dried out and when this is complete will begin operations. The working will then be thoroughly demonstrated.

The party was well pleased with the work thus far accomplished, and hopeful that the plant will be a great success. Prof. Rayman, who is well posted in chemistry, is especially so.

Got a Fine of \$6.00.

Charles McLane, one of the young men arrested on the evening of July 6 by Officer Fisher in the East End for being drunk and disorderly appeared before the mayor this morning and pleaded guilty to the charge. He was assessed \$6.00.

STRONG TEAM SECURED

To Play Against East Liverpool July 17, 18 And 19—Pittsburg Junction coming.

Corresponding Secretary Travis received word this morning that the Wellsburg ball team had disbanded. The local team having three games scheduled with it to be played on the 17th, 18th and 19th. Mr. Travis has made arrangements to have the Pittsburg Junctions here on those dates.

This team is said to be the strongest in the vicinity of Pittsburg, and they will undoubtedly put up a good game. They have defeated Homestead, Johnstown and numerous other teams this season.

A SERIOUS FALL

A Lady Who Tumbled From Merry-go-Round Rendered Unconscious.

A lady who accompanied the U. P. excursion from Allegheny yesterday, fell from the merry-go-round at the park at noon, striking her head on the floor and falling unconscious. She remained in that state from 12 o'clock until 5 in the evening. Dr. Lewis, of Chester, was called and finally brought her back to consciousness, and she was able to take the train which left at 6:30 last evening home. She was in a very delicate condition also.

VOTES IN PIANO CONTEST

The following number of votes were cast up to last Saturday evening in the contest for the Thompson piano, which will be awarded October 1 to the society or order receiving the largest number of votes. The votes are counted each week by Mayor Davidson or Chief Thompson:

Local No. 4, 53; Peacocks, 2; Woodmen of the World, 5; Maccabees, 5; Hod Carriers' union, 2; Firemen, 1232; Royal Arcanum, 232; N. B. of O. P., 59; Knights of Columbus, 882; Masons, 38; I. O. O. F., 43; K. of P., 80; Local No. 53, 1; Local No. 62, 16; Home Guards of America, 8; Y. P. T. S., 5; Jr. O. U. A. M., 11; Knights of the Golden Eagle, 7; Protected Home Circle, 12; B. P. O. E., 62; Local No. 12, 1; Ben Hur, 4; Butchers' association, 2; carpenters, 12; Kilndrawers, 1; Red Men, 7; Sons of St. George, 56; C. M. B. A., 5; Daughters of Liberty, 15; Y. M. C. A., 11; Turners, 29; Daughters of St. George, 6.

RIVER ITEMS.

The river is stationary.

The Ben Hur came up today with a big list of passengers and freight.

The Queen City came down today with the biggest trip of the season. She had 135 passengers registered from Pittsburg alone, besides quite a list from this city.

The government boat E. A. Woodruff passed up this morning for Pittsburg.

Coal tows are again going south.

Persons Leaving the City

Change of address may be made as often as desired. When a change is ordered the old as well as the new address should be given. 161-rt

Real Estate Business Good.

The Hill real estate agency reports the sale of the Henry Headley property in Jethro, to Samuel Stansbery, also the sale of the Clarence Eaton property on Peach alley to Elizabeth Skellam. The outlook for real estate transfers is bright. There are a number of important deals pending.

Wife Had Him Jailed.

Lisbon, July 9.—(Special)—Amos J. Kurtz, of Columbiana, has been placed in the county jail in default of \$500 bond. He was placed under bond to keep the peace on complaint of his wife, who claims that she was in danger of personal danger.

Queen Quality Tan Shoes for ladies at 68 cents; worth \$3.00.

R. W. SAMPLE & CO.

SAME OLD PROBLEMS

(Continued from First Page.)

few who have been delinquent, and the resolution was passed for their benefit.

Street Commissioner Dickey's salary was at last raised from \$50 per month to \$75. Much argument as usual prevailed when the question came up, and it looked for a while like the salary would remain unchanged, but when it was learned that Mr. Dickey had not yet been qualified, and that raising the salary would be perfectly legal under the circumstances, the increase was granted unanimously. However, it does not hold good for the preceding month, only being good for the present month and to the end of his term.

The city clerk was ordered to collect all of the assessments due from the property owners on Calcutta street, the collection to be 25 per cent of the valuation made in 1899. He was also ordered to certify the names of those who do not pay in full by September 1 to the county auditor. On this street the assessment amounts to over \$10,000.

A resolution declaring it necessary to improve Sugar alley from Robinson street to Kossuth street by paving was passed upon a motion by Mr. Bullock.

The rules were suspended, and the following ordinances were placed on their third and final reading: Ordinance to improve Summit lane from the east line of lot No. 397 to Jackson street; ordinance to improve College street from south curb line of Robinson street to the south curb line of Forest street; ordinance to improve Baldwin alley and Drury lane.

Upon motion of Mr. Bullock the clerk was instructed to advertise for bids for all this work.

The engineer was instructed to draw an ordinance for the improvement of Sugar alley from Robinson street to Kossuth street. A petition signed by all the property owners except one along Green lane, from Basil avenue to Tip Top alley, asking that they be allowed to pave the lane, was accepted and the engineer was ordered to superintend the work.

To the light committee was referred the petition asking that a small light be placed at the intersection of Persimmon alley and Church alley.

Mr. McConnell stated that several of the residents of Pleasant street desired to improve their property by the erection of a stone wall at Middle alley. The engineer was instructed to furnish the grade on the alley.

Because the Bell Telephone company has an extra pole at the corner of Forest street and Thompson avenue, the company will be notified to have it removed. Mr. Johnston said that it obstructed travel.

Mr. Barlow made things warm when he began to orate on the condition of Grant street. He said that the street was at least two feet higher than the curb and that he positively wanted it repaved. The blame for this condition was at first thrown on the contractor who improved the street, but the engineer stated that he had done the work in accordance with the plans, and then the blame shifted to the property owners, it being alleged that they dumped dirt there. After a long discussion the street commissioner was ordered to make the necessary repairs.

Owing to the possibility of litigation being the result of giving Abner Martin credit for removing 50 yards of dirt from the street in front of his residence, Mr. Bullock moved the motion to pay it be rescinded. The motion was carried.

The following bills that were left over by the claims committee, were ordered paid: M. Brozka, \$10.65; J. W. Albright, \$2.50; Milligan Hardware, \$17.71; Patterson Foundry company, \$63.21; Arbuthnot & Bro., \$14.90; Robt. Hall, \$2.10; Frank Dickey, \$23.33; Pottery Co-Operative company, \$5.08.

The regular monthly payroll was passed and notes amounting to \$37,719.93 were ordered renewed.

100 per cent pure wool in Clothcraft clothes; best clothing made.
